O. M. Clark, Lumberman, Enthusiastic Over Trans-Pacific Countries.

O. M. Clark of the Clark-Wilson Lumber company has returned from a tour of Japan, China and the Philippines, covering over 20,000 miles. He was accompanied by Mrs. Clark...

"We had a fine time and were entertained royally everywhere, but better in Japan than anywhere else. We had heard of the feeling against Americans in Japan, but were unable to find any trace of it. From the little children up they were most friendly to us. We were given free transportation on all the Japanese railroads and streetcar lines and with the feeling against Americans in China and the Philippines Mr. Clark met many people well known here. They were dined by Governor Smith while in Manila. Speaking of his trip Mr. Clark said:

Thoughtful Thief BRINGS BACK BOOKS

Stolen from his home at 401 East Thirty-fourth street Sunday, three time books were returned to D. B. Ulbrand, foreman for Langford & Walker, this morning. The thoughtful thief ran some danger in returning them, too. Apparently he realized what confusion the loss of the time books might cause, and took a long chance to get them back to the rightful owner. Mr. Ulbrand opened the little street office used by the contracting firm at Fifth and Akkeny streets during the construction of the Pacific Paper company building. He went out soon after, and when he returned there was a small package on the floor. He opened it and found his time books. The thief had apparently watched Mr. Ulbrand leave the office and in an instant had stepped to the door and tossed the package inside.

SHOWS PROSPERITY Chapin & Herlow Make Great Improvements in Their Realty Office. Chapin & Herlow have transformed their real estate office, 332 Chamber of Commerce into one of the finest in the city. The fixtures which are all quartered eastern oak and plate glass, are very artistic and would do credit to a bank. The rearrangement seems to give more space to the spacious office. With rich carpets and massive oak furniture this firm shows prosperity. The space outside the counter looks like a private office, it having two large oak tables and matched chairs. Liberal reading matter, such as magazines, booklets and folders with useful information about Oregon, is supplied to patrons who most naturally feel right at home there.

On and Off Chat About Fat The society reporter picked up the following gem at Madam Brewster's not twenty-four hours ago. One of her millionaire customers struggling into a new gown asked the famous costumer how she kept her figure in such superb shape. "You habitually eat and drink heartily and even thoughtlessly, not to say riotously at times," she complained, "whereas I live like a hermit. Yet I can't keep slim and, apparently, you can't get fat."

Being fat herself and fully alive to the tremendous value of these statements to fat folks everywhere, the society reporter committed an unpardonable social sin when she peeped over the lady's shoulder—and this is what she saw: For Excess Fat, simplest, safest, cheapest, most helpful receipt of any: One half ounce Marmola, 3/4 ounce Fluid Extract Cascara Aromatic, 3/4 ounce Peppermint Water.

ing the fair plaintiff an appearance of luxury. John P. Logan, pleading the cause of the woman, told the jurors they should not return a ridiculous verdict but should grow on the affluity business and give Johnson a job he would remember. Judge Morrow's instructions were very brief. The jury, consisting largely of farmers, thought it over for half an hour. Although Johnson said on the stand that he was broke it is understood that he will soon find the coin to settle the judgment. He has been engaged in the feed and flour business with two grown sons.
