

# SPORTS OF THE WORLD

## SIX-DAY CYCLE RACE TOMORROW

### International Championship Meet Starts Tonight With Classy List of Entries.

(United Press Leased Wire.)  
New York, Dec. 5.—The week which New York annually gives to bicycle racing begins tonight in Madison Square garden, with the usual international championship meet. This preliminary affair, however, is merely a cocktail to what the appetite of the lovers of bicycling for the annual six days' gruel which will be started at one minute past midnight tomorrow night.

While cycling as a sport has steadily declined in public favor for a decade and more, this six day survival of the good old times seems to have lost none of its popularity. Thousands turn out each year to witness the event and some of the devotees have been known to remain in the garden for two and three days at a time.

The list of entries this year is calculated to furnish some good sport. As has usually been the case in late years the foreign riders are to predominate. Walter Rutt and John Stio, who composed the German-Holland team which captured first honors in last year's race, head the list of foreign teams. Other notable names include Francois Fabr, Honoré Laforcade, Victor Dupré, Leon Georget, Roger Babrouse, Maurice Brocaud, Edward Willis, the diminutive English pace follower, who recently established the world's record by riding 61 miles, 995 yards in an hour.

The winners of past races follow: In 1899, Miles and Waller, 1732.4 miles; 1900, Miles and McFarland, 2628.7 miles; 1901, Walthour and McFarland, 2585.4 miles; 1902, Leander and Krebs, 2472 miles; 1903, Walthour and Munron, 2318.3 miles; 1904, Root and Dorion, 2386.6 miles; 1905, Root and Folger, 2392.2 miles; 1906, Root and Folger, 2392.2 miles; 1907, Butt and Stol, 2686.4 miles.

## DAN PULLEN CHOSEN TO LEAD ARMY SQUAD

### Follows in an Account of the Army Celebration of Victory Over the Navy From an Eastern Exchange, the Sunday Following the Game, November 29.

Dan Pullen, the old Washington university guard, who made the All-Northwest in his college days has just been chosen captain of the West Point football team, the first time that honor has ever gone to a north Pacific man. Pullen was appointed to the military academy from Alaska, being the first from the territory, and a member of the second class. He was mentioned prominently as an All-American football player several times last season. This year he was the star tackle on the team.

Ronald Johnson of Portland is an end on the West Point team, making two boys from the northwest, who were stars in the big game of the Army. Pullen is an account of the Army celebration of victory over the Navy from an eastern exchange, the Sunday following the game, November 29.

For more than two hours this afternoon, the cadets owned the academy and West Point was delirious with joy on the arrival of the team. Never before has an eleven received such an ovation as the victors were given today. Long before the arrival of the special band the men of the corps of cadets gathered at the station with the entire population of the post and many from surrounding towns.

"As the train pulled into the station the blast of the locomotive was drowned by the cheer of the students, who boarded the cars before they had stopped and, seizing the men, carried them to the football field. The horses were detached and a long row was made fast. The cadets dragged their gridiron warriors up the long steep hill to the football field, driving under an arch marked with "Army, 6; Navy, 0" in letters four feet high.

There was a cartoon of cadets riding the navy boat. "We want Pullen," the cadets yelled. The army captain was hoisted on the top of the stage and given a speech. When he came to himself he said, "Fellows, this is a great day for me. I want to thank the people of West Point for showing me the same spirit that they have shown this year and come to the support of the captain next year in the same manner as you have aided me this year. It will be many years before there will be another Navy victory over the Army. As usual, the captain for next year was elected on the homebound trip and Dan Pullen, the big right tackle, was unanimously chosen."

## OLYMPICS WILL SURELY SEND MEN

### Boxing Commissioner Decides on Northern Trip With Football Eleven.

Edgar Frank, chairman of the Multnomah club's boxing and wrestling department, this morning received a letter from Nick Pendergast, commissioner of the Olympic club of San Francisco, stating that the "Winged O" would send at least three men to the Multnomah club meeting New Year's eve, the night before the big football game between the local club and the San Francisco organization.

Pendergast intimated that probably one of the boxers would be Lawrence Granfield, the wonderful little 125 pounder who led the coast championship club in the coast championships last spring. The only other available man to send against Granfield is Neicken, the clever featherweight. Neicken, however, may not be in shape to go on, as he has been out for several weeks. Dranga, who broke his leg during a baseball game at Forest Grove last summer, is just resuming his boxing work, and it will be at least six weeks before he is able to face an opponent.

The friendly relations between the northwest athletic clubs is shown in the offer of Billy Inglis of the Seattle club to let the west coast champion star to Portland to take Neicken's place against the Californian, if the Olympic club insists on going north. Neicken is the name of the boy who has recently risen to a prominent position in the eyes of the Seattle people, and Inglis thinks him better even than Billy Speck, the fast little featherweight.

