(By Journal Leased Salem Wire.) Salem, Jan. 22.—The following bills have been referred to committees: H. B. 77, by Mr. Hawley—A bill for an act providing for raising of school funds. Read first time, January 19, 1909. Education.

Locomotive Strikes a Rock Landed on Right of Way by Avalanche and Is Derailed Near Avery—Inter-ruption to Traffic Brief.

The North Bank limited, bound for Portland on the Spokane, Portland & Seattle, was derailed 1 1/2 miles east of Avery at 4:45 this morning. The locomotive struck a large rock that had been carried over the tracks by a slide and was derailed. Fortunately the train was going slowly because of the bad condition of the track and none of the passenger coaches was derailed.

Engineer L. J. McLaughlin was the only person hurt in the wreck and he was not seriously injured. He was thrown against the side of the cab by the slide and the engine jumped the rails and was derailed. A doctor was taken to the wreck from Avery and the injuries were attended to there. He will be taken to Portland this evening.

CAUCUS TO END

(Continued from Page One.) should it be provided for and constructed along the lines which have been mapped out for it by the legislature. The main institution at Salem is badly overcrowded, antiquated in arrangements and facilities and practically incapable of further extension without altering the general construction plan. It is recognized that something must be done to provide quarters and care for the unfortunate of the state, and for that reason the eastern Oregon branch is looked upon with especial favor by experts who are interested. The different climates existing in the two districts would be a special factor in the care of the insane, and in many instances the high altitude of eastern Oregon would be beneficial, while in other cases the reverse would be the rule.

TABLES FOR SENATE

Increases Salary of Treasurer of Columbia; Amends the Damage Suit Law.

(By Journal Leased Salem Wire.) Salem, Or., Jan. 22.—The bills introduced by Senator Bailey of Multnomah were the only ones passed by the senate yesterday afternoon during brief session. One of these increased the salary of the treasurer of Columbia county to \$1000. The other provides an amendment to procedure in damage cases for personal injuries, allowing either party to demand a jury where there is no answer or appearance by the defendant.

The effect of this is to take away the right of the court to determine the liability of a party in a personal injury case because he is known to be too favorable to the corporations, but he did not mention names.

ANTI-TRUST BILL IN IDAHO SENATE

(Special Dispatch to the Journal.) Boise, Idaho, Jan. 22.—Senator Davis of Elmore county has introduced a stringent anti-trust bill in the senate. It defines the term "trust" and forbids any trust to operate in the state. It provides fines ranging from \$500 to \$5000, and imprisonment. The bill is almost a duplicate of one introduced two years ago by Frank Wyman, which was killed in the senate. What is believed to be a covert attack in the Idaho state normal school, at Albion, Cassia county, was made in the senate when MacBeth of Custer county moved that the senate secure a certified copy of the deed to the land on which the school is located. MacBeth claims the deed contains a joker and is so worded that in case the land is not used as a school site it reverts to the original owners.

French Bark Is Now on the Beach at Ocean Park.

(Special Dispatch to the Journal.) Eugene, Or., Jan. 21.—The removal from office of city treasurer Frank Reiser by the Eugene city council has created a sensation. It is the general topic of discussion on the streets. Reiser refuses to give up the treasurer's books or to turn over the city's funds to the newly elected treasurer, J. J. Walton, claiming that the council has no right to oust him from office. He occupied his office in the city hall until the night of the election and if he is ousted from office it will be by order of the courts.

"A remainder" is a greater or less number of votes than one "quota" cast for one of the candidates of one party of other candidates of the same party in the same district. It is also applied to the number of votes, greater or smaller, cast for one party in one district or party's quotas have been apportioned. For Vague Pains

Backache, headache and other pains, all-over a woman's body, are often caused by some, not well understood, female disease.

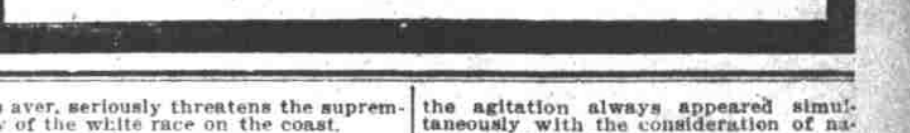

No one can tell just where female trouble will affect you. It acts in a different way on different people. Hence, treating the symptoms gives but little benefit, and the most successful method may be said to be the treatment of the cause—which you

may do, by taking Cardui.

What Cardui has done for other women, it ought surely to do for you. Mrs. M. E. Allred, of Hartford, Wash., writes: "Ever since I was 16 years old, I had headache, backache and other troubles, every month. Some two years ago, I began to use Cardui, and since then I have had no backache, my other troubles have stopped, I don't need any medicine, and I am well."

Beware of Imitations

Cheap Substitutes and "Just As Good As"

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is as "good as Duffy's."

It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise. But they can't imitate the bottle and label only—no one can imitate the contents.

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Any firm that will sell imitation or substitution goods will sell impure goods. The firm that is dishonest in one thing will not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up with that firm. You endanger your own life and the lives of your family and friends by dealing with them.

Beware of Frauds!

Duffy's Pure Malt Whiskey

is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle is sold here so that you may easily recognize it. It is our own patented bottle—round, amber colored and with the name "Duffy's Pure Malt Whiskey Company" blown in the glass. The trademark—the Old Chain—on the label, and over the cork there is an engraved paper seal. He who obtains this seal is not broken. It is the only whiskey recognized by doctors everywhere as a family medicine. At all drug stores, grocers, dealers, or direct from the bottle.
