STEAMER PASSES CRAFT WITH LIST

Coming Up the Coast the Senator Sights Steam Schooner St. Helens With Port Rail Nearly Submerged—No Signals of Distress.

A concert for the benefit of the earthquake sufferers in Italy was given on board the Harriman liner Senator Saturday night when on the way from San Francisco to Portland.

The concert was highly entertaining, as there were many talented persons among the passengers, and some very good speakers. The program consisted of music, songs and recitations.

The Senator arrived here last night, reaching Astoria about 10 o'clock. The steamer reports having had a very fair trip north, the weather having been good.

These young men are induced to enter some branch of the association's trade school, where in the course of a few months they get a special training that enables them to go out and take up definite lines of work.

The most valuable feature of the Y. M. C. A. night school is the emphasis laid on it on vocational training.

Among the trades taught in the Portland Y. M. C. A. night schools are the following: Carpentry, plumbing, gas and electric fitting, etc.
