

## PLANT ROSES ALL OVER CITY

Committee Also Plans to Ask Burbank to Be Present Rose Planting Day.

If the plans formulated last night by the rose planting day committee at the meeting held in the rooms of the Rose Festival association are carried into effect, Washington's birthday, February 22, will be the occasion of the planting of roses all over the city of Portland, instead of in one place, as last year.

There was nearly a full attendance of the committee at the meeting last night, the rooms being nearly full. Dr. Drake, chairman of the committee, presided.

The committee resolved to request Luther Burbank to be present on rose planting day. If Mr. Burbank should decide to come, he would be a great attraction, as everybody knows who he is, though few have seen him. As the foremost man in the world in the development of plant life and the creation of new varieties of plants, it is particularly fitting that he should be in Portland on rose planting day.

A large number of people from the peninsula were present, and stated that the people of that section of the city are planning to set out 50,000 rose plants February 22.

The Rose society, of which Mrs. John Minto is president and Mrs. Herbert Holman secretary, is planning to take an active part in the exercises. A communication from Mrs. L. Cohen was read in which she promises to furnish a large number of rose plants to people who cannot afford to buy them. It is the plan of the committee that rose planting day shall see the setting out of plants all over the entire city. It is hoped that in time there will not be a home in the city which will not have a number of rose bushes to add to the general beauty of Portland.

The committee decided to ask Bishop Scadding to bless the roses.

**Served in Indian Mutiny.**  
(United Press Leased Wire.)  
Kenora, Ont., Nov. 24.—Lieutenant-General Sir Henry Wilkinson, K. C. B., is dead. He had been operating the summer here and was preparing to return to England soon. During the Indian mutiny General Wilkinson served with the Ninety-fifth regiment.

## MORE WOE FOR WATER TRUST

San Francisco Interests Take Steps to Throw It Into Receivership.

(United Press Leased Wire.)  
San Francisco, Nov. 25.—It was announced today that steps are being taken by a number of fire insurance companies to petition the United States circuit court to appoint a receiver for the Spring Valley Water company. It being alleged that, with \$17,000,000 worth of claims already filed against the corporation and an additional \$36,000,000 coming from life insurance companies in the east, the water company's \$15,000,000 of capital stock will be in no way equal to meet the obligations that might be adjudged.

The need of a receiver for the corporation, say the insurance officials who are working up the sensational case, is imperative, as the protection of the courts is all that will prevent the alienation of any Spring Valley property which might become available to meet those claims which might later receive favorable consideration.

The suits against the Spring Valley company are being strengthened by reference to the recent decision of Judge Farrington, who held the corporation partially culpable for the heavy losses in the great fire, because it had, contrary to advice of experts, laid pipe lines over marshy land.

## ST. JOHNS BUSY ON ROSE FIESTA

St. Johns has no intention of being left out of the Rose Festival band wagon. A meeting is to be held in Eickner hall, St. Johns, this evening, for the purpose of beginning a campaign for funds and for the purpose of awakening interest among the people of St. Johns in the big floral event of next June. A committee will probably be appointed to solicit subscriptions for the Rose Festival fund.

The North Albina Push club has selected next Monday night as the time for a special meeting at the headquarters of the push club for the purpose of forming a ladies auxiliary Rose festival club. North Albina has gone enthusiastically into the work of raising money for the carnival and a large sum is expected to be realized by the time the soliciting committee finishes its work.

**HOSPITAL SHIP RELIEF IS SAFE**  
(United Press Leased Wire.)  
Manila, Nov. 25.—The United States hospital ship Relief, which was reported five days overdue, took refuge in the harbor of Sorsogon, in southern Luzon, according to a dispatch received here early today from Dr. Charles F. Stokes, medical officer in charge. The Relief encountered the heavy typhoon raging on November 18, off Luzon, and sustained damage to her engines. A fire started in the engine room but was promptly controlled. The discipline among officers and men was perfect. The Relief is returning to Manila under her own steam.

## GOLD FEVER IN LEWIS COUNTY

Many Claims Being Staked Out in the Vicinity of Mayfield.

(Special Dispatch to The Journal.)  
Chehalis, Wash., Nov. 25.—The gold excitement in the vicinity of Mayfield, southeast of this city, on the Cowlitz river, shows no signs of abatement. New claims are being filed on daily. Nearly 40 claims have been taken. So intense was the excitement last week that claims were being located by lantern light, and some were jumped.

A Seattle man who located claims some weeks ago, has employed a force of practical miners. The holdings will be worked thoroughly this winter and a reduction plant installed in the spring. A quantity of the ore is free milling.

