## SEXTETTE OF AGRIC STARS IN GAME AGAINST OREGON TOMORROW

Reading from left to right—Evensden, guard, Monmouth, Or.; Wallace, guard, eastern Oregon; Brodie, end, Portland; Hastings, half, ex-captain of Portland High; Enberg, end, ex-captain of Baker City High; Keck, full, Seaside, Or.

### GREAT PARADE IS DUE BEFORE GAME

#### Both College Teams in Town Ready for Tomorrow's Great Contest.

"Occasional rains and southerly winds" is the weather man's prediction for tomorrow, and thousands of football followers throughout the state are hoping that the weather man will sleep at the tap from 2:30 until somewhere around 4 o'clock in the afternoon.

Portland will witness the greatest football game ever played in the metropolis. For spirit and enthusiasm any other pales into insignificance with it. There will be two distinct rotters' parades tomorrow afternoon preceding the contest on Multnomah field, which begins promptly at 2:30 o'clock.

The varsity column will be led by a combination band from Eugene composed of students and town players. The green and yellow will be flashed everywhere along the principal streets.

The agricultural college rotters will have their parade during the noon hour. The four sections of the excursion train are due to arrive around 11 o'clock. The parade will form at the Union depot and march up Third to Morrison street, thence up Morrison for several blocks before striking into Washington.

The college procession will be more pretentious than the varsity owing to the presence of the cadet regiment and band. In the grandstand elaborate sections have been assigned for the rival rotters and one will try to drown the

other out, making a battle almost as interesting as that on the sawdust field. The varsity football players reached town last night under Coach Forbes and Trainer Hayward and are housed at the Portland. After receiving visits from a number of old players and former students, the players were sent to bed at 10:30. Most of them were up early this morning for a short walk before breakfast. They practiced on Multnomah field between 1 and 2 o'clock and Coach Forbes pronounced them in excellent condition and prepared to give Corvallis the battle of her life.

While Forbes is not confident over the result he believes his men will make a great showing tomorrow. The Aggies seem to have the advantage on scores, but Forbes is relying on the spirit of his eleven to triumph over the enemy or at least to prevent them from scoring.

The lineup and weights:  
Oregon: O. A. C. Michael (184)...L.E.R...Dobbin (184) Pinkham (171)...L.T.R...Jamison (216) Melnyre (185)...L.G.R...Wallace (170) Mann (172)...C...Kelly (188) Gillis (187)...R.G.L...Evensden (178) Moulton (178)...R.T.L...Pendergrass (170) Klitz (170)...R.E.L...Cody (189) Satourette (183)...Q.B...Wolfe (195) Burd (170)...L.H.R...Wolfe (195) Math (172)...R.H.L...Cooper (165) Clarke (182)...F.B...Keck (175)

### ALL CORVALLIS COMES FOR TOMORROW'S GAME

(Special Dispatch to The Journal.) Oregon Agricultural College, Corvallis, Nov. 20.—The Oregon Agricultural college football team left for Portland today on the noon train to meet the University of Oregon on Multnomah field Saturday. The boys were given a rousing send-off by students and townsmen, who will follow the eleven to the metropolis on the excursion train tomorrow.

The Corvallis Commercial club has joined hands with the college and will make the affair an inter-city matter as well as an intercollegiate turnout. The club has secured several tally-hos to use in the Saturday rotters' parade, and are assisting in boosting the game in various ways.

The excursion train that rushes from Corvallis to Portland will educate the country side to the importance of the great annual contest. On either side

### BEAVERS ARRIVE IN PORTLAND AT NOON

(Special Dispatch to The Journal.) Oregon Agricultural College, Nov. 20.—Accompanied by Coach Norcross, Athletic Director Angell and others, the O. A. C. football team left for Portland at 6:30 this morning. The men are all in good condition, and should be able to play the best ball they have yet put up this season. The lineup is likely to be: Center, Kelly; guard, Hastings, Evanson, Francis, Parker; tackles, Jamison, Pendergrass, Francis, Parker; ends, Brodie, Cady, Doffin and Enberg; halfbacks, Captain Wolfe, Cooper, Hastings and Enberg; quarter, Gagnon and Cady; fullback, Keck and Enberg.

Throughout the past week the work has been light. But little scrimmage work has been required. Practice for several days has been held, during which it is understood that new plays have been perfected.