The names of the other boxer and wrestler the Olympians intend to send north will be known in a day or so, and preparations made locally to provide opponents of their weights.

## MORE POWER OVER RATES

### California's Attorney General Draws Bill for State Regulation.

(United Press Leased Wire.)  
San Francisco, Dec. 5.—Hoping to give the state board of railroad commissioners power greater than that now delegated to the Interstate Commerce commission in regulating railroad affairs, Attorney General S. Webb is preparing a bill for introduction before the legislature at its approaching session.

The bill will clothe the commissioners with the authority to make rates for freight and passenger transportation on all carriers within the state. This will include steam, electric and waterway transportation lines.

The commission will be given the power to act as a court, to call for the books and records of the carriers, to subpoena witnesses and conduct investigations for the purpose of establishing just relations between carriers and shippers and the public.

The board will be delegated power to ascertain whether state and interstate rates are just. Should they find injustice the board may appeal to the Interstate Commerce commission for redress and may represent those who last spring. The bill General Webb has studied the public service laws of the various states. The best of these will be embodied in the measure. A general appropriation bill will accompany the railroad commission bill to provide funds for the work.

## HOUSE LOOTED BY MOURNERS

### Executors of Philadelphia Woman's Estate Find a Shyness of \$75,000.

(United Press Leased Wire.)  
Philadelphia, Pa., Dec. 5.—The city authorities are making an investigation of curious people, who tramped in and out of the residence on October 12, managed to take away with them a vast amount of stuff, and the trustees of the estate have made reports of \$100,000 worth of jewelry, furs, garments and a valuable painting after the woman's body was found lifeless in the mansion at 123 North Broad street on the afternoon of October 13. Although the woman's death was reported as due to valvular heart disease, some doubt of that is now expressed. It has been learned that this was only a superficial opinion, as no autopsy was held.

Mrs. Wood was apparently alone in the house when she died. Her body was discovered by an employee of the American District Telegraph company 12 hours after death. Then the corner and other officials took charge of the remains and, presumably, looked after the property in the house, which was unguarded, although it contained a profusion of art treasures, valuable silver and bronzes, rich plate, rare rugs and thousands of dollars' worth of personal property. No inventory of the goods was taken and no check on possible looters was taken.

It has since developed that the crowds of curious people, who tramped in and out of the residence on October 12, managed to take away with them a vast amount of stuff, and the trustees of the estate have made reports of \$100,000 worth of jewelry, furs, garments and a valuable painting after the woman's body was found lifeless in the mansion at 123 North Broad street on the afternoon of October 13. Although the woman's death was reported as due to valvular heart disease, some doubt of that is now expressed. It has been learned that this was only a superficial opinion, as no autopsy was held.

## CORNISHMAN SEEMS A DOOMED VESSEL

### Portland, Maine, Dec. 5.—Fired in the docks here yesterday destroyed property valued at \$300,000.

Portland, Maine, Dec. 5.—Fired in the docks here yesterday destroyed property valued at \$300,000. The steamer Cornishman, which was lying at her dock, caught fire and the crew were nearly suffocated before they escaped. The fire tugs temporarily extinguished the flames soon after they started, but they broke out again and it seems that the vessel is doomed. She is valued at \$400,000.

(United Press Leased Wire.)

## FAP MULTNOMAHS TO SEE WRESTLING

There has been such an insistent demand on the part of the fair members of the Multnomah club, to see Ed O'Connell, the wonderful wrestling instructor in action, that they have granted this privilege on Ladies' night, next Wednesday. Ever since O'Connell stepped into the arena as the wrestling marvel of the northwest, the popular instructor has been an object of interest to the women.

Edgar Frank, the greatest 155 pound amateur wrestler the coast ever produced, has consented to go on against O'Connell for a short time. Frank knows more about the wrestling game than 75 per cent of the professionals in the ladies' line, and he has a chance to see a classy exhibition match.

Other features of the big program include drills, and gymnastic exercises by both boys and girls classes.

## WELCH READY TO MEET McFARLAND

Los Angeles, Cal., Dec. 5.—Freddie Welch, the English lightweight champion, is ready to meet the American champion, Packy McFarland, in a fight, which is expected to take place in the city of Los Angeles, California, on Monday, December 7th.

Welch is excited over the statements in the Chicago papers, which are misleading as to the light weight situation. "Since Battling Nelson will be busy writing his book until the first of February, and as I do not care to remain idle for that length of time, I would like to fight the light weight champion, McFarland, in the city of Los Angeles, California, on Monday, December 7th, and I am willing to give him another chance. I will fight McFarland for a \$5000 side bet at the lightweight limit, the same as the fight with Battling Nelson. Now if he is sincere in the matter let him come through, and if not let him keep still."

