ENGINE CREW IS KILLED IN EXPLOSION

Great Northern "Owl" Train Locomotive Blows Up--John Lenahan, Engineer, Dead and Fireman Carl Bloom Missing.

(United Press Leased Wire.)
Everett, Wash., Feb. 10.—Engineer John Lenahan is dead and Fireman Carl Bloom is missing and undoubtedly dead under the wreckage of the locomotive pulling the Great Northern "Owl" train, south bound, which was wrecked early this morning near Mukilteo when the locomotive boiler exploded. None of the passengers was injured. The accident occurred about 6:30 o'clock this morning while the train was running at the rate of about 10 miles an hour. The force of the explosion hurled the engine over a steep embankment and into the water, from where it was pulled ashore by the conductor and one of the passengers. Lenahan died soon afterward.
Fireman Bloom of Seattle is missing and it is believed his mangled remains will be found under the wreckage of the locomotive. None of the coaches in the train was damaged except the baggage car, which was partially wrecked. The engine was completely demolished. The boiler was hurled down the track for a distance of more than 100 feet.

ANTI-JAPANESE DEBATE BEGUN

(Continued from Page One.)

"Resolved, That such position is as follows:
"First—That the school system of the state of California is an institution of the state alone—maintained, supported and controlled wholly under and in accordance with the powers reserved to the state.
"Second—That the power to maintain, conduct and control the state school system has not been granted to the federal government.
"Third—That the legislature of California may properly pass any law relative to the school system of this state that in its judgment may seem best.
"Fourth—That by assembly bill No. 14, it is not designed to deprive children of Indian, Mongolian, Chinese or Japanese descent of equal school privileges and opportunities, but on the contrary to these there shall be provided the same privileges and opportunities as are given to and are provided for all other children.
"Fifth—That assembly bill no 14 contemplates the establishment and maintenance of separate schools for different races, but all schools so established and maintained shall afford equal and the same facilities for instruction.
"Sixth—That this assembly recognizes it to be the duty resting upon the state to furnish to children of Indian, Mongolian, Chinese or Japanese descent the same facilities and opportunities as are furnished to children of other races, and affirm that no more can be required and that nothing definite is contemplated by said act. That said act gives to children of Indian, Mongolian, Chinese or Japanese descent who are subjects of other countries the same rights and privileges as are given to native born citizens of California, and no power has the right to demand more.
"Seventh—That this assembly is disposed to accede to the wishes of the federal government as conveyed to us by the governor of this state and the speaker of the assembly, but, while doing so, we reaffirm and assert that the subject matter of state concern falls within the reserve powers of the state and violates no provision of the federal constitution.
"Eighth—That it is the judgment of

this assembly that said bill does not conflict with the treaty existing between the government of the United States and the government of Japan and that, while we recognize the authority to make treaties by federal constitution vested in the president and senate of the United States, we affirm that the right to administer our state school system cannot be controlled by treaty made by the president and the senate of the United States nor by the president alone.
"Ninth—And finally while we recognize that assembly bill No. 14 is drawn and could be passed by the legislature of the state in full conformity with the powers reserved to the state and vouchsafed to it by the federal government, we are unwilling to do aught which might disturb the relations existing between this government and a friendly power and for this reason alone, we recommend that this bill be reconsidered and withdrawn."

CHINESE BEG OF ROOSEVELT EQUAL FAVOR WITH JAPS

San Francisco, Feb. 10.—Recting the alleged wrongs of their countrymen and claiming equal privileges with the Japanese under the "most favored nation" clause, the Chinese Mutual Benefit society and the Chinese Six companies have sent a long telegram to President Roosevelt.

The president is called upon by the Chinese to interfere with immigration inspectors who, it is claimed, illegally seize and search Chinese alien Chinese and are made under a ruling of the supreme court, sole judges of whether the Chinese are entitled to land.
The president is asked not to be inconsistent in being active on behalf of the Japanese while the Chinese, an equally friendly power, are discriminated against from the time they reach America until they leave.
The Chinese declare the constitution of the United States is always violated when Chinese are held in detention sheds and denied the right to bail, though they have been confined in the detention sheds for six months and a year, although reputable Chinese merchants and positions have guaranteed the appearance in court of the suspects and have offered to put up double and triple bonds.
It also cites the cases of persecution of Chinese which have gone on unwarrented and uninterfered with by the federal authorities. Particular reference is made to the destruction of the homes of Chinese in Reno after the authorities had compelled them to abandon their homes in Chinatown.
The telegram was framed by Stidger & Stidger and John Catlin, attorneys for the Chinese Six companies of this city.

