

JEFFREY'S CAME TO US HOLD HIS TONGUE

San Francisco Uncertain New
Fighting Phenom—Nelson
Headed West.

(Special Dispatch to The Journal.)
San Francisco, Feb. 8.—Jeffrey has slipped quietly back to his Los Angeles alfalfa patch after picking up \$6000 for two weeks' work here, and incidentally without making that fighting talk which everybody was looking forward to. It would appear that the big fellow really got away with a very clever trick and that he had just sense enough to hold his tongue when he saw a big stake in sight. He refused to be touted and he did not put himself under obligations to any person or corporation.

The great retired champion has a cool \$50,000 ahead of him for a 30 weeks' tour of the United States, and he has every vaudeville performer was ever offered since vaudeville first saw the light of day. But in order to collect his coin, Jeff must first talk the talk which Johnson or anybody else. The money is his if he does what the vaudeville fighter, William Morris, his new master, tells him, and the chances are that Jeff will use every precaution to talk the big bank roll in his pocket. Jeff is a card so long as he keeps the people guessing, but once he comes out with the announcement that he is going to fight again, he will lose all of his prestige and nobody will be talking about him as they are right now. The theatrical men realize this and the best thing they can do is to keep him in the limelight. The fight fans, however, are still certain that Jeff will be ready to fight Johnson when his big theatrical tour of the United States is over. Jeff is a card so long as he keeps the people guessing, but once he comes out with the announcement that he is going to fight again, he will lose all of his prestige and nobody will be talking about him as they are right now. Johnson and Sam Langford likely will clash over in London before the time is ripe for a Jeff-Johnson match. Both the big smokes have given their word to the London promoters that they will meet on the evening of May 21 at the queen's birthday. There are all sorts of stories going the rounds regarding the size of the purse and the weight of the prize. There are also reports that the men are guaranteed something like \$10,000 each for the fight. Jeff is a card so long as he keeps the people guessing, but once he comes out with the announcement that he is going to fight again, he will lose all of his prestige and nobody will be talking about him as they are right now. Battling Nelson will be in San Francisco in about two weeks, looking for a fight with Jeff. Nelson is a card so long as he keeps the people guessing, but once he comes out with the announcement that he is going to fight again, he will lose all of his prestige and nobody will be talking about him as they are right now. They are still trying to sell the defunct Jeff-Johnson fight. President of Multnomah
Wants All Members to
Vote for Purchase.

By George W. McMillan, President of Multnomah Club.
The M. A. C. will hold its annual election tomorrow night and the retiring president, G. W. McMillan, will submit his annual report for the year ending February 1, 1909, with the report of the purchase of the property which he has organized as the Multnomah Club. The annual address of the president will include a report of the past year's work with such recommendations as he feels will be for the best interests of the club in the future.

It is not known at this time that there will be any radical recommendations from the present government of the club. Outside of the election and the five new board of trustees the principal business of interest will be the proposition of the purchase of the property which he has organized as the Multnomah Club. The annual address of the president will include a report of the past year's work with such recommendations as he feels will be for the best interests of the club in the future.

Not Entirely Social.
Some are contending that we should spend our surplus on more elaborate furnishings for our club house. This class of membership overlooks the fact that the Multnomah Club is not a purely social organization. It is a club and an educational institution and not a purely social organization.

HILL KNOCKS AT STANFORD FOR CLUB SHOOTING

Local Military Academy
Would Become Member
of Cardinal League.

(Special Dispatch to The Journal.)
Stanford University, Palo Alto, Cal., Feb. 8.—The Stanford Intercollegiate Association has received an application from the Hill Military Academy of Portland for admittance to the annual track meet which will be held May 1. As the meet is open to all schools on the Pacific coast on ratification by the committee at Stanford it is probable that the military academy will have its team on the field in competition with other preparatory schools of the coast.

Among the other schools seeking admittance for this year's meet is the Phoenix High school of Phoenix, Ariz. The date for the contest has been set at a much later time this year than in former years. The school authorities will be more favorable. In past years many of the teams have been unable to reach the university on account of the bad storms along the coast.

For the first time in the history of the university the four major athletic sports are now in full swing. The football team is still training for its coming season. The basketball team is now in full training. The tennis team is now in full training. The swimming team is now in full training.

OUTLAWS FADING GRADUALLY AWAY

Inability to Get a Foothold
in San Francisco Lessens
Chance of War.

By Will J. Slattery.
San Francisco, Feb. 8.—As the opening day of the coming baseball season approaches, the war clouds which threatened to obscure the horizon are rapidly disappearing and the chances of the bitter fight between the outlaws and the regulation forces, which seemed certain a month ago, are rapidly smoldering away. And all this seems due to the four-flashing attitude of the California state league, which failed to make good its threats when the time for a showdown rolled around.

Having lost all hope of securing a foothold in San Francisco, the outlaw force are now making a serious attempt to force their way into the city. They are in a position to show the public something and at the present time, they do not seem to be equipped with the goods. Lack of that much needed asset, ready money, has evidently taken all the fight out of the opposition force. The angel is nowhere to be found in the bushes.

With no war pending in this city, the outlook for the Coast league is bright indeed. As San Francisco is the pivot for baseball in the state of California at all events, the outlaws must and will get more than a fair share of the patronage, still the Coast league will have the big city of San Francisco. The game here will be far better than it was last season.

Now that racing is as good as a dead sport in California, baseball is bound to draw many thousands of persons who formerly passed up the ball park for the racetrack. At best, the sport of the outlaws cannot last more than a couple of months here. This means that there will be just this much more money in circulation and a good portion of it will be spent on amusements. Baseball must and will get more than a fair share of the patronage, still the Coast league will have the big city of San Francisco. The game here will be far better than it was last season.

DEER LEAVING FOREST FOR GRASS ON DESERT

(Special Dispatch to The Journal.)
Bend, Or., Feb. 8.—Many deer have been coming down from the mountains during the past few days, and going out onto the "desert," where the snow is melted. The deer are in the mountains, particularly to their liking. Their migration was made rather this year by the severe weather in December, the month when they usually leave the mountains for the lower plains. Woodchoppers report that a band of 10 or more passed through about a mile west of Bend this week.

A Thorough and Permanent Cure for Every Ailing Man Whose Case I Undertake for Treatment and

Not a Dollar Need Be Paid
Until You Are Well

Could Any Offer Be
Fairer?

No man could make a fairer or more straightforward offer than I make. I offer because I KNOW that my methods will cure any case that I accept for treatment. Under no circumstances do I attempt to treat incurable cases. If I attempt to treat your case, therefore, depend upon it that I will cure you. If afflicted you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.
