

PLOT TO KILL FRAZER OF INDIA

(United Press Leased Wire.)
Calcutta, Dec. 3.—Following close upon the reported threats against the earl of Minto and his family, three Bengalis were arrested today and charged with plotting the assassination of Lieutenant Governor Frazer of Bengal. Frazer was planning to sail in a little while for England, and the conspiracy as framed was to kill him while he was on his way to the vessel.
The plot, which the authorities believe they frustrated, was only one of a network of conspiracies looking toward the murdering of all British officials and the driving of all white residents from India as fast as the conspirators are discovered they are being hurried to prison, given speedy trials and promptly executed.

WOMAN BEHEADS NEGRO DEBTOR

Mrs. Tena Colby Mangles
John Manley for 40-Cent Laundry Bill.

(United Press Leased Wire.)
Reno, Nev., Dec. 3.—After she had chopped the head off John Manley, a negro miner, because he had refused to pay a 40 cent laundry bill, Mrs. Tena Colby gave herself up to the police today. The bloody deed was done last night at Charey, and the woman is being guarded there, as fast as the hanging high among the friends of the murdered man.
Manley, who was employed as a mucker, had been owing the 40 cent laundry bill for three weeks. Yesterday Mrs. Colby armed herself with an ax and sought her debtor. She told him he must pay the bill or be killed. He refused to give her any money.
Angered at the reply, Mrs. Colby felled the negro with the ax and struck blow after blow.
Manley struggled about the floor after he fell, begging for mercy. He moaned that he would pay the money, even if he went hungry, but the infuriated woman saw the ax blade in his skull. When she stopped from exhaustion Manley's head was severed from his body and the trunk was cut in fragments.

DEWEY ARBITER OF THINGS NAVAL

Admiral Said to Be Slated for Place Next to the Secretary.

(United Press Leased Wire.)
Washington, Dec. 3.—The elevation of Admiral George Dewey to a position in the navy department second only to that of Secretary Truman H. Newberry is predicted by department officials.
Admiral Dewey, as head of the general navy board, will in conjunction with the board be made arbiter of the personnel, matters of construction and all details of naval administration, subject only to the approval of the secretary of the navy and the president as commander in chief of the navy.
The system of bureaus, with the growth of "red tape," that now threatens to hamper the working efficiency of the department will be subordinated. Experts representing each bureau of the navy will be made members of the board and will compose a cabinet under Admiral Dewey.
Secretary Newberry is not yet ready to announce the details of the organization.

PROTECTION FOR GROWERS SURE

Woolmen Seem to Have Won Their Argument for Protective Tariff.

(United Press Leased Wire.)
Washington, Dec. 3.—Congress will not make any change in the wool tariff if the present stand of the ways and means committee is a criterion. The committee appears to be favorable to the present tariff conditions. Among the woolgrowers who have been given a hearing is P. G. Johnson of the Idaho Woolgrowers' association. Mr. Johnson showed that owing to the increase of wages the cost of wool production had increased beyond the protection of the tariff.
During yesterday's hearing General Charles H. Grosvenor, ex-congressman from Ohio, appeared for the woolgrowers of Ohio.
"You can't reduce the duty on wool as it stands without destroying the industry," he told the committee. "The industry is now fairly profitable." General Grosvenor said that under the low rate of duty on wool imposed by the Wilson bill the number of sheep raised in one county of Ohio decreased from 135,000 to 82,000 within four years.
Representative Clark of Missouri, secured the admission that this reduction was, in part, due to the increased value of land in Ohio.

PORTLAND MEN BUY IN BAKER

Placer Mining Property in Burnt River District Changes Hands.

(Special Dispatch to The Journal.)
Baker City, Or., Dec. 3.—One of the most important mining transactions in this section this year was made public by the filing last week of the papers, by which F. M. Batchelor, secretary, on behalf of the Western Exploration & Dredging company, secured from "The Societe Miniere de Clark, Burnt River," practically all of the property of that company in Baker county, including almost the entire valley of Clark's creek, covering 650 acres of patented land, besides numerous mining claims, together with the Meyers' ranch of 120 acres adjoining, and 40 acres of timber land on the headwaters of the creek.
Many millions of dollars' worth of the yellow metal has been taken from these claims. For the past several years the mines have been handled by Chinese companies. Mining men familiar with Clark's valley believe that the richest channels are yet to be uncovered.

TRAP LAID TO TRAP A TRAPPER

Burns Man Tells Grand Jury of Plot to Get Prosecution's Secrets.

(United Press Leased Wire.)
San Francisco, Dec. 3.—John Lawler, a detective on the staff of Secret Service Agent William J. Burns, appeared before the grand jury yesterday and is said by a grant prosecution organ to have divulged the details of a trap laid by Burns and himself, to betray Detective Luther Brown of the United Railroads staff into an attempt to bribe Lawler into revealing the carefully guarded secrets of the prosecution. Lawler showed the grand jury a package of \$200 in marked bills which, he said, represented the money offered him.
The narrative will be further investigated and may form the basis of an indictment not only of Brown but of the "higher ups," who are accused of having hired him to do the deed. Lawler, in his story, is said to have involved William M. Abbott, assistant to T. L. Ford, chief counsel for the United Railroads.
Brown himself was a witness before the grand jury yesterday, telling what he knew about the disappearance of Alexander Lathan, Ruer's former chauffeur, who is said to have accompanied the boss on his trip to the United Railroads office when he is alleged to have taken money away in a shirt box. Brown, as a United Railroads detective, is charged with responsibility for the disappearance of Lathan.
