HUNGARY WOULD ABSORB AUSTRIA

Maygars Frame Startling Program Against Demise of Franz Josef.

(United Press Special Wire.)
Vienna, via Frontier, Nov. 23.—Taking advantage of the Balkan entanglement and the violent racial struggles which threaten Austria with actual civil war, Hungary is openly preparing to attempt to swallow the dominant country.
As a seat of government it is admitted even here that Budapest has already become more important than Vienna. The Hungarian leaders propose to make Austria's formal acknowledgement of the transfer the price of their support in the Balkan struggle.
They intend that the successor to Franz Josef's throne should be a matter of no more than months, shall be king of Hungary and emperor of Austria. King Edward is king of England and emperor of India, not emperor-king of Austria-Hungary, as at present.
If Francis Ferdinand, the present monarch's heir, cares to accept the throne on these terms, the Hungarians will crown him; otherwise, it is no secret that they mean to have someone else.
"Willing" as he is to increase Hungary's strength, Franz Josef is hardly trying to hide the fact that he wants war in the Balkans because it is practically the only means of diverting his people from a civil struggle at home. The Czechs and Germans, in particular, are settling constantly the conflict in Bohemia is practically warfare now. Scores have been killed in the past few weeks and hundreds have been wounded.

RAH! FOR COVE; SHE HAS WINNING ELEVEN

(Special Dispatch to The Journal)
Cove, Or., Nov. 23.—Cove high school football team is one of the best in eastern Oregon and has made a record this season, rolling up 64 points with 12 against them in four games. Thanksgiving day this team will play a return game with the La Grande high at La Grande, the first game between these teams played at this place a few weeks ago when there was a tie game of 5 to 5. Since then Cove has won two games from the Elgin high and others, and it now stands a good chance of winning the championship of Union county. This game is being looked forward to. Royal Allen, assistant superintendent of Cove school, is proving his ability as a coach by making an excellent team of raw material. Professor Roy Conklin is a football enthusiast and it is through the efforts of these two able educators that Cove is coming to the front with one of the best football teams in eastern Oregon.

Bowling Tourney Tonight.

The Multnomah club open bowling tournament will begin tonight with any number of good teams in action. The bowlers bid fair to break the records of the past tournaments.

Both Scappers Are Near Weight.

San Francisco, Nov. 23.—There will be but little more strenuous work at the training camps of Bill Papke and Stanley Ketchel. Both middleweights practically completed the hard grind yesterday, although today Ketchel gave a little boxing exhibition for a number of women visitors, while Papke indulged in his last boxing session with Al Kaufmann. In fact, today's sparring marked the finish of that sort of stuff in both camps.
Both Bill and Stanley worked before admiring mobs yesterday. Each put on a little burst of holiday speed that made its impression on the spectators of both camps. This was shown by the betting which was more than ordinarily brisk last night. There was no change in the odds, however, Papke still holding favorite at 7 to 10.
A peculiar thing is that both principals predict victory for themselves in the same number of rounds. Ketchel declares he'll turn the trick in 10, while Papke doesn't expect Ketchel to last a round longer than that.
Neither boy need worry about making the weight. At the conclusion of yesterday's labor, Papke scaled 158, which is the notch to be made, while Ketchel scaled 162. As Ketchel could have been at weight three days ago, had not his manager decided to give him a day's rest, it is evident that the Grand Rapids scrapper will have but little difficulty taking off the four pounds.

Must Sell Pianos AND LOTS OF 'EM

THREE HUNDRED HIGH-GRADE, STRICTLY BRAND-NEW PIANOS SECURED BY EILERS PIANO HOUSE AT FORCED SALE FROM OVERSTOCKED EASTERN FACTORIES MUST GO QUICKLY.

No seriously-inclined piano buyer can afford to ignore this Great Emergency Sale. We're not exactly desperate, but we must find homes for the 183 pianos we have secured. We have agreed and contracted to take off the hands of overstocked Eastern factories. We must dispose of not only this immense number of extra pianos, but also those for which we have contracted yearly and which are shipped at stated intervals.

The high standing of these manufacturers and the further fact that these instruments are strictly brand new, latest style, well-known pianos, coupled with the terrifically cut prices at which they were offered—was too tempting for us to resist.

Think of being able to secure the choicest of strictly brand new Kimball, and Lesters, and Pease, and Eilers, and Hobart M. Cable, and Story & Clark and many other equally well known makes at bona fide savings of \$75, \$110, \$145, etc.

In this Emergency Sale you can now secure pianos that always bring \$375 and \$425 at \$304 and \$353.

Reliable, strictly brand new, well-known New York makes are offered in this Emergency Sale at \$192. The pianos styles go now at \$168.

