

FALLEN PASTOR LEAVES CHURCH

Rev. George Summers, Alias Clark, Tenders Letter of Resignation.

(Special Dispatch to The Journal.)
 Roseburg, Or., Nov. 28.—Rev. George Summers, alias Clark, has resigned from the ministry of the Methodist Episcopal church of Oregon. He departed with Sheriff Spierlock for Roseburg, Texas, this morning. In his written resignation to the church he does not sign his name Summers, and also in the following copy of his resignation he uses the alias:
 "Roseburg, Or., Nov. 28.—To the Oregon annual conference, the complainant, do hereby withdraw from the ministry and the membership of the Methodist Episcopal Church, 'GEORGE CLARK.' (Signed) Miss Beattie Massey, the organist with whom Summers eloped from Texas, and her two children, who claim Clark is the father, will return to her home in Texas with the sheriff and his prisoner, Sheriff Spierlock, making arrangements to take the woman along and look after her, as her health and the care of the two children make it a difficult task for her to make the trip alone. She has confessed to the whole affair. In a letter to Clark from Gardner she virtually admitted that she was through with him.
 Clark has spent most of his time in jail cursing Jack Parrott, the complainant, and with it one complete assay outfit, with chemicals and tables; 1 engine, with all fittings; 1 boiler, with all fittings; 2 concentrators, with fixtures; 1 crusher, 10-inch jaw; 1 2-horsepower gasoline engine; 15 3/4x2 1/2 grizzly bars; 2000 feet tunnel rails; 3 ore cars; 30 feet 2 1/2 shafting, 15 shafting; 6 feet 2 1/2 shafting; 6 boxes; 1 1 1/2x18 pulley; 3 8x30 pulleys; 1 8x14 pulley; 1 18x14 pulley; 30 square feet copper plates, silver plated; 154 feet 8-inch rubber belting; 50 feet 10-inch rubber belting; 1 set chain blocks; 1 125-pound anvil; 12 assorted wood chisels; 12 assorted cold chisels; 2 braces, with assorted bits; 12 augers; 2 carpenter's squares; 1 triangle; 1 spirit level; 2 carpenter's planes; 3 machinist hammers; 1 12-pound hammer; 2 8-pound hammers; 1 6-pound hammer; 1 3 1/2-pound hammer; 2 8-pound mauls; 9 single jacks; 6 double jacks; 4 blacksmith's hammers; 4 wheelbarrows; 2 peevies; 1 portable forge; 1 bellows; 1 No. 4 iron retort and condenser; 1 blacksmith flatter; 1 cupel mold; 1 iron mortar and pestle; 1 saw mandril; 4 large snatch blocks; 1 S. H. P. shoe magnet; 1 4-H. P. shoe magnet; 4 pat. screens for ore sampling; 2 logging jacks; 10 picks and handles; 2 prospectors' picks; 1 grubbing hoe; 1 hot cutter chisel; 1 shoe vise; 8-inch jaws; 1 bench drill; 3 pairs tongs; 12 shovels; 6 spoons; 1 axe; 4 6-ft. crosscut saws; 3 handaws; 5 7-ft. crosscut saws; 1 pole pick; 3 steel wedges; 1 adze; 1 handaxe; 2 soldering irons; 1 No. 3 scoop shovel; 1 large spike puller; 2 crowbars; 1 jackscrew; 4 monkey wrenches; 1 bucksaw; 1 trowel; 1 drawknife; 2 sick chisels; 4 miners' candlesticks; 2 carrying peevies; 3 single iron blocks; 1 pair links; 1 oil can; 1 8-day clock; 1 saw clamp; 2 lanterns; 1 No. 3 Champion mine blower; 1 double iron block; 1 cementer gauge; 4 pipe tongs; 16-ft. inward flow bundle; 2 brush hoes; 1 muller; 1 patent quicksilver trap; 1 pipe fitting outfit, 3/4 to 2 1/2-inch, 2 strokes; 20 feet 1-inch hose; 1 3/4 pounds lace leather; 2 3-ft. sheave wheels; 115 pounds 1 1/2-inch hemp rope; 125 feet 1-inch hemp rope; 50 feet 3/4-inch hemp rope; supply tank for gasoline; for lighting mill; 50 pounds quicksilver; 1 pound red lead; 3 boxes candles; 1 gold pen; 70 pounds shingle nails; 15 pounds finishing nails; 11 pick handles; 1 axe handle; 10 shovel handles; 9 single jack handles; 8 double jack handles; 1500 feet fuse; 500 caps; 4 coils graphite packing; 7 square feet rubber; 2 1/2 gallons coal tar; 1 glass funnel; 1 borax mortar and pestle; 3 dozen carpenter's chalks; 2 grindstones; 4 pounds rabbit; 1 assay furnace; 255 feet 3/4-inch pipe; 37 feet 1/2-inch pipe; 44 feet 2 1/2-inch pipe; 147 feet 1 1/2-inch pipe; 43 feet 1 1/4-inch pipe; 59 feet 6-inch air pipe; 50 feet 3/4-inch rod; 12 feet 3/4-inch iron rod; 7 feet

