At the Y. M. C. A. last night a very pleasant social function was given by the local Christian Endeavor union. The first feature of the entertainment was a program as follows: Quartet, Miss Hazel Hardy, Miss Mona Lawler, Miss Lottie Hampton, Miss F. Olsen; piano selections, by Miss W. Simons; list of hand, Mr. Bell. The most pleasing number of the program was a cantata, "The Singing Garden," rendered by the following gentlemen and ladies of the First Christian church: Miss Katherine Linehan, Miss Myrtle Sals, Miss A. E. Price, Miss Elsie Block, Miss Mabel Burgoyne, James Johnson, Carl Brown, Mrs. Maud Watkins, J. Curtis Robinson and Mrs. S. E. Baker. Following the program a very pleasant social hour was spent in the large gymnasium, after which refreshments were served. An entertaining way a fortunate teller in her oriental booth.

Judge Webster in the county court yesterday appointed Mrs. Honora M. Lawler executrix of the will of her late husband, Isaac Lawler, who left an estate of the net value of \$25,000, after allowing for a \$20,000 mortgage on property in Couch addition. The entire estate is given to the widow for her lifetime, with the proviso that if any of it is undispensed of at her death it shall be held in trust for the benefit of her children, with the proviso that if any of them die before the widow, the share of such child shall be divided among the children of such child. The children are: Kathleen Lawler and Nona Lawler, daughters; R. Emmet Lawler and Gerald Lawler, sons; and Mary C. Schermerhorn, daughter. The daughters in such case are to receive one fifth part each, the remainder to be invested in interest bearing securities for the other legatees, who will share equally.

At the Church of Good Tidings, East Eighth and Couch streets, next Sunday evening the pastor, Rev. J. D. Corby, will present a number of very interesting slides of pictures in Japan where the Universalist faith has won many followers. These pictures have just come from the east and this is a rare chance to see a new phase of the aggressive work of the larger faith. On Monday evening in the same church, Dr. Jay J. Lewis of Boston, Mass., will give the story of the only true passion play. Dr. Lewis was in Japan in 1890 and again in 1900 and was the personal guest of those participating and thus was given many facilities for collecting the choice pictures and rich materials with which he makes this lecture so charming and instructive.

At an early hour Wednesday morning occurred the death of Mrs. H. O. Henderson at her home in Salem. The cause was heart failure. She had been in poor health for some time and a few months ago Mrs. Henderson, with her husband, had been a resident of Lents, at which time Mr. Henderson occupied the pulpit of the Evangelical church. They resided at Lents for the past four years. Mr. Henderson had removed last to Salem. The funeral will be held at Lents tomorrow afternoon at 1 o'clock.

Heinen, administrator of the estates of the three Finns who were killed by a cave-in October 6 in the Brooklyn sewer. NEW UNDERSTUDY FOR ROSE STAHL

Adelaide Harland, who is playing the part of the chorus girl in the "Land of Nod" at the Baker theatre this week, has received an offer from Rose Stahl, the star of "The Chorus Lady," which comes to the Heilig December 20. Miss Stahl has offered to take Miss Harland to London with her next spring when she goes to the British metropolis to present "The Chorus Lady" and wants her to understudy the stellar role in the play, that of Patricia O'Brien, which of course is the part taken by Miss Stahl.

Living Bronze Pictures. Living pictures in bronze are presented by Professor Peterson this week as the principal attraction at the Grand. The pictures represent the classic statuary, such as the Marathon runner and Diana. Nothing like this has been seen here before. An act which the children will like in particular is "Jay Circus."

"A Struggle for Gold" at the Star. "A Struggle for Gold" is the title of A. H. Couger's comedy drama which is the attraction at the Star this week. The scenery is especially elaborate, and being situated in picturesque California, affords ample opportunity and scope for the scenic artist and stage mechanic.

NORDICA TO SING AT HELIG TONIGHT. Tonight at 8:30 Madame Nordica and her company will give their eagerly anticipated concert at the Heilig theatre. The great soprano is so widely known and so well loved that it is almost unnecessary to say anything more than "Nordica sings tonight."

Attach Emergency Clauses. Early adjournment of the council yesterday afternoon was due to the request of the city auditor that this be done to give his force a chance to attach emergency clauses to all ordinances in need of them. Seat Sale for "The Devil." The advance seat sale will open tomorrow (Friday) morning at 10 o'clock at the boxoffice of the Heilig theatre for "The Devil," which will be the attraction for three nights, beginning next Sunday, December 13. This is the original Henry W. Salvage version.

Delightfully Amusing. There is a comedy sketch at Pantages this week entirely out of the ordinary. That is Eugene O'Rourke and Nellie Filinger's presentation of "Parlor A," which is delightfully amusing. Mr. O'Rourke's frothy stamp of originality and his naturalness of manner brings him instantly into the good graces of the audience.

"The Land of Nod." Biggest hit of the season at the Baker is Samuel Rork's beautiful musical extravaganza, "The Land of Nod," which is packing the popular playhouses to the doors at every performance. The children are especially delighted with all the frothy characters, including April Fool, The Man in the Moon, the Sand Man and the Telephone Man.

Another Immense Success. "The Rose of the Rancho," which Baker stock company is presenting all this week, is another immense success, just as "The Golden West" was a few weeks ago. It is a big scenic play of California missions. Miss Jewel is the leading role of Juanita, the Spanish girl, and Sydney Ayres, her American lover, are both cast in parts that require brilliant acting.

Superstition at Orpheum. The great one act playlet "Superstition" is making one of the big hits of the season at the Orpheum. It deals with a fortune teller, a politician and a newspaper man. It is thoroughly modern and up to date and speaks of the things that are going on in the dramatic effect, some political intrigue and a little superstition.

Living Bronze Pictures. Living pictures in bronze are presented by Professor Peterson this week as the principal attraction at the Grand. The pictures represent the classic statuary, such as the Marathon runner and Diana. Nothing like this has been seen here before. An act which the children will like in particular is "Jay Circus."

CHRONIC DISEASES NOW CURED BY ELECTRICITY. The action of the modern high potential, high frequency currents is entirely different from that of ordinary electricity. Glass does not insulate this form of electricity, as it passes through the glass electrodes used in treating skin diseases, ulcers and enlarged glands. As the nerve currents of the body are essentially electric in character, it follows that this powerful form of electricity is the best possible treatment for all nervous diseases, and experience shows that it cures nervous debility, sciatica, nervous headaches, neurasthenia. In rheumatism it is equally effective, and aided by the radiant heat of the high power electric light, it removes inflammation from the joints, or from any part of the body. This power over inflammation makes the treatment curative in a great many conditions which are not influenced by medicine or ordinary methods of treatment. Such troubles as indigestion, chronic constipation and piles yield readily to it, and asthma, chronic bronchitis, consumption (dust and second stages), catarrh of the stomach, appendicitis and kidney diseases are cured. N. B.—This treatment is peculiarly effective in diseases of the prostate, removing congestion and reducing enlargement of the gland. Consultation Free. W. J. HOWARD, M. D., 204-B Bush Street, 2nd and 3rd floors.