## DAILY PAPER ON A-Y-P GROUNDS

(United Press Leased Wire.)  
San Francisco, Dec. 5.—S. H. Stevens, publisher of the Daily Examiner, of Nome, Alaska, today announced that he had received notice from the managers of the Alaska Yukon exposition granting him the concession to publish a daily paper on the fair grounds.

"I had not been out of Alaska for 10 years, so I came down in October," said Stevens. "I had an idea it would be a good thing to have an official paper, published by a man that knows the Alaska empire, tackled Captain Lewis, chief of concessions, and here is the telegram."

"My plan is to get out a seven column, eight page daily paper, full of daily telegraphic news from all the mining camps in Alaska, and a clearing house for mining news. It will feature the happenings on the fair grounds each day. I figure that at least 25,000 people will come down from Alaska to the fair. J. J. McGrath of Seattle will be associated with me. He is an old Alaska newspaper man, and was formerly on the Nugget."

"I was surprised to see the size of the building and the progress that is being made on the fair grounds. We'll have our newspaper building and plant right on the exposition grounds, and have enough in sight to insure financial success."

## REMARKABLE INVENTION

### AN INSTRUMENT THAT IMPROVES AND STRENGTHENS EYESIGHT

#### Spectacles May Be Abandoned

This instrument, which the inventor has patented, is called "Actina"—a trade-mark word.

In the treatment of eye diseases the inventor of "Actina" claims that there is no need for cutting or drugging the eye in treating most eye diseases, such as Catarrhs, Cataracts, and other abnormal growths have been removed, improved or restored.

By this new and more humane method, millions of cases are cured, and the owners of that device is an instrument of great merit, that they will give absolutely a free trial. They want every one interested to make a thorough investigation and a personal test of "Actina." Orders will be sent on trial, postpaid so that any person can give a test.

They issue a book—a Treatise on Diseases which tells all about "Actina" and the diseases it will remove, what others think of it, what marvelous results it has effected, and all about the responsibility of its owners—all will be sent absolutely free upon request. This book should be in the home of every family. Address Actina Appliances Co., Dept. 58R, 811 Walnut St., Kansas City, Mo.

## CORVALLIS TURNS TO GAME OF BASKETBALL

(Special Dispatch to The Journal.)  
Oregon Agricultural College, Corvallis, Dec. 5.—Now that the football season has closed, interest is centered in basket ball and an attempt is being made to pick a team for the most promising candidates are Moore, Horton and Spiros of last year's five, and the new material available is Harold C. Pugh, formerly of Portland T. M. C. A.; Keck, fullback on the football team and two or three other players of unusual ability.

The basketball schedule has not been completed but the team will likely take an extensive trip about the northwest. Games will probably be played with several eastern teams that will hear the news expected that this year's team will be better than that of last year, as a good coach has been secured. Several of the track men will practice basketball for preliminary training, thereby putting themselves into condition for their various track events.

The first cross country run is to be held this afternoon, the winner to receive a large chicken, second man a goose, third a turkey, and fourth an egg. The course to be covered is two miles in length over the dry streets of the town and fairly fast time will doubtless be made.

## COOKINGHAM WILL LEAD ACADEMY TEAMS

Prescott Cookingham, best known to his schoolmates as "Cooky," who this year has been elected captain of the football team on the Portland Academy team, has been elected captain of the team for the coming season. After the meeting of the track men elected Chester Downs of Portland, captain of the cross country team in the inter-class meet, played at Astoria, Oregon, was elected captain of the seniors and Charles Reynolds of Portland of the freshmen. The Juniors will hold their election later.

## Companies Incorporated.

(State Bureau of the Journal.)  
Salem, Or., Dec. 5.—List of incorporation have been filed in the office of the secretary of state as follows: Blue Mountain Pacer & Power company; principal office, Portland; capital stock, \$25,000; incorporators, Charles Zeno, I. H. Caister and Paul Rader.

Western Manufacturing & Development company; principal office, Portland; capital stock, \$1,000,000; incorporators, William H. Curtis, Wesley G. Saunders, George B. Saunders, Samuel C. Saunders and Leroy Lomax.

Table Rock Mineral Water company; principal office, Portland; capital stock, \$500,000; incorporators, Johnston P. Porter, Bert Yates and Harrison Allen.

Hood Land company; principal office, Portland; capital stock, \$100,000; incorporators, Johnston P. Porter, James B. Kerr and Harrison Allen.

Hop Hing Investment company; principal office, Portland; capital stock \$10,000; incorporators, Lee Hong, Lee Lung, and Lee Tung.

The Building Supply company; principal office, Bay City; capital stock, \$5,000; incorporators, William H. Curtis, W. A. Takalo and William S. Curtis.

