$250 LAND FOR $25 PER ACRE.
This heading is probably nearer correct than the apathetic can realize. Thousands of acres of choice fruit lands have sold in Oregon for $250 to $300 per acre; when the state is thickly settled and land scarcer it will sell for $500 to $600 per acre, and the time is near at hand. The annual profit will justify such prices. There is no land in the state more superior for walnuts and apples than the picked lands of Yamhill county. We have several thousand acres of the choicest of the choice at $25 per acre, and terms. From one third to one half ready to plant, balance easy cleared, not steep, rolling and bench. There never was a safer and more sure chance to make a fortune.