OLD TELEGRAPHERS BANQUET CARNEGIE

(United Press Leased Wire.)
 New York, Nov. 28.—The telegraph flash "try" meaning regards was ticked scores of times tonight over the special wires to the banquet room at the Hotel Manhattan, of Old Time Telegraphers of New York City, who gathered at Carnegie on the occasion of his 73d birthday.
 At the tables were Thomas A. Edison, a former operator and one of the first nine operators regularly employed by the United States government in the Civil war, who presided at the banquet; Pennsylvania railroad line in response to a message dated Washington, April 23, 1861, and signed by Mr. George S. Tolson, United States attorney general, and the Western Union Telegraph company, president as toastmaster, and the speakers included David H. Bates, one of the early military telegraphers, who said that when the government refused to pension the military telegraphers Mr. Carnegie at once provided life incomes of \$12 per month for such members of the old corps as were recommended by their organization.

SAYS JAPS KILL PROPERTY VALUES

(United Press Leased Wire.)
 Sacramento, Cal., Nov. 28.—Protests from hundreds of property owners have followed the action of Bishop W. H. Moreland by which a Japanese mission is projected for establishment in a select district.
 It is claimed that the Japanese are spreading throughout the city and that property values are decreasing daily. The Japanese have been gaining a foothold in residence blocks by paying a fancy price for one or two houses, then as soon as property begins to depreciate the remainder of the houses can be rented at their own figures.

25 per cent off on cut glass at Metzger's, 342 Washington street.

No Cocaine, No Gas

Our success is due to uniform high-grade work in reasonable prices.

NERVOUS PEOPLE

And those afflicted with heart-weakness can now have their teeth extracted filled and bridgework applied without the least pain or danger.

TEETH WITHOUT PAIN

Examination and Consultation Free. We extend to all a special invitation to call at our office and have their teeth examined free of charge.

We give a written guarantee with all work for 10 years. Lady attendant.

Union Painless Dentists

221 1/2 Morris St., Corner First, PORTLAND, OR.

FARMER LASWELL'S DEATH A MYSTERY

(United Press Leased Wire.)
 Stockton, Cal., Nov. 28.—Like Laswell, a Tracy farmer, was burned to death in a mysterious manner yesterday. Early yesterday morning his son left the farm to go to work. Late last night he returned and found the charred remains of his father lying in the ruins of one of the outbuildings. Whether the case was one of accident, suicide or crime is not known. The coroner is investigating. Laswell was 65 years of age.

Hundred Natives Drowned.

Manila, Nov. 28.—The coasting steamer Ponting, carrying a large number of laborers from Narvican to the rice fields in Pangasinan province, struck a reef and sank last night during a storm off San Ferdinand, in Union province.

It is estimated that 100 passengers and crew of the Ponting were drowned. The steamer Viecaya rescued 55.

ARTESIAN WATER AT FIFTY FEET

Heavy Flow Is Struck in Six-Inch Well at Midvale, Idaho.

(Special Dispatch to The Journal.)
 Weiser, Idaho, Nov. 28.—Artesian water was struck at Midvale, 32 miles north of Weiser, yesterday. The water was struck in a six inch well at a depth of 50 feet. A heavy flow of water is spouting many feet in the air.

AT THE THEATRES

Hallen and Hayes at Orpheum.
 Hallen and Hayes, two eccentric dancing comedians, are making quite a hit this week at the Orpheum. As close dancers they have few equals in vaudeville, either here or abroad, and their agility is made more interesting by clever, bright patter and parody.

"On Parole" Tomorrow.
 The attraction at the Heilig theatre tomorrow and Monday nights will be the clever players Willard Mack and Miss Maude Leone, in Henry Miller's military comedy drama success, "On Parole." Seats are now selling.

"We Are King" at the Star.
 Tonight for the last time, this week's success at the Star, "We Are King" may be seen, the performance and com-

pany have more than made good. Mr. Carroll, who is appearing in the dual role of Gustavus Vennor and Hector, king of Kahurangi, possesses a pleasing voice and an admirable stage presence.

