DWYER FAILS ATTEMPT

Throws Ed O'Connell but Once in Hour—Second Match Is Off.

Mike Dwyer came, saw, but did not conquer Ed O'Connell in his handiicap wrestling match in the big Exposition rink last night, in the clearest, hardest fought match ever pulled off in the northwest. One throw during the 60 minutes of wrestling was all that Dwyer could accomplish through another fall, but a stop to the bout. O'Connell's great speed, cleverness and head work did not make the weight of the Chicago man. The largest crowd that ever congregated around the ring since the struggle. Time after time the spectators were brought to their feet when O'Connell, when his speed enabled him to get behind Dwyer. The local man was not content with merely staying on the feet of the challenger, but took the aggressive on a number of occasions. When he did he showed great form and several akir- mishes had Dwyer's shoulders routed. However, the great strength of the easterner and his science, did not enable him to get away from the dan- gerous holds of O'Connell. Dwyer admitted the engagement that O'Connell was the classiest light- weight he had ever met. "I don't think there is a man of his weight in the United States who can throw him," Mike remarked in his dressing room.

OUTLAW LEAGUE STANDS FIRM

Big Leaguers Must Make Many Concessions to Settle California Fight.

San Francisco, Dec. 18.—Unless the moguls of organized baseball in the east and on the Pacific coast accede to the demands of the officials of the outlaw California State league, there is no likelihood that the visit of President Dan Johnson and Harry C. Pulliam, members of the national commission, will result in the prevention of further baseball warfare. The state leaguers declare that they are willing to make only a small concession, maintaining that there is no particular inducement held out to them to join the ranks of organized baseball. Unless they can be assured of sole control over their players and of protection from discipline to those who have jumped from organized baseball teams to their ranks, they will refuse to enter into any agreement with the "big leaguers."

SCRAPPERS CUT OUT HARD WORK

Langford and Flynn Arguing Over Weights for Coming Battle.

San Francisco, Dec. 18.—At the conclusion of their training (for after to- day's "lighting smoke" is judged the truth and that if Langford weighs a pound, he weighs 167. Jimmy says that he (Flynn) weighs 167 pounds. Langford takes exception to this and goes so far as to intimate that the Italian and the Irish name is cheating the scales out of some eight or nine pounds. Looking the scrappers over, it would seem that they are both stretching the facts regarding their avoirdupois. Langford certainly appears to go over the 160 mark, while Flynn can surely go him 10 pounds better. The latter, however, is willing to wager a few that when the time comes for the big doing next Monday night, he will not have an advantage of better than five pounds over his opponent. Neither of the huskies will put in a union working day tomorrow. Flynn will content himself with a few short dashes on the road, passing up the afternoon indoor labors. Langford's handi- cap is a complete day of rest for him.

AGGRIES PLEASED OVER THANKSGIVING GAME

Oregon Agricultural College, Corvallis, Dec. 18.—Much favorable comment is made by the students relative to the proposed Thanksgiving day game with Multnomah in Portland next year, and the very positive manner in which the arrangement. The students desire an annual game in Portland, which they can attend in a body and make a suit- able demonstration, and as Oregon is so much opposed to playing her annual game with O. A. C. in Portland, this game with Multnomah will be a good substitute for the Aggies.

NIGHT RIDER CASES KEPT OUT OF PRINT

(United Press Leased Wire.) Union City, Tenn., Dec. 18.—The testi- mony in the trials of the night riders will not appear in the public prints if the court can prevent it, because under the Federal statute which prohibits dis- semination of news of night rider cases, the court today requested the news- paper men not to publish the testimony. It was made clear that the request would be changed to an order if it was not obeyed. There will be a great number of trials and it is difficult to get in- sors because the interest in the case is general throughout the state and al- most every man has a fixed opinion.

A MAN'S BREADTH ESCAPE

I Never Disappoint My Patients

When I Promise a Cure You May Rely Upon That I Will Cure You

The fear that you could not be cured may have deterred you from taking honest treat- ment. Or you may have been one of the unfortunates who have been treated in vain by inexperienced physicians. FREE TREATMENT. FREE TRIAL SAMPLES. PATENT MEDICINES, ELECTRIC BELTS and other similar devices. Such treatments can not and never will cure you, nor will these remedies cure themselves. When I offer you a cure and am will- ing to risk my professional reputation in curing you and have such FAITH AND CONFIDENCE in my continued success in treating these dis- eases that I WILL NOT DEMAND A DOLLAR UNLESS YOU ARE PERMANENTLY CURED and satisfied with a lasting cure, what fair business proposition can be offered to the sick and afflicted? This should convince the skepti- cal, as I mean what I say and do exactly as I advertise. I am sure of SAFE AND POSITIVE CURES in the shortest possible time without injurious after effects. My charges will be as low as possible for conscientious, skillful services and have guarantees in simple and true. NOT A DOLLAR NEED BE PAID UNTIL CURED.

DR. TAYLOR, The Leading Specialist

My Fee for Thorough Cure Is Only \$10

No man could make you a fairer or more straightforward proposition than that I make this offer because I KNOW that my methods will cure you, no matter what the nature of your ailment. I ever attempt to treat incurable cases. If I attempt to treat your case, therefore, depend upon it that I will cure you. If I failed you could depend upon it that the services I offer you is the service you need, and it service such as can be rendered by no other physician. Maybe you are one of the large number of men who think their case is incurable. Perhaps your own doctor has told you you could not be cured; but remember that is only because he did not understand your disorder and could not cure you. It did not mean that you could not get help from expert or experienced specialists.

I Cure to Stay Cure

By a method that involves no painful processes. No other physician em- ployed like method and so relief ailments. Those suffering from the slightest fear of a relapse into the old condition. It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. My method is perfect and quick. The cure is abso- lutely certain. I especially solicit those cases where many so called treatments have failed—or where money has been wasted on electric belts and other appliances.

I Cure "Weakness"

"Weakness" in all its phases and in practically every case that comes to me for treatment is merely a symptom resulting from a state of chronic inflammation in the prostate gland. The inflammation may be a lingering remnant of some contracted disease, or may have been brought on by early dissipation, etc. In by far the greater number of cases the general health of the patient is perfect, there being no lack of either physical or nervous energy. No stimulants or tonics are needed, and if employed would only result in temporary excitement of the function and physical injury to the tender and already disordered prostate. My treat- ment is a local one entirely. It removes all inflammation, swelling and tenderness from the prostate gland, establishes normal circulation throughout the parts, and restores permanently and completely all natural functions.

I Cure All the Diseases of Men

Such as lost vigor, specific blood poison, organic weakness, varicocele, stricture, hydrocele, piles and relief ailments. Those suffering from varicocele, hydrocele, blood poison, or any other disease tending to de- stroy and disfigure and to render happiness impossible, are urged to call upon me without delay. These wasting valuable time, dissipating their money and aggravating their ailment by submitting to indirect, in- effectual, unscientific treatment that never did and never can cure, are invited to visit my office and investigate my successful system. I positively guarantee results in all curable cases, and frankly refuse to accept any other cases, if for any reason it is too late to guarantee a cure.

Free Consultation and Diagnosis

Call at the office, if possible, for free advice, examination and diag- nosis. If you cannot call, write for Symptom Blank. I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No man should neglect this opportunity to get expert opinion about his trouble. If you cannot call, write for Symptom Blank. My offices are open all day from 9 a. m. to 9 p. m., Sundays from 10 to 1.
