**OLD MAN SEEKS FAMILY AND COIN**

(United Press Leased Wire.) Seattle, Wash., Feb. 11.—Leroy Lander, 63 years of age, is demanding the use of his child wife, his 15 months old and illegitimate 1 1/2 year old children. Supported on evidence in default of evidence the state attorney's office has had the prosecuting attorney's office and obtained the aid of the law

to help him locate his missing wife and child. He asked the prosecutor to issue a warrant for the arrest of Bertha Franklin, his wife's sister, to whom he attributes his troubles. Lander lived on Vashon island with his young wife and, according to his own story, on Monday last he left her with her sister in the cottage to guard a school containing \$2260 while he attended to business matters. On his return, he said, his wife and baby, his sister-in-law and the money were gone. On his complaint a warrant was issued for the arrest of Bertha Franklin and a search warrant was issued for a home in this city conducted by the mother of the missing woman. Here the detectives were informed that they arrived at the place Monday evening but had left the same night. Lander

now believes his wife and her sister have sailed for Alaska, though their names could not be found on the passenger list of any vessel sailing for the far north. **TWO MEN PERISH IN CHICAGO DEPOT FIRE** (United Press Leased Wire.) Chicago, Feb. 11.—The bodies of two men were removed early today from the ruins of the Wabash railroad freight depot, which burned last night. It is believed another body is in the ruins. One of the dead has been identified as Watchman Malone. The other was not identified. The loss of the building and contents will amount to \$600,000.

**ONE OF THREE SALARIES RAISED**

Salem, Or., Feb. 11.—Representative Purdin's bill raising the salary of the county judge of Jackson county from \$1200 to \$1800 failed to pass yesterday afternoon. It received 15 votes, with four absentees. Sixteen votes are required to pass a bill. Senator Multt made an unavailing plea for the measure. Another salary raising bill, fathered

by Representative Mahoney, was unmercifully scored by Senator Kay and was unable to find a defender. Senator Oliver, representing the counties composing the Tenth judicial district, in which the bill proposed to increase the salary of the prosecuting attorney from \$2000 to \$2700, said he had received several protests against it and no one had asked him to support it. He therefore moved indefinite postponement, which was carried by unanimous vote. Kay, in his attack on the bill, pointed out that the prosecuting attorney of the district sits within \$400 of the amount paid to the like officer in the Marion county district, but the assessed valuations of the two districts are \$27,000 and \$245,000. He said the bill had no merit whatever, and the senate agreed with him. Senator Chase's bill fixing the salary

of the sheriff of Coos county at \$2600, beginning at the expiration of the present incumbent's term, was passed with few negative votes. **EXPERIMENT STATION BILL SENT BACK** (By Journal Leased Salem Wire.) Salem, Or., Feb. 11.—Senator Oliver's bill appropriating \$15,000 per year for the support of the eastern Oregon experiment station at Union met so much opposition on the floor yesterday afternoon that its author finally consented that it go back to the committee on agriculture without instructions. Selling thought the appropriation too

large and objected to making it continuous. The sum provided is double the previous appropriation, but the pending bill sets aside \$2500 for a sub-station in Baker county. Miller of Linn and Lane suggested cutting the appropriation to \$10,000 and leaving out the continuous provision. Action on this line is likely to be the final outcome. **A SIMPLE TRICK.** It's an easy matter to keep your joints and muscles supple—no matter what your age may be or how you have suffered with rheumatism.