Box Office Winners.
 The Pantages theatre is breaking all former records this week. The following acts are responsible: Ten Kountry Kids, Hanson & Clifton, Earle & Curtis, Dunn, Francis & Co., Bernier & Stella, Jean Wilson, and the pictures. A regular bargain sale is what Pantages patrons say. Seventy-five cents worth of show for 25 cents.

A HAIR'S BREADTH ESCAPE.
 Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup.
 Price 35c, 50c and \$1.00 per bottle. Sold by Skidmore Drug Co.

King of Electricity.
 Carl Herman, the king of electricity, is the wonder of the bill at the Grand. He defies death dealing electricity and gives a number of interesting experiments. His work with a volunteer committee is one of the funniest things ever seen in a theatre.

"Strongheart" Tonight.
 The last performance of "Strongheart" will be given by Baker Stock company at the Bungalow tonight. This extraordinary play has attracted unusual attention and the popular uptown playhouse has been filled to the doors at every performance this week. It is a college play whose hero is a highly educated Indian.

The Blunkall Stock company will give its last performance of "East Lynne" tonight. You should see this great old emotional drama. Commencing tomorrow afternoon the company will present "Turned Up," a delightful farce comedy.

"Excited Outs."
 "Excited Outs" in the name of a new brand of breakfast food, which has been introduced to patrons of the Baker theatre all week by those two eccentric comedians, Rice and Cady, in their latest success, "Hip, Hip, Hooray." The piece was written for but one purpose—to make people laugh.

Last Time Tonight.
 The attraction at the Heilig theatre tonight at 8:15 o'clock will be the last performance of the interesting western play "Texas."

The Best Cough Cure

A half-ounce of Virgin Oil of Pine, two ounces of Glycerine and a half-pint of Whiskey, mixed, will cure any cough that is curable and break a cold in 24 hours. Take a teaspoonful every four hours. Ask your druggist for the genuine Leach's Virgin Oil of Pine compound pure, prepared and guaranteed by the Leach Chemical Co., Cincinnati, O.

We Have Secured a 10-Stamp Mill for Our Gold Hill Gold Mine

MR. A. W. LAMBERT OF THE CITIZENS BANK, HAS SOLD US A COMPLETE EQUIPMENT

Stockholders of the OREGON-GOLD HILL MINING COMPANY may now fully realize that the much talked of wave of prosperity, so heartily predicted before election, has become an actuality, at least so far as this company is concerned. But to speak the truth, the result of the election has had nothing to do with its arrival at our headquarters. It comes to us in the shape of a first class 10-stamp quartz mill, purchased from Mr. A. W. Lambert, of the Citizens Bank, East Portland, and with it a complete outfit, comprising everything required to operate the mine, from a tallow candle to the mill itself, and

Within 90 Days We Will Be Grinding Out Gold

At our Gold Hill mountain. Negotiations for the purchase of this mill have been pending for several weeks, and finally the deal is closed. At the beginning we frankly informed Mr. Lambert that we had not cash in the treasury to pay the price at once, but investigation convinced him that we have the gold—700 tons of ore upon the dump—so we bought the mill on terms that will permit it to pay for itself. That is the kind of confidence this gentleman has in our property—a \$10,000 confidence—a confidence that reaches down deep into the pocketbook—a confidence that notifies the world that "WE HAVE THE STUFF"—THE REAL GOLD—and will be able to pay for the mill and its splendid equipment from its own labor. The mill and its appurtenances was on a property in Lane county, adjacent to the Lucky Boy mine, east of Eugene, and we secured it at a figure that, ready for operation at the mine, 6 1/2 miles out from Gold Hill, it will stand us not more than \$10,000, and could not be duplicated for a farthing less than \$15,000. And it will be worth every cent of that to us, so that our shareholders may figure that they are ahead at least \$5000 on this transaction. But we must have cash to pay for the removal of this purchase to the seat of its future usefulness.

We Require \$3000 to \$4000 to Pay for the Transportation of This Outfit to Gold Hill and We Need That Money Now

We must have it at once, and that it may come in quickly we will not, for a little time, advance the price of stock, although that may come within a week or so. We ought to sell that much stock within the next six days. In fact, it should be taken within a day. We are offering an investment the like of which will not be had again in this market, no matter who comes forward or what his enterprise may be.

WE HAVE 700 TONS OF \$10 ORE UPON THE DUMP READY FOR MILLING

And that will pay for the mill. We have thousands of tons of just as good ore blocked out and easily put upon the dump. WE HAVE THE GOLD IN SIGHT AND THERE IS NO RISK TO RUN! The profits are sure as that our stockholders are upon the earth, and those coming in with us now will reap all the benefits of this great enterprise.