Or you can select from a vast assortment of the very finest and fanciest exhibition styles—in Hungarian Ash, Mottled Mahogany and genuine quarter-sawn Oak—take your choice tomorrow at Emergency Sale prices—\$387, \$424, \$345.

Many other fine new pianos—never sold for less than \$275 and \$350, even in the East—are offered in this Emergency Sale tomorrow at \$236 and \$244.

Prices to Suit All.
No matter what your income may be, whether it's the largest in the city, or the smallest, we have a piano to suit you. We have the most costly piano on the market or the cheapest that's good—take your choice tomorrow at Emergency Sale at once.

Pay all cash or by the week, month or year. We'll agree to grant any reasonable terms. The point to remember is that we must find homes for all these pianos—and quickly, too. We mean business. If you're a musicless home, and the saving of a good round sum of money is an object, we say, come right away—the first thing tomorrow morning. Eilers Piano House, Biggest, Busiest and Best Dealers, 253 Washington st., cor. of Park.

CHEMAWA INDIANS ARE AFTER ALBANY

(Special Dispatch to The Journal)
Chemawa, Or., Nov. 23.—The following letter was sent to the manager of the Albany College football team today:
"Dear Sir:—I am L. Gibbons, manager football Albany college, Albany, Oregon.—Dear Sir:—As your team has made repeated claims of the non-conference college championship of Oregon in the columns of the Portland papers I write you this open letter.
"The Chemawa team has never claimed the championship, but some of those with whom we have played have done so for us. I therefore ask you to support your claim by playing Chemawa on neutral ground at Salem or Portland, at such time as can be agreed upon, the officials to be acceptable to both parties and the winner to take the total receipts of the game, after expenses are paid.
"It is unnecessary for me to enter into a detailed account of what our respective teams have accomplished this season. The reading public is well informed as to that. If we play a championship game we desire to play the full thirty-five minute limit. Awaiting your reply, I am,
"Yours, very respectfully,
"(Signed) W. P. CAMPBELL,
"Assistant superintendent and manager Chemawa Football."

BIGGEST CROWD IN NORTHWEST AT GAME

The University of Oregon-Oregon Agricultural college football game on Multnomah field Saturday drew the largest gate ever received in the northwest, the total receipts being \$3,105. The attendance connected with the meet were \$1,376.70, leaving the net receipts at \$1,728.30. This net amount was divided between the two teams, each getting \$3,364.15.

The managers estimate their individual expenses for the game at about \$350, which will allow them a clear profit out of the great contest of about \$3,000 each.

The attendance was about 8,000, which breaks all records in the northwest. That the attendance was so large on such a disagreeable afternoon was due to the comfortable grandstand the Multnomah club has provided this year. With the accommodation last season it is doubtful if over 5,000 people would have attended the game. The inclement weather undoubtedly kept 2,000 more spectators away from Saturday's contest.

BAT'S BUSINESS STOPS FIGHTING

Little Champion Has No Time for Hungry Aspirants After His Title.
By Jeff Thompson.
New York, Nov. 23.—Battling Nelson has too much on hand to pay much attention to fighting for a white. Not that "Bat" has any intention of retiring from the ring. Bless you, no. Says the lightweight champion: "I don't expect to fight again for several months. I worked hard to get to the top and those who are after my title can do the same. After I turn my book over to the publishers I expect to go west again. I'm putting up 25 houses out at Hegewisch and that's why I am going out there now. There's considerable detail and bookkeeping to be looked after, and your uncle Bat isn't letting anybody trim him.
"When I get those houses finished I'll have an income of about a thousand dollars a month from them and my other real estate there. They'll never need to get up any benefits for me when my fighting days are over. Say, I've learned enough about the publishing business in the last few days to be a good seller. I am having so many illustrations made that I'll have to cut down the size of the cuts and bunch several of them on a page. I am putting in some interesting dope, too, stuff from the 'inside' that has never been printed before.
"I have a ranch out in New Mexico which needs improving. My brother has a big place adjoining, and we expect to build a couple of good houses this winter. Besides, I have no use for the juice of the grape, but there is money in it. Now, do you blame me for putting off time this winter on those propositions? A lot of the fellows who want to fight me wouldn't draw enough to make it worth my while to waste my time by going into training. When one of them can show me that he has put all the other contestants away, and in entire to a go at me, he can have it."
Small blame to the Dane; why should he neglect his property interests simply to waste time and money in a fight with a chance to take his championship pie away from him?