It is known that the men expect a very hard, but an entirely clean and sportsmanlike game. The university men are expected to play harder against O. A. C. than against other teams, and the compliment will be returned in kind. The question of which will win is not so much considered, but the best ball possible will be put up by the local team. It is recognized that in the new game there is never a certainty from paper scores and records as to anything about where the real strength lies. It is realized that the game is considered from an athletic standpoint, the most notable contest that has ever taken place in Oregon, especially among the colleges.

### RESULTS AT OAKLAND.

(Special Dispatch to The Journal.) Oakland, Cal., Nov. 20.—Results yesterday:

First race, five furlongs, purse—Salvoke, 119 (Powers), won; Fredonia, 119 (Sweet), second; Egent, 119 (Buxton), third. Time, 1:41 3-5.

Fifth race, five furlongs, purse—Flying Pearl, 100 (Louders), won; Nollie, 105 (Butwell), second; Sister Ollie, 110 (Lindsay), third. Time, 1:02 3-5.  
Sixth race, six furlongs, purse—Gibson, 103 (Molesworth), won; Associate, 109 (Butwell), second; E. J. Swanner, 103 (Young), third. Time, 1:17.

### GRAMMAR PENNANT GOES TO HOLLADAY

The grammar school pennant this season goes to the crack Holladay team, which yesterday defeated Sunnyside school, 29 to 0, and which has gone through the season without a defeat. It is doubtful there has ever been a team in the Grammar School league

which has been so excellently coached as that of Holladay. The team has come under the personal supervision and instruction of Professor Hopkin Jenkins, who learned the game at Yale.

The game between the two speedy elevens was played in the rain, the slippery field interfering to a great extent in the playing of both teams. Sunnyside was less accurate in passing and catching than the Holladay youngsters and this gave Holladay the unusually large score. One of Sunnyside's fumbles during the game was recovered by Holladay and put in for a touchdown in the first half and three in the second half, kicking four of the five goals, a noteworthy feat in view of the treacherous condition of the ball. The lineup: Holladay. Position. Sunnyside. W. Hastings...L.E...Hilliard Zimmerman...L.T...Williamson McMurray...L.G...Walker Hockinson...C...Hunter C. Hastings...R.C...Crumley Jackson...R.T...Nowlin Williams...R.E...Newton McAllen...Q...A. Shipley Bonneau...L.H...Ritenour Olsen...R.H...Shipley Campon...F...Stephens

See Miller's advertisement, page 3.

### BLOOD POISON

The origin of "specific" blood poison is not known. Numerous writers have attempted to prove its identity with various countries and have tried to fix its appearance upon the stage of history all the way from 2000 years before Christ up to the time of Columbus without results. It was, however, unknown in Europe until about the year 1495, when it broke out in the City of Naples with great virulence. But the story of its origin matters little, for it is now universally prevalent. The hydra-headed monster is encountered in palaces, mansions of the wealthy, in the home of the merchant, the mechanic and the hovel of the slave. It respects not high or low, old, young, guilty nor innocent or it may be either

### CONTRACTED or HEREDITARY

After the system is once tainted with the disease it may show in the form of scrofula, eczema, rheumatic pains, stiff or swollen joints, eruptions or copper-colored spots on the face or body, little ulcers on the mouth or on the tongue, sore throat, swollen tonsils, falling out of the hair or eyebrows, or a leprosy-like decay of the flesh and bones. It is a variable disease and rarely affects two cases alike, even though they both be infected from identically the same source at the same time. I have spent many years in careful study of this dreadful malady and there is nothing on which I can talk with a more positive knowledge than you have any of the above symptoms, or reason to believe that you are in any way affected along this line come to my office and

#### Let Us Talk It Over

I will give you a free, searching examination and tell you the facts without placing you under the slightest obligation to take treatment unless you so desire. If you are a young man, remember that a young man's neglect is an old man's regret. If you are an old man, get the "today habit"—it is better than ten tomorrows.

A note in the grunner's eye is as bad as a spike in the gun. The cankerworm of delay causes half your troubles in this life. Our entire time and practice are devoted to the cure of BLOOD POISON, VARICOCELE, STRICTURE, LOST VITALITY, HYDROCELE, PILES, FISTULA, DISEASES OF THE KIDNEY, BLADDER, PROSTATE GLAND, CONTRACTED DISORDERS, WEAKNESS AND ALL DISEASES COMMON TO MEN. Our fee in uncomplicated cases is

### \$10.00 PAY WHEN CURED

If you have made mistakes in the past correct the mistakes. Consultation and advice free. If you cannot call at office, write for self-examination blank—many cases cured at home. Medicine \$1.50 to \$8.50 per course.

