MAGNATES TALK BASEBALL TODAY

Little Fear Two Rebel Organizations Will Jump Over Traces.

(United Press Leased Wire.) New York, Dec. 7.—With the full of vague rumors and war talk, the leading spirits in the world of organized baseball held animated council at the Waldorf-Astoria today, with also delegates at the Victoria and several other hotels where the magnates of the big and little leagues are wont to congregate.

It is a good safe bet that baseball history will be made as a result of the several meetings on this week, beginning today with the meeting of the national commission. The American and National leagues hold their annual meetings here tomorrow, but they promise to be exceedingly tame affairs in comparison with the session of the national commission, at which a delegation from the minor leagues will present a firm demand for some desired changes in the national agreement.

Representatives of the clubs comprising the American association and Eastern league were early on hand at the Waldorf-Astoria today in readiness to confer with the national commission in regard to the plan formulated at the recent Buffalo conference through which the club owners of these two leagues hope to be placed in a class by themselves, where they will be unhampered by the restrictions imposed upon the smaller organizations, and in effect, will place them on a level with the two major leagues.

Leaders Confident. Leaders in the American association and Eastern league affect a feeling of confidence in the result of the conference with the governing body. Others who are usually pretty well informed as to the situation do not believe that the changes demanded would destroy the very foundation of the national agreement and consequently are not likely to be given any very serious consideration by the national commission.

Some are inclined to believe that the two big minors may kick over the traces if their demands are refused, but the majority opinion inclines to the belief that there will be no baseball war for the reason that the heads of the American association and Eastern league are among the best experienced men in baseball today and none know better the fact that had they seriously pursued outlaw baseball organizations.

PORTLAND BOY PROVES FAST IN THE DISTANCE

(Special Dispatch to The Journal.) Oregon Agricultural College, Corvallis, Dec. 7.—Before a large crowd of students last Saturday afternoon the juniors defeated the freshmen in the final game of interclass football. A well executed forward pass by McCredie made possible the touchdown. The juniors are class champions and will receive sweaters with class numerals from the athletic department. Between halves the first two mile cross country run was held and won by Griggs in 11 minutes. Cronin won second place and Holton, a new man from Portland, took third. Holton, with more training will develop into a fast miler and Griggs' showing thus far is expected to take the place of Davolt, O. A. C.'s star long distance man.

Holt Cookingham, Captain. It was Holt Cookingham instead of Prescott Cookingham who was elected captain of the Portland academy football team for next year.

RED HOT GOSSIP FOR RABID FANS

Spokane thinks highly of Harry Ostidek, the new catcher recently purchased by Manager Brown from the Boston Americans. Portland came out getting Ostidek last season, but chose Tommy Madden instead.

Manager Dickson of Vancouver is mighty anxious to get hold of old Joe Studden and says he will purchase his services from Atlanta if he will remain in the same. Dick has made Russ Hall an offer for Thirdbaseman Cartwright.

Jack Flannery of Helena is knocking hard for admission to the Northwestern league. He wants to take the Aberdeen franchise, but Aberdeen's progressive merchants are loath to let it go. They are raising \$10,000 to support the team and vice president McFarlane to stay in the league. Helena is a pretty good town.

Los Angeles fans think they have secured a jewel in Jack Goodwin, the pitcher of the Bloomington club of the Three I. He has played professional ball for five years. This year he played third base until Fred Beck stepped in. Frank Wheeler, who was switched to the outfield. He led the team on stolen bases.

Several local boys of the Tri-City league have asked Manager McCredie for a tryout next spring. McCredie will consider one or two of them can do. Harry Gardner of the east side team will be one of these.

Russ Hall says he doesn't want to be president of the Northwestern league. Good for Russ. He is clever. He'd get liberal support as the douma and gives the grand duke.

They ought to import Catcher George Gibson of the Pirates in eastern Oregon, just as they do Brainerd and Hatfield, when they want a few weeps from the sky. George keeps in condition by running down a jackrabbit every day on his farm near London, Ontario.

Texas will witness three games of big league baseball on the training jaunt next spring. The Giants have decided to train in Marlin, Texas, while Huxley Jennings' Tigers train at San Antonio. The games will be played in San Antonio.

