HEINRICH MADE LONG FAVORITE

Backers Force the Teutonic Wrestler for O'Connel Match.

Joe Heinrich, the crack Spokane wrestler, who will meet Ed O'Connell, Multnomah club instructor, in Merrill's hall tomorrow night, has been forced into a 2 to 1 favorite by his backers. Already a considerable sum of money

Already a considerable sum of money has been wagered on the event, the O'Conneil men taking all the money in sight at the prevailing odds.

The fact that Heinrich will enter the match some 22 pounds heavier than O'Conneil, combined with his well known prowess on the mat, makes him the favorits. O'Conneil, by his defeat of Strangler Smith and Dick Hart, has not, it seems, thoroughly convinced local fans that he is the goods as a wrestler. That he is confident in tipping the well muscled Teuton two out of three fails, is evident by the fact that he has placed a goodly amount of his own capital on his chances. But this has not kept him from advising his friends to be reserved in placing their money on him.

Heinrich Comes Today. Heinrich Comes Today.

Heinrich has sent word that he will arrive in Portland today. He is feeling in the best shape of his career and bent upon throwing O'Conneil in successive falls. Heinrich has never worked harder for a match than the present one. Generally he takes his work easily, but he has been doing a Trojan share this trip.

Interest has spread beyond local borders, several out of town parties making reservations around the ringsida. There promises to be a rush on the box office tomorrow night and for that reason it is desired that seats be reserved as early as possible today and tomorrow before 6 o'clock in the evening. The reserved ringside seats are making a hit with the fans. There will be over a thousand of these at the disposal of spectators and indications are that they will all be taken before nightfall tomorrow.

Sentiment Favors Teuton.

Sentiment among the local German population and those who have seen him wrestle before leans wholly toward Heinrich. Joe has performed brilliantly in the past five years. In addition to winning his own matches, he has turned out a large number of winning wrastlers in various classes in his work with athletic clubs. This fact has made him doubly popular as a wreatler.

The referee has not been chosen, the selection being left at the ringside meeting of the two principals. Joe Acton, who refereed the Smith-O'Conneil bout, will in all probability be named as an official, it being understood that Heinrich is favorable to a man who knows the ins and outs of the art. Sentiment Favors Touton.

NOTED ASCOT BACE TRACK CHANGED TO AN AUTO SPEEDWAY

tically admittde that they expected pracracing to be killed by the next legis-lature when it was announced today that Ascot Park/was to be converted into one of the finest automobile speed-ways in the world. C. S. Widlig, acting that Ascot Park was to be converted into one of the finest automobile speedways in the world. C. S. Widlig, acting for the White Sewing Machine company, manufacturers of the White steamer, has made a deposit of \$32,000 with Attorney W. E. Dunn to secure an option on the park. The total price to be paid for the park has not been made public. Although horse races have been prohibited at Ascot ever since it was annexed by the city two years, ago, its purchase by the flutomobile men is believed to indicate that the horsemen are giving up hope of winning their fight. Heretofore the racing interests have confidently asserted that it would be only a matter of time until they would be allowed to reopen the old track, which has been superceded by the Arcadia course.

Under, its new owners Ascot will be made a saucer automobile speedway. The track will be 100 feet wide and the turns will be modified and banked to four or five per cent. The entire face of the track wil be covered with cement.

STEPHENS TEAM WINS GAME FROM SHATTUCK

Stephens Grammar school yesterday defeated Shattuck school, 11 to 0. Stephens was the stronger all the way through the game and rightfully deserved the game. Two touchdowns by the ever present Elliott, the Stephens captain, gave them the 11 scores, one goal being kicked. Shattuck, while playing a grifty game throughout, was unable to stop Elliott and he with Mc-Lynn tore through the Shattuck line for many yards. r many yards. Morrow, the little quarterback of the

Seyce Graham, this year's left tackle on the champion Hill Military academy team, was yesterday elected captain for the coming year. Graham succeeds his brother, Will, as captain. Carl Peringer of Pendleton was elected manager of the 1993 team.

Graham was one of the strongeat tackles in the city schools and it was a surprise to every one when his name was not given on any of the all-star teams selected. He played a strong defensive game and was a big factor in Hill's great strength. He was equally good at carrying the ball and made frequent gains on tackle around tackle plays.

