DR. H. A. HUFFMAN

One of the Members of the Wise Dental
Co. (Inc.) An Expert in All
Branches of Dentistry

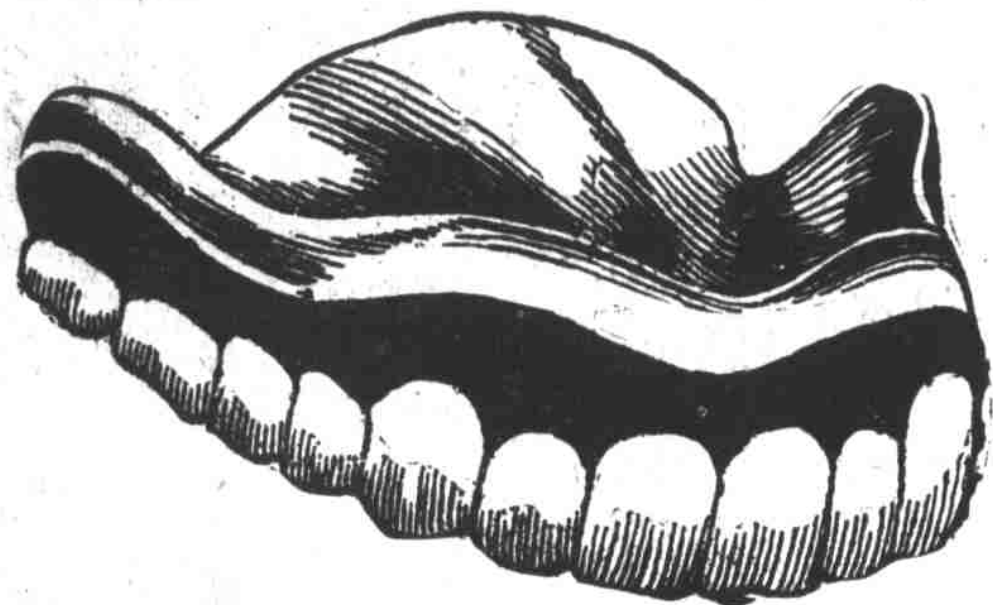

TWENTY-ONE YEARS ESTABLISHED IN PORTLAND

Is a splendid guarantee of our efficiency and fair treatment of our patrons. We have thoroughly solved the problem of extracting and filling teeth without causing the slightest pain to the patient, and you can have any number of teeth extracted without feeling the slightest twinge of pain or suffering any bad after effects.

DO YOU NEED A NEW SET OF TEETH?

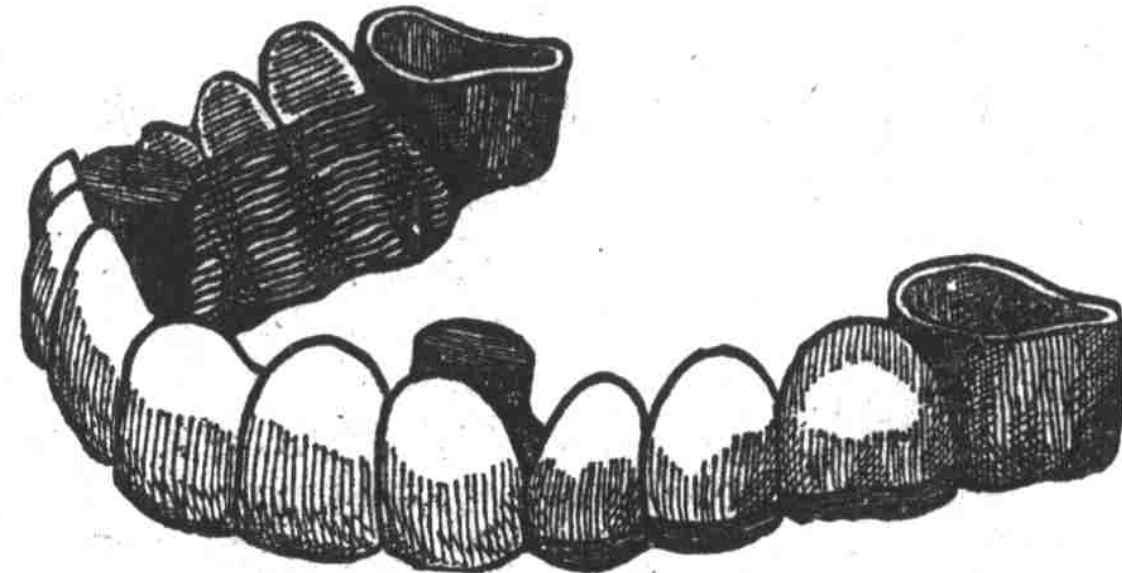

If You Do We Will Make You a Set That Will Look Exactly Like Natural Teeth
That Will Give Your Mouth and Face a Natural Expression

To those unacquainted with this method it may seem a broad statement, but we are prepared to prove it by the same men and women whose appearance speaks for itself. At a very small cost a youthful appearance can be restored. We can and do make sets of teeth over, and reset new teeth on the old plates, and in this way often correct defects in dental work. We will give an examination free. Our means and methods of restoring the natural teeth by artificial substitutes have met with the approval of our many patrons. They have stood the test in years past,

and are readily indorsed by them. When you have extensive dental work done, you had better select a dentist who has had practical experience in this branch of the dental profession, so that time and experience will insure a satisfactory result rather than loss of time and money by incompetency. A visit to our offices will substantiate all our statements and convince you that we are perfectly reliable and able to carry out an operation to desired result.

We could not afford to guarantee experimental work. Every dentist employed in this office is a man of mature years and a graduate of one of the best eastern dental colleges. We

employ men who have been educated in the up-to-date methods. We hold our patronage by giving guaranteed dental work at lower prices than you can get anywhere.

The Wise Dental Company (Inc.) buys material in large quantities and is prepared to make a great number of plates. We always make a trial plate first, and the patients can see just how their teeth will look and feel before the permanent set is made. You see, in that way there is no chance for a mistake.

OUT-OF-TOWN PEOPLE

Should remember that our force is so organized that WE CAN DO THEIR ENTIRE CROWN, BRIDGE AND PLATE WORK IN A DAY if necessary. POSITIVELY PAINLESS EXTRACTING FREE when plates or bridges are ordered. WE REMOVE THE MOST SENSITIVE TEETH AND ROOTS WITHOUT THE LEAST PAIN. NO STUDENTS, no uncertainty—but SPECIALISTS who do the most scientific and careful work.

ALL INSTRUMENTS THOROUGHLY STERILIZED

Another feature of this office—there's no danger of infectious disease. Every instrument is carefully sterilized by an expert attendant every time it is used.

WE ATTACH A BRIDGE

Which works perfectly and chews your food as well as the natural teeth. A well-made bridge is one of the greatest blessings it is possible for a skilled dentist to provide his patient. A well-placed bridge lasts a lifetime and never causes annoyance of any kind. Drop in and let me tell you what is needed. You can have the work done to suit your convenience and pocketbook. Our terms are the most reasonable in Portland, considering the high-grade work always supplied.