What Did We Buy From Mr. Lambert?

Everything we need to go ahead and mine. We have the whole business from beginning to end—one of the best 10-stamp mills we ever saw—and with it one complete assay outfit, with chemicals and tables; 1 engine, with all fittings; 1 boiler, with all fittings; 2 concentrators, with fixtures; 1 crusher, 10-inch jaw; 1 2-horsepower gasoline engine; 15 3/4x2 1/2 grizzly bars; 2000 feet tunnel rails; 3 ore cars; 30 feet 2 1/2 shafting, 15 shafting; 6 feet 2 1/2 shafting; 6 boxes; 1 1 1/2x18 pulley; 3 8x30 pulleys; 1 8x14 pulley; 1 18x14 pulley; 30 square feet copper plates, silver plated; 154 feet 8-inch rubber belting; 50 feet 10-inch rubber belting; 1 set chain blocks; 1 125-pound anvil; 12 assorted wood chisels; 12 assorted cold chisels; 2 braces, with assorted bits; 12 augers; 2 carpenter's squares; 1 triangle; 1 spirit level; 2 carpenter's planes; 3 machinist hammers; 1 12-pound hammer; 2 8-pound hammers; 1 6-pound hammer; 1 3 1/2-pound hammer; 2 8-pound mauls; 9 single jacks; 6 double jacks; 4 blacksmith's hammers; 4 wheelbarrows; 2 peevies; 1 portable forge; 1 bellows; 1 No. 4 iron retort and condenser; 1 blacksmith flatter; 1 cupel mold; 1 iron mortar and pestle; 1 saw mandril; 4 large snatch blocks; 1 S. H. P. shoe magnet; 1 4-H. P. shoe magnet; 4 pat. screens for ore sampling; 2 logging jacks; 10 picks and handles; 2 prospectors' picks; 1 grubbing hoe; 1 hot cutter chisel; 1 shoe vise; 8-inch jaws; 1 bench drill; 3 pairs tongs; 12 shovels; 6 spoons; 1 axe; 4 6-ft. crosscut saws; 3 handaws; 5 7-ft. crosscut saws; 1 pole pick; 3 steel wedges; 1 adze; 1 handaxe; 2 soldering irons; 1 No. 3 scoop shovel; 1 large spike puller; 2 crowbars; 1 jackscrew; 4 monkey wrenches; 1 bucksaw; 1 trowel; 1 drawknife; 2 sick chisels; 4 miners' candlesticks; 2 carrying peevies; 3 single iron blocks; 1 pair links; 1 oil can; 1 8-day clock; 1 saw clamp; 2 lanterns; 1 No. 3 Champion mine blower; 1 double iron block; 1 cementer gauge; 4 pipe tongs; 16-ft. inward flow bundle; 2 brush hoes; 1 muller; 1 patent quicksilver trap; 1 pipe fitting outfit, 3/4 to 2 1/2-inch, 2 strokes; 20 feet 1-inch hose; 1 3/4 pounds lace leather; 2 3-ft. sheave wheels; 115 pounds 1 1/2-inch hemp rope; 125 feet 1-inch hemp rope; 50 feet 3/4-inch hemp rope; supply tank for gasoline; for lighting mill; 50 pounds quicksilver; 1 pound red lead; 3 boxes candles; 1 gold pen; 70 pounds shingle nails; 15 pounds finishing nails; 11 pick handles; 1 axe handle; 10 shovel handles; 9 single jack handles; 8 double jack handles; 1500 feet fuse; 500 caps; 4 coils graphite packing; 7 square feet rubber; 2 1/2 gallons coal tar; 1 glass funnel; 1 borax mortar and pestle; 3 dozen carpenter's chalks; 2 grindstones; 4 pounds rabbit; 1 assay furnace; 255 feet 3/4-inch pipe; 37 feet 1/2-inch pipe; 44 feet 2 1/2-inch pipe; 147 feet 1 1/2-inch pipe; 43 feet 1 1/4-inch pipe; 59 feet 6-inch air pipe; 50 feet 3/4-inch rod; 12 feet 3/4-inch iron rod; 7 feet

1-inch iron rod; 24 pieces 3/4-inch steel; 74 pieces 3/4-inch steel; 50 feet 3/4-inch steel; 25 feet 1 1/2x33-inch iron; 10 gallons machine oil; 14 gallons cylinder oil; 20 gallons coal oil; 5 gallons engine oil; 17 pounds axle grease; 5 pounds lard oil; 13 10-gallon cases gasoline; 1 ratchet drill; 1 pipe vise; 2 emery wheels and mandrels; 1 set easy taps and dies; 1 set Little Giant taps and dies; 1 pipe cutter; 1 double block; 1 1 1/2-inch belt clamp; 1 double wood block; 1 bull wheel, with 200 to 300 feet of 3/4-inch steel cable; 1 set chain blocks; also beds and bedding, kitchen utensils, built up of the 10-stamp mill together with numerous other tools and equipment not here enumerated, etc.