Dan Shaner, an old-timer of this county, has located a number of claims in the new district and knows every foot of the ground. He is confident that some rich strikes will be made. Eight years ago the country around Mayfield was staked out but not enough gold was found to warrant mining to any extent. In the early '90's some placer mines on the Green river, 10 miles southeast of Mayfield, were worked but the miners, after putting in two months with but \$8 to show for the work, abandoned their claims.

## YAKIMA FOWLS BRING \$14 EACH

(Special Dispatch to The Journal.)  
North Yakima, Wash., Nov. 25.—Dr. L. D. Green of this city has sold some of his chickens, and the transaction probably holds the record for the northwest. Dr. Green sold 48 fowls and received for them \$672.80.

The fowls were single comb White Leghorns and Houdans. All were bred by Dr. Green on his ranch in this city and were, or are, as perfect specimens of their kind as ever have been seen here. The Houdans were pure black and white, and absolutely free from the objectionable plum color so difficult to overcome.

Dr. Green's thoroughbred eggs were bought up at the rate of \$5 for 13 this year while they lasted.

Dr. Green is interested in a new variety of chicken which he will display at the annual show of the Yakima Poultry association in January. This is a cross between a Rhode Island Red and a Houdan. It is almost black in color and as large as a Plymouth Rock. The doctor calls the new bird a "yakone."

**LET FLEET GO ON AROUND, SAYS FLINT**  
Washington, Nov. 24.—Senator Flint of California, announced today after a conference with the president that he would take no part in a movement to keep the battleship fleet in the Pacific waters. The senator said: "The president's aim was to send the fleet around the world. It is now on its way home. No reason has arisen why the journey should not be completed."

Senator Flint said the president favored more ships for the Pacific.

## NAVAL OFFICERS MUST TAKE TEST

Walk 50 Miles, If Ashore; on Watch 36 Hours in 72, If at Sea.

(United Press Leased Wire.)  
Washington, D. C., Nov. 25.—Navy officers throughout the country who are on shore duty are conditioning themselves for the endurance test announced by the navy department yesterday. All officers of the line below the rank of rear admiral, and all officers of the staff below the rank of captain, on shore service, will be compelled to undergo a three days' walking test of 50 miles.

Navy officers afloat will probably have to face an endurance test of remaining on duty in four-hour watches alternately for 72 hours. This has not yet been definitely decided by the chiefs of the department.

Failure to pass the tests will be considered sufficient cause for the issuance of an order to the delinquent officer to face the navy retiring board.

**Six Murphy Jurors Secured.**  
(United Press Leased Wire.)  
San Francisco, Nov. 24.—Six jurors were passed today, subject to peremptory challenge, to try Attorney Frank J. Murphy on the charge of attempting

## HOUSEHOLD CARES

**Tax the Women of Portland the Same as Elsewhere**

Hard to attend to household duties with a constantly aching back. A woman should not have a bad back, and she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys.

Here is a Portland woman who indorses this claim:  
Mrs. A. Canavan, 330 Lincoln street, Portland, Oregon, says:

"In 1903 I used Doan's Kidney Pills with such beneficial results that I gave them my hearty indorsement. I still think of them and advise their use whenever I have an opportunity. For two or three years kidney complaint had clung to me, my back being so lame I was unable to attend to my household duties at times. Dizzy spells were common, and I was also subject to headaches. The use of home remedies and more than one preparation guaranteed to be a sure cure for such troubles failed to give me relief. Finally I learned of Doan's Kidney Pills and procured a box. I used them according to directions, and they gave me more relief than all other remedies I had taken combined."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

