DOUBTS RIGHT TO TAX HAWKERS

Mayor Returns the License Measure to Council for Further Investigation.

Has the city a right to sell the use of its streets for private purposes? Mayor Lane questions whether it has. For that reason he yesterday vetoed ordinance No. 15,592 which relates to peddlers and hawkers. The veto message follows:

To the Honorable City Council—Gentlemen—I return herewith ordinance No. 15,592, not approved.

This is an ordinance which by simply refraining from naming them will, if it becomes a law, operate to debar peddlers and hawkers of fruit and vegetables from the use of the public streets of the city.

Another section of the ordinance increases the sum which the city collects from vendors of peanuts and popcorn for a license to sell the same upon the public streets from \$200 to \$400 a year, and also provides a schedule of prices for licenses for vendors, of various other articles.

Without entering into a discussion of the merits of the contention, either for or against the hawking or selling of fruits and other articles from wagons upon the public streets of the city, I have to say that it is a question, as to whether or not the city has the right to grant licenses to make private use of the streets which have been dedicated to the general public and for their use alone.

If the contention that the city can neither lease nor sell its rights to the streets of the city for private use is true, it is pertinent to inquire, if it has the right to sell a license, and make use of them for the sole purpose of barter and trade?

I would respectfully suggest that if there is any question of the legal right of the city to collect money for such grants and privileges that it had best be investigated before any further action is taken in the matter and I return the ordinance to you for your consideration. Respectfully, HARRY LANE, Mayor.

STRONG REPLIES TO CRITICISMS

In his annual address at the meeting last evening of the Associated Charities, President Thomas N. Strong replied in a forceful way to the recent criticism of the work of the society and the tendency to belittle its value.

"It is flattering," said Mr. Strong, "to know that this society is looked to as sufficient to do the charitable work of the city, inasmuch as the city government has never given a cent toward its support. On the contrary, the Associated Charities has done thousands of dollars worth of work for the city for which it has never asked nor received a penny."

Mr. Strong then detailed the work of the past year, laying special emphasis upon the relief work given needy workmen during the times of panic when they were given work in the parks and the park blocks of the city which this year responded so bountifully to the labor put upon them.

Mr. Strong pointed out the significant fact that this city holds the unique distinction of being the only one in the United States of equal population in which during the hard times public funds were neither asked nor received.

Between November 1, 1907, and April 1, 1908, 1185 workmen were relieved by being given work. In an ordinary year the number would not be over 2000. The applications for aid were over 10,000 and the number of people helped over 3000.

A detailed accounting of funds received and disbursed was made. The total income from subscriptions and bequests, was \$12,643.23. The disbursements were nearly equal, a balance of \$81 remaining.

Mr. Strong, Trumbull, registrar, gave an interesting report, and Rev. L. R. Dwyer and Rev. T. L. Elliot spoke, warmly commending the work of the association.

Directors chosen to succeed themselves were Charles E. Ladd, T. N. Fleischner and Mrs. E. B. Colwell.

The program consisted of patriotic music and recitations. Rev. J. M. O'Farrell of Eugene delivered the address of the evening.

BOYS HELD FOR HIGHWAY ROBBERY

(Special Dispatch to The Journal.) Centralia, Wash., Nov. 24.—Lawrence Wall, 18 years old, son of a local painter, and Oliver Turner, 16 years old, son of I. S. Turner, a highly respected citizen, are under arrest on a charge of highway robbery. The arrests of the young men took place a few minutes after James McCaah, a liverman had been held up at the point of a revolver and robbed of \$25.00 in the city park last night about 8:30 o'clock. The boys are said to have admitted their guilt and claim they wanted the money to use in going on the road with a show they wanted to put on.

PROSPECT PARK

The Cream of IRVINGTON

Prospect Park Is the Highest Part of Irvington

Has an elevation that overlooks Holladay Addition and affords a splendid view of the grandest panorama of mountains, hills and valleys in the world.

Prospect Park has a soil that will grow abundance of grass and is absolutely free from gravel, rock, stumps and brush.

Prospect Park is more favorably located than any property in Portland devoted exclusively to residences of a high character.

WHERE?

Just a Mile From the Steel Bridge

Prospect Park is a 15 minute ride from down town on two of the best car lines in the city. Cars leave Second and Washington and Fifth and Washington every five minutes during the day, and every three minutes during the busy hours.

No transfers—cars run direct to Prospect Park. Take Woodlawn or Alberta cars, get off at Knott street and walk one block east to Prospect Park office.

Mr. H. L. Mumford is in charge of our east side office and will show you the entire tract, character of improvements, etc. Prospect Park is the finest residence property in the northwest.

WHY?

All Improvements Completed

Two hundred and fifty thousand dollars has been spent in public improvements in Prospect Park. These improvements are constructed on the most scientific lines. Every detail has been perfected regardless of expense.

Prospect Park has today the most complete system of drainage and street improvements of any community in the northwest. These improvements have been installed.

Prospect Park is connected with the city by a hard surface pavement and the entire tract is paved with asphalt. All sidewalks and curbs substantially built of cement.

WHEN?

Right Now—Prices Will Greatly Advance

Every lot in Prospect Park is offered at a price that will net the investor a good profit in a short time. This property, already improved, will be in such great demand for fine residences that present prices will soon advance.

Building restrictions and 25 foot building line will guarantee the homebuilder in Prospect Park that all neighboring homes will be high class and the entire tract will be harmoniously and uniformly built up.

WHO?

The Seeker of High Class Residence Lots

Prospect Park has everything to offer that will attract the builder of a fine home—all improvements are completed, the highest point of the best residence, section of the city, close to down town and two good streetcar lines.

"PROSPECT PARK IN THE MAKING," a novel bit of advertising, illustrates and describes in detail the location, advantages and manner of construction of improvements that have been installed in Prospect Park.