Secretary Farrell of the National Association of Minor Baseball Leagues has issued his regular monthly bulletin. It contains a number of announcements of interest to Portland fans. The draft of Muller, Harkness, Magee, Dunn, Spooner and Rose are announced, while Mitchell, Jack Rouse, and Austin, Texas, is also covered.

Jimmie Shinn and Jimmy Smith, to gether with Knapp, on the stand announced as having accepted McCredie's terms for the coming season. Brick Beversley has been reinstated by the Oakland club. Brick was extended the favor more in order that the players favor him in Japan would not be ineligible by playing with him than anything else, although it is reported that he will have charge of some northern club. The sale of Catcher Ostidek to Spokane is also officially confirmed.

Here is the probable lineup of the Los Angeles team at the start of the season. The pitching department in advance sizes up as follows: Hosp, Nagle, Thorsen, Knepper, Phillips, the reliever and probably Ralph Toler. The infield will consist of Dillon, Howard, Delmas and Smith. Wheeler will play utility again with Oakes, Brainerd and Goodwin in the outfield. The latter is the new man from Bloomington. Dillon Beversley with Knapp is not taken seriously. He is expected to play again at the close of his studies at college.

Rangers Want Games. The Albina Rangers desire games with any football team in the city whose average weight is not over 105 pounds. For games call Woodlawn 2359 at any time after 3:30. Games desired on home grounds. The lineup is as follows: J. Furlong, left end; R. Curtin, left tackle; A. Dooney, left guard; E. Sorene, center; I. Scott, right guard; Robert Colvin, right tackle; F. Ferguson, right end; F. Fitzgerald, quarterback; Ralph Colvin, left halfback; E. Neison, fullback; J. Hopper, right halfback.

Holladay Beats South Portland. The South Portland football team was defeated yesterday by the fast Holladay eleven, 10 to 6. A touchdown and a place kick did the work. The feature of the game was the brilliant play of Glenn and Humphrey for Holladay. Mungo of the South Portland played a splendid game at left guard.

SIXTEEN TEAMS SIX-DAY RACE

Irishman Leading Bunch Early This Morning—Big Prize for Foreigners.

(United Press Leased Wire.) New York, Dec. 7.—Sixteen teams of bicycle racers, gathered from all parts of the world, started at 1 o'clock after midnight this morning on the six-day international race at Madison Square Garden.

A purse of \$2000 has been offered by a French firm of bicycle manufacturers to the team which breaks the record, if the riders are foreigners. The 1899 record, which has never yet been broken, was 2733 miles and 40 laps and was made by the Miller and Waller combination.

At 3 o'clock this morning the leaders in the race had covered 18 1/2 miles and 4 laps. This was three laps better than the distance made by the best riders in 1902. Logan of Ireland was in the lead, the balance trailing in short distances behind.

At 9 o'clock nine teams had a score of 206 miles and 5 laps, which in itself is a new record. At 10 o'clock 10 teams had gone 227 miles and 7 laps; four teams were only a lap behind that record; one team had run 224 miles and laps and another had gone 226 miles and 4 laps.

Stanford University, Cal., Dec. 7.—The student body is rejoicing today over the news that "Dan" Murphy, crack coach of the varsity crew, has fully recovered his health and will return to the east within the next few days to take up his work with the candidates for a place in the 1909 crew. Murphy is particularly dear to Stanford in view of the fact that he has trained two of the best racing teams that the university has ever turned out. Murphy's crew of 1905 and the winning eight of last year. Last year the veteran was taken sick with typhoid fever and the rest of the task fell upon Assistant Coach W. F. Turner, 1908. Turner has been in communication with Murphy for some time and the expert is anxious to take up his work here.

The rowing campaign will be carried on with a vigor next spring. The candidates will turn out early and the races they will be put through will be far from slow. As the season progresses races will be arranged with crews around the bay, so that the variety race will not be the first which the crews enter.

The securing of Murphy as a coach and trainer of the oarsmen is considered as a big advantage for the university. He will have some tried oarsmen to work with, among them being Wondries, '08; Cole, '08; Houston, '10; Schuttis, '09; Eisting, '10; Chamberlain, '11; Dole, '11; Daly, '11, and Robinson, '09.