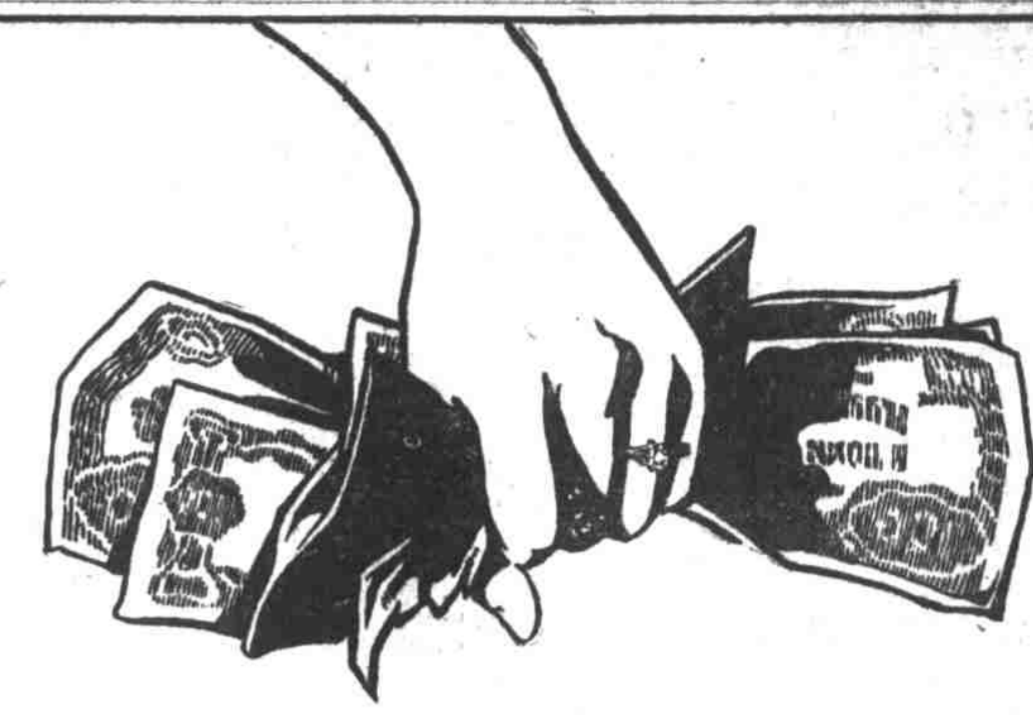

to corrupt John M. Kelly, a prospective Ruef juror. Eleven temporary jurors are now in the box, and the examination to secure the twelfth continues this afternoon. The jury panel will be permanently completed by Monday, according to the present expectations of counsel in the case.

## SMALL BOY IS HIT BY AUTO

Martel Nelson, a young boy wearing a new suit of clothes, was run over by an automobile bearing the number 1213

late this afternoon. The car rounded the corner of Third and Stark and struck the boy, the wheels passing over his body.

Although badly frightened the youngster was more concerned over the damage to his clothes than his bruises.

**"\$3000"**

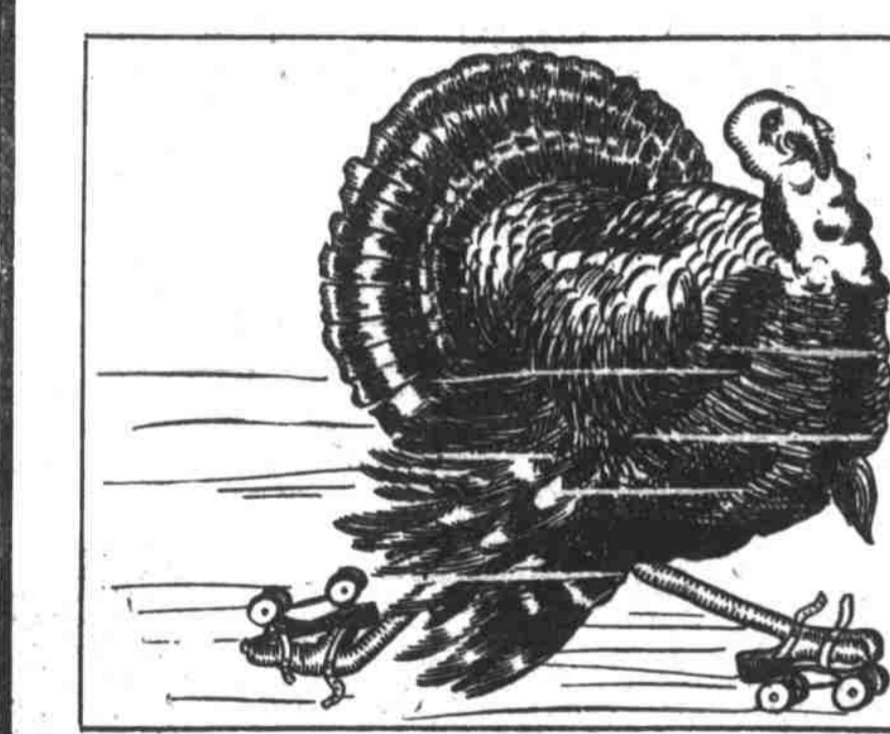

is the remarkable story of a beautiful girl and the problem of a secret safe. No man could unlock this mysterious safe—but the girl could. How she did it, how desperately she needed the contents of the secret drawer, how she nearly lost the confidence of the richest man in Wall Street and the love of the man she loved, and how finally—but you must read for yourself this thrilling story by America's most famous mystery-writer,

**ANNA KATHARINE GREEN**

You'll find it in the Christmas number with the Christmas love stories, Christmas songs, Christmas gifts, Christmas entertainments, page after page of old-fashioned Christmas cheer—all in the most beautiful woman's magazine ever printed—the December
