TWO MEN TO GIVE FREAK TESTIMONY

Finch's Attorney Says Eugene Men Saw Struggle in Fisher's Office Before the Shooting Which Resulted in Latter's Death.

That two witnesses from Eugene, B. J. Walls and C. M. Kissinger, will testify that they witnessed a struggle in Ralph B. Fisher's office the afternoon he was shot by James A. Finch, is the sworn statement of C. H. Piggott, attorney for Finch, in an affidavit filed in the circuit court this morning asking that subpoenas be issued for the appearance of the Eugene men to testify when the case of Finch is called for trial on Friday morning.

The affidavit of the attorney says he is informed that Walls and Kissinger will say that on the afternoon of November 28 they were standing on the sidewalk at a point opposite the windows of Fisher's office, and that on chancing to look up they saw a struggle in progress.

Then, as the affidavit runs, they saw Finch standing with his back to the window and his hands extended in the air. A moment later they heard shots. They could recognize Finch, because they had known him for many years, and they knew his features as he moved about quickly in a scuffle.

The call for these subpoenas shows that the attorneys for Finch are working on the self defense theory, despite the testimony of Miss Verna Burkhart, Fisher's stenographer, who witnessed the shooting from the office door and the physical surroundings, which show that Fisher was shot from the rear while sitting in his chair.

In the original application for subpoenas the defense had asked that 12 persons from other parts of the state be directed to appear to testify for Finch, but after had been drawn through 10 of these names, and only Walls and Kissenger are to be called. The names of the other 10 are still legible on the paper, and are as follows:

G. B. Malley of Scappoose, Dr. B. F. Martin and Annie Martin of Grosswell, Rev. D. H. Leach and M. E. Minnter of Corvallis, Percy K. Kelly, George Gilchrist and D. H. Clevenger of Albany and Dr. J. L. Hill and Gale S. Hill of Eugene.

It became known today that overtures have been made to lawyers to take up the Finch defense who have not yet been retained. Whether they will enter into the case depends on conditions that are not likely to be fulfilled. If a new attorney were brought into the case the defense might consider that it would be able to strengthen its protest against being forced to trial on Friday.

ALLEGE PAPER WAS MAILED HERE

(Special Dispatch to The Journal.)

Ogden, Utah, Dec. 16.—The authorities here now say that the paper containing the bills which were mailed to "Charles Price" came from Portland and not Salt Lake City, as first reported. They will not say what paper the money was wrapped in nor tell why they maintain the theory that the papers were mailed at Portland.

REVOLUTION IN CASTRO'S LAND

(United Press Leased Wire.)

Willemstadt, Island of Curacao, Dec. 16.—The end of President Castro's reign is foreshadowed in the serious riots throughout Venezuela as a result of the Dutch reprisals.

Reports reached this city today that the rioting in Caracas last Monday, culminating in the attack on the offices of El Constitucion, Castro's organ, was more serious than at first reported.

Since that incident the population has been in a state of almost open revolt against Castro and Vice President Gomez.

LIGHTHOUSES MUST HAVE HEAD HERE

Efforts of Bellingham Men and Senator Piles to Remove Headquarters of Department From Portland Denounced by Official.

That it would be the greatest of folly to remove the lighthouse department headquarters of this district from this city to Bellingham, as suggested by Senator Piles of Washington, is the contention of every man who knows anything about the workings of the service.

An official who stands high in the government service, but who for various reasons does not wish his name used in connection with this matter, said this morning that, laying aside all selfish motives, Portland is the only logical point for the headquarters of this department.

"It is a well known fact that the Thirteenth lighthouse district is entirely too large, comprising as it does the coasts of Oregon, Washington and Alaska, and it is only a matter of time until it will be devided into two districts, Alaska to be made into a district by itself. Most of the work for the lighthouse department in Oregon and Washington is along the coast, where the lightships and lighthouses are established and to have the headquarters located on Puget sound would simply place it at a great disadvantage. It would be difficult to keep closely in touch with the entire system and instead of being centrally located, the headquarters would be almost at the northern boundary of the district."

The Chamber of Commerce has taken the matter up with the Oregon delegation at Washington.