OLD STARS WILL HELP MULTNOMAH

Loneragan, Pratt and McMullan Ready to Enter Thursday's Football Game.
Manager Martin Pratt and Captain Plowden Stott of the Multnomah club football team have issued calls for practice every afternoon in preparation for the big Thanksgiving day game with the University of Oregon eleven. By Thursday the team will be in great condition and able to make the varsity feel as if it had been through a sausage grinder if the club doesn't win.
The club is weakened by the loss of four of its good men, but these will be partly made up for in the presence in the game of Frank Lonergan, captain of the club last season, and one of the greatest players the northwest ever saw. Lonergan was in a suit yesterday morning, and so was George McMullan, the grand old man of the game. Manager Pratt had on his old war togs, and together the trio gave the regular club team a hard rub. McMullan says he will go into the game if needed and Lonergan will be in the lineup. Lonergan right now is in good condition, due to gymnasium work, and by Thursday will be able to play with all his oldtime dash and vigor.

The police and the government troops are powerless to check the riots—real battles—which occur almost daily in the streets of all the principal cities.
With more than a dozen other nations on equally bad terms, although not quite so evenly matched numerically, the Hungarian leaders do not see how Austria can enter upon foreign hostilities with any hope of success and they believe the burden of the struggle will fall upon them. They mean to accept it and then to make their own terms.
The mixture of races is general in Hungary. Indeed, as in Austria, the Magyars, however, are in a sufficient majority to convince them that they can dominate matters, which they do not believe the Germans in Austria can do.

Rockefeller's Cure

People everywhere are familiar with the fact that Mr. Rockefeller suffered greatly with dyspepsia and consequent stomach ills for years, which no amount of doctoring or money could relieve or cure. About three years ago, an old physician in northern California offered a prescription which quickly brought about a vast change for the better and a permanent cure. Mr. Rockefeller thinks he is good for many years yet and so do his friends. The secret of the "Rockefeller cure" has leaked out and is offered to the reader, who wants to try it and get well. Prominent druggists can get the ingredients and mix, or you can mix them at home. One ounce compound essence Cardiol, two ounces essence of Peppin, and two ounces syrup of Ginger. Take one or two teaspoonfuls after each meal. After all the other remedies and rare home treatments that do the most good.

MUST SELL PIANOS AND LOTS OF 'EM

THREE HUNDRED HIGH-GRADE, STRICTLY BRAND-NEW PIANOS SECURED BY EILERS PIANO HOUSE AT FORCED SALE FROM OVERSTOCKED EASTERN FACTORIES MUST GO QUICKLY.

No seriously-inclined piano buyer can afford to ignore this Great Emergency Sale. We're not exactly desperate, but we must find homes for the 183 pianos we have secured. We have agreed and contracted to take off the hands of overstocked Eastern factories. We must dispose of not only this immense number of extra pianos, but also those for which we have contracted yearly and which are shipped at stated intervals.

The high standing of these manufacturers and the further fact that these instruments are strictly brand new, latest style, well-known pianos, coupled with the terrifically cut prices at which they were offered—was too tempting for us to resist.

Think of being able to secure the choicest of strictly brand new Kimball, and Lesters, and Pease, and Eilers, and Hobart M. Cable, and Story & Clark and many other equally well known makes at bona fide savings of \$75, \$110, \$145, etc.

In this Emergency Sale you can now secure pianos that always bring \$375 and \$425 at \$304 and \$353.

Reliable, strictly brand new, well-known New York makes are offered in this Emergency Sale at \$192. The pianos styles go now at \$168.

Or you can select from a vast assortment of the very finest and fanciest exhibition styles—in Hungarian Ash, Mottled Mahogany and genuine quarter-sawn Oak—take your choice tomorrow at Emergency Sale prices—\$387, \$424, \$345.

Many other fine new pianos—never sold for less than \$275 and \$350, even in the East—are offered in this Emergency Sale tomorrow at \$236 and \$244.

Prices to Suit All.
No matter what your income may be, whether it's the largest in the city, or the smallest, we have a piano to suit you. We have the most costly piano on the market or the cheapest that's good—take your choice tomorrow at Emergency Sale at once.

Pay all cash or by the week, month or year. We'll agree to grant any reasonable terms. The point to remember is that we must find homes for all these pianos—and quickly, too. We mean business. If you're a musicless home, and the saving of a good round sum of money is an object, we say, come right away—the first thing tomorrow morning. Eilers Piano House, Biggest, Busiest and Best Dealers, 253 Washington st., cor. of Park.

SCOTT'S EMULSION

being universally recommended for Consumption is proof positive that it is the most energizing and strengthening preparation in the world.
It builds flesh and strength with such wonderfully rapidity that the disease is retarded and often overcome entirely.