## STANFORD MAN ELOPES WITH SORORITY GIRL

(United Press Leased Wire.)  
Stanford University, Cal., Dec. 5.—Robbins Little, a student in the geology department at Stanford university, and Miss Norina Graves, a member of the junior class, having frequently sought permission to wed and despairing of it, hastily left the campus yesterday afternoon and were married at San Jose.

Little played on the baseball and Rugby teams, captaining the freshmen "fifteen" in his first year. He was registered from Pasadena. Miss Graves belonged to the Gamma Phi Beta sorority and registered in the department of Greek from Whitlitt.

The couple have gone to San Miguel, Monterey county, where Little will enter the cattle business.

There are altogether too many ways of making people unhappy.

## PORTLAND BOYS WILL LEAD OREGON TEAMS

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, Or., Dec. 5.—At a meeting of the sophomores class Verne Gilles of Baker City was elected manager of the class track team for the coming season. After the meeting of the track men elected Chester Downs of Portland, captain of the cross country team in the inter-class meet, played at Astoria, Oregon, was elected captain of the seniors and Charles Reynolds of Portland of the freshmen. The Juniors will hold their election later.

## STENOGRAPHER SUES M'LAUGHLIN ESTATE

(United Press Leased Wire.)  
Santa Cruz, Dec. 5.—A local attorney for Miss Anna Busteede, former confidential stenographer for Major Charles McLaughlin, who shot and killed his daughter and himself, yesterday filed a suit against the estate of Major McLaughlin during his financial embarrassment.

The petition was to have come up for hearing yesterday but owing to the illness of a demurrer on the part of Samuel N. Rucker, administrator of the estate, the case was continued until January 8.

Argument between counsel for the removal of Rucker was heard by the court and resulted in a row in which the estate was represented by Attorney R. V. Whiting of San Francisco, representing Miss Busteede.

The charge of Miss Busteede is that she was collecting the amount she claims to have loaned Major McLaughlin has been jeopardized by the sale of the property of the estate under a bank foreclosure.

**WATERBURY FIG SYRUP CO.**

## KAISER'S GIFT TO AMERICAN CHURCH

(Special Dispatch to The Journal.)  
New York, Dec. 5.—A bell presented by Emperor William of Germany to the German Reformed church of America, on the occasion of the celebration of the 150th anniversary of the founding of the church. The bell is five feet high and weighs 2000 pounds. On one side it bears the German coat of arms and an inscription reciting the fact that the bell is a gift from Emperor William.

The church in former times was the Baron von Stauber, who aided the United States in the Revolution, and whose memory in stone was placed in the church in 1793, and John Jacob Astor. The gift from the German emperor was in recognition of the fact that the church has been the worshiping place for thousands of Germans during the century and a half of its

## MEN'S DISEASES

Due Principally to the Fact that I KNOW HOW

By my method I am enabled to reach the vital spot with direct treatment, which drives the disease from the system by going to the root of the disorder. I always obtain prompt and satisfactory results because my searching examination brings to light the nature and extent of the trouble. My experience in curing the diseases of men extends over a period of fifteen years. My facilities are the best and my treatment is perfect.

I especially invite those who have deep seated and chronic disorders to call and be examined. CONSULTATION AND EXAMINATION ARE FREE, and do not obligate you to engage my services.

Let me explain to you how my rational treatment enables me to offer the expert services not obtainable elsewhere and how my clean, liberal business methods go hand in hand with professional skill. Ability and reliability, all the story, and for this reason every man should consult me about his case before going further.

I have treated so many cases that I know just what I can do and no case in which I have doubt as to my ability to cure, and results are always equal to the claims made. Following are some of the diseases I cure and reasons why my cures are certain:

**CONTRACTED DISORDERS.** In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved in the inflammation. They follow a chronic stage that stubbornly resists all ordinary treatment. Sufferers are left with a vestige of infection being eradicated at the earliest possible moment. My treatment is thorough. The remedies employed have a more positive action than has ever before been attained and as a result is my method of application that every chronic case yields completely.

My offices are equipped with the most modern and scientific devices for the treatment and cure of all CHRONIC DEEP-SEATED, COMPLICATED DISEASES. My fees are reasonable and my methods of treatment I treat men only, and confine my practice to NERVOUS WEAKNESS, BLOOD POISON, BLADDER AND KIDNEY DISORDERS.

**VANCOOZE.** This most prevalent of all diseases of men is also the most neglected, either through dread of the harsh methods of treatment commonly employed, or through ignorance of the grave dangers varicocele interferes directly with the circulation and process of waste and repair throughout the generative organs, the necessity of a prompt and thorough cure cannot be too forcibly emphasized. My cure varicocele in one week is absolutely painless process. My cures are permanent and are accomplished without the use of a knife, ligature or caustic.