PILKINGTON IS GIVEN HANDSOME TIMEPIECE. Bert Pilkington, halfback on the Multnomah football team, is today the proud possessor of a handsome gold watch, a gift of his fellow club members for his work during the season. The presentation was made during a banquet at the Portland after the O. A. C. Multnomah game, Saturday, at which the players, officials and coaches of both teams were present.

Pilkington, who was a former star fullback on the Agave, is now on the stay on the "Winged M." The present took him completely by surprise. It was suitably engraved.

MASKER HOLDS UP SALOON AND SIX MEN (United Press Leased Wire.) Oakland, Cal., Dec. 7.—Six men were captured to disgorge varying amounts of money and the cash register of the Antlers saloon was looted by a masked highwayman armed with a rusty pistol early today. The robber took place shortly after midnight and the intruder obtained \$53.20 from the patrons and \$7.70 from the cash register. The robber entered the front door and leveling his pistol at the men standing at the bar ordered them to walk to the rear where they were ordered to place hands held above their heads. He then went behind the bar, punched open the cash register and took the money. After compelling each of his victims to empty his pockets and deposit the contents on a table, he thrust a pocketed into a handkerchief and knotted the corners and backed out of the saloon into the street.

UNKNOWN MAN DEAD; REVOLVER AT SIDE (United Press Leased Wire.) San Francisco, Dec. 7.—The body of an unknown man with a bullet hole through the eye and a revolver in his chambers discharged lying beside it was found early today on the sidewalk at Geary and Larkin streets. Whether it is a case of suicide or whether the man died in a struggle with footpads cannot be determined at this time. The police are making an investigation. The sound of the shooting attracted to the scene J. Haecke, a restaurant man. He stated that he heard only one shot, and this leads to the belief that the unknown man committed suicide. The corpse is that of a man about 20 years of age, short and heavyset, with sandy mustache and having the appearance of a Frenchman.

Brilliant New York Wedding. New York, Dec. 7.—Grace church was the scene of a brilliant international wedding this afternoon. When Miss Mary Mason Hasell, daughter of Mr. and Mrs. Lewis Cruiger Hasell, became the bride of George Borwick, eldest son of Sir Robert Hudson Borwick, of London. The wedding was followed with a large reception at the Colony club.

Manufacturers Claim They Will Be Forced Out of Western Markets. BIGGEST BUSIEST BEST 353 Washington Street

(United Press Leased Wire.) Chicago, Dec. 7.—Agents of eastern manufacturing firms are accredited with the statement that many eastern business houses intend to withdraw from the markets of the western states rather than pay the increased freight rates that will become effective January 1.

Eastern manufacturers have the impression that when the higher tariff is levied the transcontinental lines will eliminate the best thing to be done. Freight rates will divert it to the steamship lines. The increased rates will be \$25 per hundred pounds as against the present rate of \$1.50. In both instances the rate does not apply on a shipment under 40,000 pounds.

Manufacturers of the east view the imposition of the higher rates in favor of a discrimination against them in favor of western manufacturers. In addition to paying the increased transportation rates the eastern firms must pay a local rate from the manufacturing city to Chicago.

Are You Planning a Home Celebration For the Christmas Days?

The approach of winter holidays, when families are reunited and guests are entertained, furnishes an additional reason for the purchase of a REAL PIANOLA PIANO

When holidays come around, the resources of the home are put to the test. If you own a Pianola Piano you have something you can always turn to for recreation and amusement.

You can look at it in either of two ways: First, there is the music itself—a tremendous range of over 15,000 compositions—everything from a dainty Venetian love song by Nevin or a gay, dashing Spanish dance by Moszkowski to the martial polonaise of Chopin and the heroic conceptions of Beethoven.

AND THEN ANY PIANIST can also PLAY a PIANOLA PIANO in the REGULAR WAY

CAUTION The supremacy of the Pianola Piano is recognized throughout the world. Do not make the mistake of supposing that all Piano-Players are very much alike and that it will not matter much which one of the different makes you buy.