WEBB DECLARES

Says the Antis Have the Best of It in the California Legislature.

(United Press Leased Wire.) San Francisco, Cal., Dec. 2.-Earl H. Webb, president of the California Anti-Race Track league, said today that he believed the great battle to drive the race track out of California was aimost won. The only obstacles which could prevent the reform measure passing the next legislature, he said, were a possibly indifferent attitude on the part of Governor Gillett and a possible refusal of Lieutenant Governor Portar to remove known race track sympathizers from the sepatorial committee whose task it is to pass on the merits of the bill. "We think the fight is won," said Webb, "but we do not intend to let up in our work. The personnel of the legislature for this session is of highclass material, as a rule. This is due to the fact that there has been a general wave of reform throughout the state and the voters have insisted on the party organizations putting up good men as nominees. We are therefore fortunate in being able to present our proposed legislation to men of independent thought and sound intelligence.

Fight Will Be in the Senate. believed the great battle to drive the

Fight Will Be in the Senate.

"Another reason why we feel encouraged is that in a majority of the county conventions both political parties have indorsed this proposed legislation and various chambers of commerce have also gone on record in favor of it.

"The fight will probably be in the senate, as Leavitt and Wolfe, the leaders of the racetrack's fight, are both senators and have worked and voted against this legislation during the past two sessions. They have also been on the committee of public morals, and by reason of that have been able to prevent the anti-racetrack bill being submitted to a vote. This bill will undoubtedly be referred to the committee on public morals, which, at the last session of the legislature, consisted of Irish, Leavitt, Lynch, Wolfe and Kennedy. Irish and Lynch were holdover senators and Lynch was defeated on this very issue, he being known to be in favor of the racetrack.

"Leavitt, Wolfe and Kennedy will be in the senate this year, and as they are known to be against any legislation prohibiting race track gambling it is to be hoped they will not be members of the committee on public morals. The appointing of this committee rests with the licutenant governor.

Gillett Could Turn the Scale.

"Our felenge cleit that we already." Fight Will Be in the Senate.

Gillett Could Turn the Scale, "Our friends cleim that we already have a safe majority in the senate as well as in the assembly. Persenally, I am not so sanguine about the senate, although reports during the last few days are very encouraging. In my judgment it stands equally divided, so that if Governor Gillett should throw the weight of his influence on our side I believe our fight would be wen. So far, Governor Gillett has refrained from expressing himself on this matter, but

"This proposed legislation is in no sense a political issue and in making the right the anti-Racetrack league has avoided taking sides with either political party. As the Republican party will undoubtedly catrol the organization of both the assembly and the senset, the meral responsibility for the fallure of any reform legislation must necessarily fall on the shoulders of that party and the people of this state recognize that fact and would undoubtedly hold the Republican party and its leaders to account."

VARICOCELE

Can Be Cured by My Methods

Many men afflicted with varicocele are en-dangering their general health, their manly pow-ers, and even life itself, by allowing the disor-der to remain uncured. Many of them believe it is an incurable disease, which is far from being the truth, as I have demonstrated not only hun-dreds but thousands of times.

dreds but thousands of times.

Varicocele results from partial paralysis of the delicate nerve fibers that have a part in controlling local circulation of the bleed. The muscular coatings of the veins, being deprived of nerveous communication and control, become inactive, weaken and relax. The blood vessels expand from the pressure within, the circulation in the parts becomes sluggish, and frequent stangant peois form in little nocks and pockets that constantly enlarge as the relaxation centinues. The possibility exists that clots may form in these stagnant pools and then pass out into the general circulation. Should one find lodgment in a valve of the heart, the result might he instant death, or should it be carried to the brain, general paralysis would follow.

I guarantee to cure varicocele in one week

I guarantee to cure varicocele in one week by a method that involves no painful processes. No other physician employs a like method, and so thorough is my work that there need not be the slightest fear of a relapse into the old con-dition.

The Leading

Specialist

It is not a question of whether you can be oured, but whether you will be cured. Don't wait until it is too late. My method for the treatment of varicocele is perfect and guick. The cure is absolutely certain. I use NO KNIFE, cause no pain, and you need not be detained from your work for one day. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on electric belts and other appliances.
