Last night at St. Vincent's hospital occurred the death of Samuel D. Jones, a retired stock breeder, farmer and race horse man. The death was the culmination of a short attack of typhoid fever. He was 54 years old and is survived by his widow. He had no children and leaves an estate of considerable proportions, mostly of real estate on the east side. The funeral arrangements have not as yet been completed. He was familiarly known as "Sam" Jones to the sporting circles of the Pacific coast. He received considerable publicity several years ago as the owner of a race horse, Forest King.

The United East Side Push club held a most interesting meeting at the Sargent hotel last evening. They were addressed by Rev. W. G. Eliot Jr. for over two hours. Mr. Eliot spoke on the proposed new charter and asked and answered questions from the audience. He reviewed the new charter and gave the reasons for the adoption of the Des Moines plan. He was not in favor of the provision to submit franchises to the vote of the people, as he held that that responsibility should rest with the city government. Dr. C. H. Rafferty spoke in regards to the construction of the Bull Run pipe line.

M. H. Henderson, J. H. Morrissey and Thomas Talbot, comprising the school board of district No. 2, have begun suit in the circuit court against the American Surety company of New York, Charles M. Robinson and Secretary of State Benson, alleging that a contract for the construction of a new building has not been complied with. Damages of $2850 are asked, the suit in effect being against Robinson, the contractor, and his surety.

At the annual election of Scout Young camp, No. 2, held last evening in Auditorium hall, the officers elected for the ensuing year were as follows: Commander, George K. McCord; senior vice commander, A. Lincoln Hart; junior vice commander, George Carr; chaplain, J. Montgomery; officer of the day, John Hulford; officer of the guard, J. C. Walsh; trustee, Joseph Hoeye; surgeon, C. C. McCormack, M. D.

Oregon commandery, No. 1, Knights Templar, held its annual election of officers last night in the asylum of the commandery, Masonic temple. The following officers were elected: Eminent commander, S. G. Tomasini; generalissmo, H. L. Bancroft; captain general, William Davis; prelate, Robert A. Miller; treasurer, J. W. Cook; recorder, W. S. Macrum; senior warden, Hugh J. Boyd, and junior warden, V. A. Avery.

Rev. Dr. Jay J. Lewis of Boston, Mass., is spending a few days in Portland with Mrs. Lewis. He is on his way to Los Angeles, where he is to conduct a Universalist evangelistic campaign in connection with Rev. Dr. E. Elwood Nash. He has been secured to preach in the Church of Good Tidings, East Eighth and Couch streets, Sunday morning. His topic will be "God's Grand Love Letter to Man."

The building of the new city dock at St. Johns is well under way, having been begun about a month ago. The new structure is to be 520 feet long and 200 feet wide. The contract calls for its completion within 100 days' time, so it will probably be ready for use early in February.

There will be a rehearsal tonight at the Heilig theatre of the entire Spanish War Veterans' minstrel show, and everyone taking part will be present at 8 o'clock sharp. The seats for the benefit are now selling at Powers & Estes' drug store.

Is Ivory a toilet or a laundry soap?

Both.

It contains such good materials and is so perfectly made that there is no better soap for the toilet and bath.

It is sold at such a reasonable price that it can be used in the laundry—particularly for washing colored goods and articles of delicate texture; linens, laces, embroideries and things of that sort.

HOW I TOOK MY WRINKLES OUT

After Facial Massage, Creams and Beauty Doctors Had Failed.

BY HARRIETT META.

Trouble, worry and ill-health brought me deep lines and wrinkles. I realized that they not only greatly marred my appearance and made me look much older, but that they would greatly interfere with my success, because a woman's success either socially or financially depends very largely on her appearance. The homely woman, with deep lines and furrows in her face, must fight an unequal battle with her younger and better looking sister.

