Although he lived within the city limits near Portsmouth, the home of R. Rathburn was completely destroyed by fire last night because of no fire protection. Mr. Rathburn and his family were not at home when their house took

fire and when they returned last night they found nothing but a smoldering heap of coals. Nothing had been saved and there was no insurance. The origin of the fire is unknown, but it is thought that it was caused by a gas stove which had become overheated and had set fire to the house. The damage was about \$1,500.

WHERE THE MONEY WENT

A NOVEL IDEA IN REAL ESTATE ADVERTISING.

Real Estate Firm Illustrates and Describes How Underground Improvements Were Constructed.

Something entirely new in real estate advertising has just been issued by Rountree & Diamond, 241 Stark street, in the form of a folder, which is not only a model of the printer's art, but contains the most readable manner a thorough description of Prospect Park, "The Cream of Irvington."

Emphasized "Prospect Park in the Making," this booklet treats of the location and elevation, proximity to the retail center, its accessibility by carline and otherwise in an unusually snappy style and then goes into a most complete description of the street improvements that have been installed, showing wash drawings and engineer's diagrams of numerous details of their construction.

To the average person the statement of an expenditure of \$250,000 in public improvements in a residence district seems but a trifle. The major portion of this amount is spent in work that is hidden beneath the ground.

It is to clearly show the reader what a tremendous undertaking is necessary to involve this expenditure of money—how a scheme of improvements can be carried out on a scientific basis so that there will not be a dollar spent that does not represent a hundred cents in real actual work and materials.

In this novel folder a large engineer's drawing shows a cross-section of a street, describing the character and thickness of each layer of the asphalt pavement, the dimensions and construction of the sidewalks, parking, curbs, also the exact location of gas, water and sewer pipes with service inlets that extend inside the curb.

This folder is thoroughly impressed with the idea that the improvements that have been installed in Prospect Park are far ahead of those found in settled residence portions of the city.

Within lines that offer exceptionally fine service, located in the highest part of Irvington, with restrictions and improvements already in the Prospect Park may justly be called "The Cream of Irvington."

See Miller's advertisement, page 3.

AT THE THEATRES

Seast Selling for "Tax Figman." Seats are now selling at the boxoffice of the Helig theatre for the favorite comedy "The Man on the Box" with Sydney Ayres in the role of the young society man posing as a coachman in order to be near the girl he loves. This is the play in which Max Figman starred two seasons.

"The Man on the Box." Baker stock company is packing the Bungalow this week with the favorite comedy "The Man on the Box" with Sydney Ayres in the role of the young society man posing as a coachman in order to be near the girl he loves. This is the play in which Max Figman starred two seasons.

"Little Johnny Jones" Popular. "Little Johnny Jones," which is drawing crowds to the Baker this week is George M. Cohan's most popular play. The plot, music and scenery are superb. The cast is made up of the best American writer has created. Only three more times tonight, tomorrow matinee and night.

The Ten Country Kids Are Coming. Next week the Ten Country Kids will present their crisp musical comedy, "Irene the Village Queen," at the Bungalow Theatre. This is a musical comedy which has won

for them the reputation of having one of the best acts now playing the western vaudeville circuits.

"Strongheart" Next Week. No play could be more appropriate for Baker stock company's Thanksgiving week attraction than "Strongheart." Strongheart is a highly educated Indian, but the race prejudice overweighs every other feeling when he wins the love of an American girl.

Miss Glose Scoring at Orpheum. Miss Augusta Glose, the pretty and talented young lady in spoken songs and interpretation of types to her own accompaniment on the piano, is scoring a decided hit at the Orpheum this week, and justly so, for her work is refreshingly rendered in her own peculiar and inimitable style.

The Two American Beauties. The Austin Bros. as the "Two American Beauties," are creating barrels of fun at the Pantages theatre this week. In fact, they keep their audience convulsed with laughter from the time they make their appearance until they make their exit. Every act on this week's program is making a hit.

"Too Proud to Beg" at the Star. The attraction at the Star this week is Lincoln J. Carter's melodrama, "Too Proud to Beg." The story is said to be well told, consistent, interesting and exciting and contains that refined quality of deep heart interest that is lately getting to be a rarity in melodrama.

Edmund Carroll Coming. Edmund Carroll will appear at the Star theatre, week of Sunday matinee, November 22, in Mr. Walker Whiteside's satirical comedy, "We Are King." Mr. Carroll possesses a beautiful voice and admirable stage presence, which combined with unlimited ability, fits him for the part of Gustavus Venger, the dual role created by Mr. Whiteside.

Show for Children. At the Grand the marionettes of Madam Kessely are especially interesting for children and the little ones should have a chance to see them while there is yet time. This is one of the greatest marionette acts ever imported from Paris. On the bill there are many other features, which include the Romanoffs, knife throwers.

Educational Headliner. Carl Herman, who heads the new bill at the Grand, opening next Monday, is a wizard with electricity and no amount of it appears to injure or even shock him. Herman's act is unusual and has never been duplicated. The act is educational as well as entertaining and he performs some modern miracles.

Free Rheumatism Cure

A Home Cure Will Be Given FREE by One Who Had It

In the spring of 1888 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed-ridden with Rheumatism, and it effected a cure in every case.

I will send a free trial of this precious remedy by mail, postpaid to any sufferer who writes for it. Just fill out the coupon below and mail it to me today. Mark H. Jackson, No. 424 James Street, Syracuse, N. Y.