This Puts Us on Easy Street

So far as the mill is concerned, but we will require \$3000 to \$4000 to remove this very large and complete outfit to our mine and reinstall it there. This we are doing now, and within 90 days we will have the wheels in motion, when we will get from the rock within a few short months sufficient gold to pay for the outfit and another like it.

The Mill Once at Work, We Shall Be Able to Pay Our Promised Dividends

But we shall not rest until we have 50 stamps at work, night and day, which will mean 150 per cent on every dollar invested in our stock, and when our stockholders have come to actually realize the fruits of what we already have done, we know that this will be urged upon us. In fact, the purchase of this mill from Mr. Lambert was decided upon at a stockholders' meeting. And, by the way, this is the only company on earth, so far as we know, that holds monthly stockholders' meetings. Stockholders meet every month, everything done and to be done is fully and soberly discussed at these gatherings. Receipts and disbursements, completely itemized, are exhibited, and in the fullest and most complete sense, the Oregon-Gold Hill is a stockholders' company. We have no secrets—nothing to conceal—the full condition of the company is known each month—and every stockholder is welcomed to our councils. We are open and above board in everything we do.

We Still Sell Stock at 10c Per Share

It may be paid for 20 per cent down and 20 per cent per month. We, however, shall soon change these terms to 50 per cent down and 50 per cent in 30 days, or sell for cash only; but the minute we have sold sufficient to pay for the removal of our mill and its re-establishment at our mine, no more shares will be sold at any price. This is sure to come about within the next 90 days, and before the wheels are turning 60 days there is no question that these shares will sell at at least five times their present value. By midsummer we shall see this stock going at as much as \$1 per share, and stockholders will hang on to it at these figures.

Shares 10c Each—Never Assessable

You may buy 500 by paying \$10 down and \$10 per month. You may have 1000 if you will pay \$20 down and \$20 per month for four months. You may secure 1500 by paying \$30 down and \$30 per month for four months. You can get 2000 shares at \$40 down and \$40 per month for four months, and other amounts on similar terms. But if bought for cash, 1000 shares may be had for \$90; 2000 shares for \$180; 3000 shares for \$270, and 4000 shares for \$360—and so on all the way up the scale—10 per cent for cash being deducted on all purchases of 1000 shares or more.

There's a Fortune in Oregon Walnuts for You

This is an opportunity of a lifetime. In a year or so you will see our walnut groves yield for \$100 per acre, then \$200 per acre and upwards. The Walnut Grove company has sold more walnuts here than any other concern, and still offer for sale a limited number of five acre tracts of the best three-year-old grafted walnut and filbert trees in the celebrated Ladd farm above the bearing grove for a small payment, down and only \$1 per month per acre for five years, which includes care and cultivation of the trees. The Ladd well 65 feet deep shows A1 soil to that depth.

The walnut tree is healthy and strong, has no scale, no insect pests and will not die inside of 100 years.

Our trees speak for themselves. They produce those first prize walnuts. You cannot afford to miss seeing them. Don't delay; the amount for sale is limited.

Our first price is the ground floor price.

Ten acres of these trees will pay you interest on \$20,000. Bishop Scott academy bought 100 acres of us and will rebuild in the heart of our place. A perfect water system and electric light plant has already been installed. We know of homes to be built here.

If you want to own a few acres in the Ladd farm, the world's best walnut land, bound to double in value several times over in a short while, come and see us at once. Don't delay.

amount for sale is limited. Our first price is the ground floor price.

On the train leaving Fourth and Stark streets Sunday morning at 7:30 there will be about 35 in our excursion to see this Ladd farm, lying immediately adjacent to North Yamhill, a prosperous city, less than 20 minutes' drive in a covered four horse trolley. Won't you join our party, rain or shine? Telephone Main 6918 until 11 o'clock tonight.

Our illustrated walnut book is free for the asking.

Walnut Grove company, owners. E. E. Morgan, president, 1228 Stark street, ground floor. Telephone Main 6234.