SONS OF OLD ELI IN SUNRISE LAND

Tokio, Dec. 16.—At the annual banquet of the Yale alumni association of Japan last evening, President-elect Taft of the United States and Viscount Okabe, the new Japanese minister of justice, were toasted amid the greatest enthusiasm.

Prince Ito, himself a Yale graduate and president of the association, sent, as its representative, a telegram to Taft in America congratulating him on his election to the presidency.

The banquet last night was one of the most brilliant in the Japanese capital since the departure of the battleship fleet. The hall was gay with banners. The Stars and Stripes, the red sun of the mikado's flag and the pennant of old Eli all hung conspicuously over the tables. White and brown men alike, with the abandon of undergraduates, sang the old Yale songs and shouted the old Yale yells.

TABOR DEMANDS FIRE PROTECTION

For the purpose of urging fire protection, a committee of nine was appointed at a meeting of the Mount Tabor Improvement association last night to take up the question with the proper authorities. W. A. Laidlaw presided with H. W. Hodges secretary. The committee is composed of the following: J. H. Haake, R. M. Tuttle, A. E. Jackson, R. C. Wright, G. L. Lindsley, Dr. Hamilton Meade, E. M. Collins, O. P. Potts, W. L. Beckmer.

A resolution was adopted as follows:

"Whereas, The chief of the fire department has heretofore recommended an appropriation for the purchase of a site and for equipment of an engine house for the district known as Mount Tabor, including Center addition, South Mount Tabor, Tabor Heights and Montavilla, being the largest district not protected within the city limits.

"Whereas, the committee of the city council having the matter in charge has failed to include in the proposed appropriation any sum whatever for the above purpose.

"Resolved, That it is the sense of the taxpayers and citizens of the above named districts in mass meeting assembled, December 15, 1908, that they are justly entitled to fire protection and that an appropriation should be made for that purpose as recommended by the chief of the fire department; and that a sufficient amount should be included at once in the general appropriation for fire purposes to provide this protection.

"It is further resolved that the chairman of this meeting be and is hereby authorized to appoint a committee of nine taxpayers in the district, to wait upon the proper authorities and press the just and equitable claims of the district."

Mrs. H. J. Cummings, Syracuse, N. Y., recently wrote:

"I am a widow and have to do the hardest kind of work for a living, so have to be on my feet a great deal. They have worked wonders already. I feel much better. Although I live a mile from the center of the city, I now walk there to do my shopping and also do my own housework. I heartily recommend both Warner's Rheumatic Cure and their Safe Cure."

RIPE RASPBERRIES MAY MAKE HIM STAY

G. R. Perry, a resident of Syracuse, N. Y., who is here visiting friends, made a discovery this morning that impressed him so wonderfully that he came forthwith to The Journal office and told about it.

In roaming about the garden of his nephew, Ray Spaulding, who lives at Linnton, down the Willamette a ways, Mr. Perry found a raspberry bush in full bearing, the fruit as luscious as in real raspberry time. He has been here only a few days and had never before heard of small fruits, such as raspberries, strawberries or blackberries ripening at this time of year—a week before Christmas.

"It struck me as remarkable," said Mr. Perry, "and today I got a letter from home telling me how cold it is there and how much snow they are having. I am beginning to think I will make my visit permanent. The climate looks good to me."

"THE KING OF DIAMONDS HAS LICENSE TAKEN AWAY.

Alleged Bogus Gem Man Rails at Newspapers.

BURLINGTON, IA., Nov. 14.—For some time past newspapers in Iowa cities have been reporting the operations of a man whom they called "The King of Diamonds". It appears that there was nothing criminal in his operations, which consisted in selling "phoney" diamonds, but his methods of procedure were not exactly according to the rules. He usually drops into a jobbing house and tells of meeting such and such a representative of the house on the road and selling him a diamond, to be delivered at the store. He explains that the diamond is only an imitation, and offers to sell anybody else around the place the same thing. Then he works up an interest and usually succeeds in selling some of his glassware. Mr. Jack of Diamonds dropped into City Auditor Norton's office one morning and secured a license to sell his wares. He had only been out a short time, however, until Chief of Police Hilts learned of him. Calling in the peddler, he relieved him of his license and gave him back the money he had paid for it. As the man had committed no crime he was released. He was bitter against the newspapers for injuring his business."