I therefore bought various brands of cold cream and skin foods and massaged my face with most constant regularity, hoping to regain my former appearance. But the wrinkles simply would not go. On the contrary they seemed to get deeper. Next I went to a beauty specialist, who told me she could easily rid me of my wrinkles. I paid my money and took the treatment. Sometimes I thought they got less, but after spending all the money I could afford for such treatment, I found I still had my wrinkles. So I gave up in despair and concluded I must carry them to my grave. One day a friend of mine who was versed in chemistry, made a suggestion, and this gave me a new idea. I immediately went to work making experiments and studying everything I could get hold of on the subject. After several long months of almost numberless trials and discouragements, I finally discovered a process which produced most astounding results on my wrinkles in a single night. I was delighted beyond expression. I tried my treatment again, and lo and behold! my wrinkles were practically gone. A third treatment—three nights in all—and I had no wrinkles and my face was as smooth as ever. I next offered my treatments to some of my immediate friends, who used it with surprising results, and I have now decided to offer it to the public. Miss Gladys Desmond, of Pittsburg, Pa., writes that it made her wrinkles disappear in one night.

Mrs. M. W. Graves, of Bridgeport, Conn., states: "There is not a wrinkle left, my friends say I look 20 years younger. I consider your treatment a godsend to womankind." Mrs. James Barse, of Central City, S. D., writes: "The change is so great that it seems more a work of magic."

I will send further particulars to any one who is interested, absolutely free of charge. I use no cream, facial massage, face steamings or socalled skin foods; there is nothing to inject and nothing to injure the skin. It is an entirely new discovery of my own and so simple that you can use it without the knowledge of your most intimate friends. You apply the treatment at night, and go to bed. In the morning, lo! the wonderful transformation. People often write me: "It sounds too good to be true." Well, the test will tell. If interested in my discovery, please address Harriett Meta, suite 1020L, Syracuse, N. Y., and I will send you full particulars.

INLAND EMPIRE IS READY FOR HER RUN

Dorsey B. Smith, superintendent of the Open River Transportation company, telephoned this morning from Celilo the information that the company's new steamer Inland Empire will leave Celilo on her first trip to Pasco next Wednesday, December 16. Regular trips, three times a week from Celilo to Pasco and Kennewick, will begin December 20.

The Inland Empire is one of the two new boats that the Open River Transportation company will keep in commission on the upper Columbia in connection with its service on the lower Columbia between Big Eddy and Portland until the Celilo canal project is completed, when the steamers will run through from the head of navigation to this city, or to the ocean should it so be desired.

The second boat, which is now in course of construction, will be named the Celilo Falls. It will be ready for launching in a few days. The Inland Empire is as fine a craft as ever floated on the upper river.

RONEY BOYS WILL SING IN AFTERNOON

School children are looking forward to the Roney boys' concert to be given at Masonic temple tomorrow afternoon with much pleasure. It will be remembered that the Roney boys were to have appeared here under the auspices of the Y. M. C. A. at an evening concert but were prevented from doing so by the child labor law.

The Roney boys are from 12 to 14 years of age. Under the law children of this age are prevented from appearing in public at evening performances. The concert Saturday for the school children is to be given in the afternoon and in this way no objection has been made to the performance by the members of the child labor commission and others who have always had the interests of children at heart.

CHIEF'S WANTS BUT HALF MET

Fire Department, However, Will Cost Twice as Much Next Year as in 1908.

Slicing $167,157 from the annual estimate of Chief Campbell, the fire committee of the executive board yesterday afternoon succeeded in bringing the proposed expenditure for 1909 down to $472,000. The figures collected together in the fire chief's report totaled $639,157, which is nearly twice as much as it cost to run the department this year.

Among the items cut out by the committee were several new engine houses and additional equipment and apparatus therefor. Two of these proposed stations, one at East Twenty-second and Thompson streets and the other in Albina, were declared by Messrs. Sullivan and Swett as entirely unnecessary.

Recommendations by the chief that stations be built at Third and Glisan streets in the wholesale and manufacturing district and at some other point near the city hospitals were approved. A water tower will also be included in the list of items approved.