Hours—9 A. M. to 5 P. M. Sundays, 10 A. M. to 12. ST. LOUIS MEDICAL AND DISPENSARY SURGICAL CORNER SECOND AND YAMHULL, PORTLAND, OREGON.

### Stephens Wants Game.

The Stephens Addition football team, a newly organized aggregation weighing about 185 pounds, wishes a game for next Sunday, November 22. Phone Manager E. Sinnott, East 581, after 7 P. M.

### Force of Habit.

From the Atchison Globe. An Atchison man married a school teacher and he says that for three years whenever the school bells would ring she would act up like the horses at the fire department when the fire whistle blows.

## THE RED FRONT

Two Stores Cor. First and Taylor Sts. Cor. 3rd & Burnside Sts.

## MEN TIME, SUFFERING AND MONEY SAVED

### My Fee in All Uncomplicated Cases Consult Me First

DR. TAYLOR, The Leading Specialist.

Even though your case may be one that some other doctor is able to cure, and though his cure be absolutely thorough and permanent, there is yet good cause for your coming to me for treatment. The services I render is entirely unlike and better than the ordinary. I have devised new and scientific methods of treating men's diseases in all their phases. I cure cases that others cannot cure, and cases that others can cure I cure in less time and without pain or possibility of injury. All my forms of treatment have been perfected along the lines of nature's requirements and are in exact harmony with the natural recuperative forces. Therefore, my cures are painless, prompt and thorough.

### Contracted Disorders

The serious results that may follow neglect of contracted diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific Coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising, and my treatment is equally effective in both recent and chronic cases.

### I Treat Men Only

The vast multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that the patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To make matters alone I have earnestly and exclusively devoted 26 years of my life, and on them all my faculties are concentrated.

### Varicocele

There is no necessity for surgical operations in the treatment of Varicocele. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it even necessary to detain the patient from his business.

### Stricture

In the treatment of stricture I have again triumphed over surgery. I employ an original method by which the obstructing tissue is completely dissolved, and all inflammation and irritation throughout the system involved is completely removed. No pain, no cutting, no dilating, and a sure cure in every instance.

### Examination Free

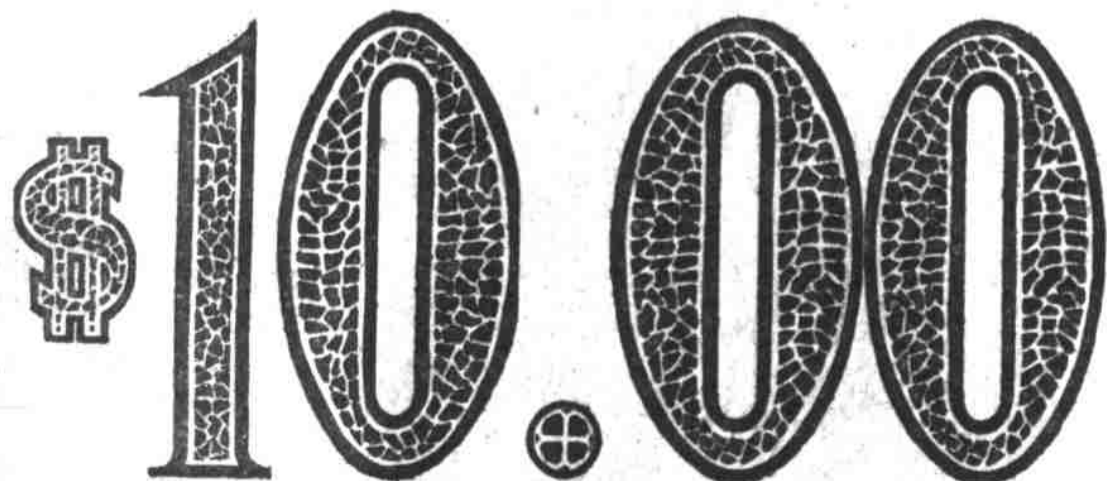

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write. Hours, 9 a. m. to 9 p. m.; Sundays, 10 to 1.