NEW YORK ASSEMBLY ADVISES CALIFORNIA TO HASTEN SLOWLY

(United Press Leased Wire.)
Albany, N. Y., Feb. 10.—A resolution condemning the attitude of California toward the Japanese question in pending before the general assembly and will probably be considered by the body next week. The resolution was introduced by Assemblyman Charles Stein of New York, and declares the anti-Japanese legislation under consideration in Sacramento is inadvisable. The suggestion is made that the entire matter is one for the state department to act upon, and recommends that it should be submitted to Washington.

PERKINS IN RANKS OF THOSE FAVORING ROOSEVELT'S PLAN

(United Press Leased Wire.)
Sacramento, Cal., Feb. 10.—One assemblyman consistently favoring anti-Japanese legislation, who will listen to the desires of the federal government in the anti-Jap legislation, was found today by the assemblyman E. Griffiths of Monticello declared he would vote for a reconsideration of the vote on the Johnson bill. He said his declaration

was based on the following telegram from Senator Perkins of California: "If not inconsistent with your views, I hope you will consult and cooperate with Governor Gillett, who, I am sure, has a hearty honor and welfare of our state and of the entire country. Treaties made with foreign nations become the supreme law of the land." Griffiths said he had received the message from Perkins in response to a query.
The message, in view of the recent attack by the president rebuking Perkins for favoring the anti-Japanese school bill, caused comment on the apparent change of attitude on the part of the California senator.

NEW YORK ASKS FOR INTERSTATE ACTION ON JAPS

Albany, N. Y., Feb. 10.—Assemblyman Cuvillier of New York today introduced a bill providing for the creation of a state commission authorized to confer with coordinate bodies from other states regarding the discrimination and welfare of general exclusion act affecting all Japanese. The bill clothes the commission with full power to make a searching investigation of economical conditions as related to the Japanese, and appropriate \$10,000 to defray expenses.
In the regular order the bill was referred to the ways and means committee. Cuvillier is a Democrat, but is not a member of the minority organization. He is known as the only McCallan man in the assembly.

ANTI-JAP MEASURE IS SAID TO MAKE NEBRASKANS LAUGH

Lincoln, Neb., Feb. 10.—Representative Howard's anti-Japanese bill, providing for the segregation of Japanese and Chinese from white workers on farms and in factories, is termed "the biggest joke of the session" by members. The bill is not taken seriously by the majority.

SULTRY DEBATE ON PARDON BILL

Salem, Or., Feb. 10.—Senator Bailey aroused the ire of Senator Selling yesterday during the discussion of the pardon board measure. Senator Selling said he represented the Prisoners' Aid society of Portland, and that association wanted no such measure as the pardon board bill provided. Senator Bailey said if Selling represented the Prisoners' Aid society, he would not be in favor of the bill.
Senator Selling said Mrs. Millie R. Trumbull had especially asked him to see that the pardon board measure did not pass. Senator Bailey said Mrs. Trumbull had assisted in drafting the measure and had suggested several amendments to the measure. He said he had expressed herself to him as in favor of the bill.
It was at this juncture that Selling arose and interrupted Bailey by saying he would not allow such statements to go unchallenged. The president called Mr. Selling to order and the matter was dropped.
The discussion arose when the committee which had the bill under consideration reported it favorably with several amendments. Selling wished to kill the bill without further procedure and moved to indefinitely postpone it, but the senate felt the members should be given a chance to view the printed bill in its amended form and voted to have it sent to the printer.
The vote on this motion showed the bill had not enough support to assure its passage. It was the consensus of

Hair on Face, Neck and Arms Removed by the New Principle DeMiracle

a revolution to modern science. It is the only scientific and practical way to destroy hair. Best results are obtained by using the DeMiracle on the face, neck and arms. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines. DeMiracle mailed, sealed in plain wrapper, for \$1.00. Your money back without question (no red tape) if it fails to do all that is claimed. DeMiracle Chemical Co., 1005 East Ave., New York.

27 BIRTHS AND 14 DEATHS IN LINN

Albany, Or., Feb. 10.—County Health Officer Davis has made out his January report, showing 27 births and 14 deaths for the month in Linn county. None of the deaths was from contagious disease. The rate is less than 1 in 1929.

TAFT PARTY NOT IN ANY DANGER

New Orleans, Feb. 10.—Attempts by wireless operators to reach the aerials of the cruisers Montana and North Carolina were thwarted with success this afternoon after failure to reach them had caused fears for the safety of President-elect Taft and his party, who are returning from Panama on the way westward.
The president-elect, Mrs. Taft and a party of engineers who have been examining the canal will reach the mouth

A SIMPLE TRICK
It's an easy matter to keep your joints and muscles supple—no matter what your age may be. How many of you suffered with rheumatism, stiff neck, stiff joints, aching limbs, stiffness, cramps, etc. in the back, side, neck or limbs and relieved only by rest and pain-killing drugs? Drug Co.