So great was the discrepancy between the estimate made by the fire chief and in the sum allowed him by the committee that Mayor Lane called a secret session of the committee in his office. What decision was reached at this meeting and what recommendation will be made to the ways and means committee of the council was not announced.

Mayor Lane this morning said that the fire committee adjourned to his office simply to be free from interruption and not because anything they did or said was intended to be secret.

"We arrived at no decision as to what items of the fire chief's estimate to cut out," he asserted, "and I don't want the impression to go out that the fire committee is, or that I am arbitrarily seeking to reduce the expenditure. The fact is that the charter explicitly says that not more than 2½ mills to every dollar of the tax fund shall be appropriated to the use of the fire department, and according to the estimated tax roll the allowance under this provision will not exceed at the outside $472,000."

CREMATORY RATS THREATEN CITY

A meeting of the citizens of Portland to discuss the question of securing a new garbage crematory has been called by the Portland realty board, to be held next Tuesday night at the commercial club. S. H. Gruber, president of the municipal affairs committee of the chamber of commerce has consented to address the meeting, and all citizens interested in this important matter are invited to be present.

Portland is in imminent danger of an invasion of the plague on account of the countless thousands of rats which throng the old city crematory on Guild's lake, according to a circular letter issued yesterday by the realty board. The letter quotes Superintendent Daggett of the crematory to this effect, and says that Mr. Daggett's statements, made before the municipal affairs committee of the chamber of commerce last Wednesday are corroborated by Dr. Esther Pohl, city health officer.

Mr. Daggett's startling statements is as follows:

"Rats—hundreds of thousands of them—multitudes of them, no one knows how many, breeding, increasing and multiplying every minute, every day, every hour, in the festering, corrupting dump covering four acres of ground adjacent to the city crematory—a crematory originally built to accommodate a city of 70,000 inhabitants, with a capacity of 25 tons of garbage a day, now receiving from 35 to 40 tons a day, and in summer 75 tons a day, and what is not consumed is dumped on four acres of land adjoining, with the result that it affords a breeding place for countless thousands of rats, which form a menace to the health of the city which few of our people are aware of."

Dr. Pohl declares that the first period of high water in Portland would result in submerging the dump and driving the rats to higher ground, where they would invade the dwellings and scatter through the city. These rats may already be infected with plague, and if they are, the consequences to the city would be appalling.

Special Introductory Sale of

Madame Yale's Preparations

We are pleased to inform the Portland ladies that we have added to our Toilet Goods department a full line of the Madame Yale preparations. While these goods need no introduction to the Portland public, they having been on the market for the past 25 years, and sold in all parts of the world—we are pleased to say, however, that they now become a permanent factor in our department. In this, our introductory sale, we have arranged with Madame Yale whereby we will present you with a souvenir from this famous woman any day this week, in our Toilet Goods department, according to the following arrangement. Come and see this exhibit and talk with the young lady in charge, sent here from New York by Madame Yale.

Madame Yale's Skin Food FREE

During all this week we will have a special souvenir sale on Madame Yale's wonderful Health and Beautifying Products. During that time we shall present each customer who purchases any of Mme. Yale's dollar remedies with a jar of Mme. Yale's celebrated "Skin Food." This exquisite toilet treasure is worth its weight in gold to all who appreciate beautiful, soft, white skin, with youthful plumpness. The fame of Mme. Yale's remedies is so universal that all we might say in their favor could not add any luster to their story. We are pleased, however, to inform our patrons and the public that the ever steady and increasing demand for these scientific specialties is conclusive proof that they are all that is claimed for them.

A New Departure

The cost of interments has been greatly reduced by the Holman Undertaking company.

Heretofore it has been the custom of funeral directors to make charges for all incidentals connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, have departed from that custom. When casket is furnished by us we make no extra charges for embalming, hearse to cemetery, outside box or any services that may be required of us, except clothing, cemetery and carriages, thus effecting a saving of $25 to $75 on each funeral.
