SHOOTS ENEMY

Blood, Tries to Kill Chinaman.

An attempt to murder Jim Sing, a Chinaman, was made last evening, and

Chinamen, was made last evening, and the police are trying to ascertain whether it means the outbreak of tong hostilities or a personal feud.

Daniel Rives, who says that his father was a Mexican, that his mother was Chinese and that he was born in Japan, is in the city jail charged with shooting the Chinaman, who, strange to say, is not fatally injured, although one bullet longed in his back bone. Rives was arrested at midnight in a lodging house at Third and Jefferson streets, where he has been living with his white wife and little son. The wife was the widow of John Carroll of Casiterock, Wash., when Rives married her at Kalama, according to the story she told Sergeant Goltz and Detective Howell last night.

Rives denies having shot Sing. Rives denies having shot Sing. He admits his membership in the Suey Sing Tong. When the officers forced their way into Rives' room they found Rives idding in a closet, clad only in his unseculations.

The Chinaman was shot on a stairway of a building at the northwest corner of Fourth and Fianders streets in what is known as "New Chinatown." Sing turned on his assailant, although wounded in the back by the first shot, and grappled with him. The second shot went wide of its mark. The man with the gun ran down the stairs and escaped. Three hours later Rives was arrested at Third and Jefferson, three Chinamen declaring that they say the shooting and that Rives did it.

Airs. Rives told the officers that her husband gambled in new Chinatown, although all the money he carned was needed at home.

Jim Sing, who lives in the building where he was shot, was removed in a Red Cross ambulance to the Good Samaritan hospital, where, it was reported this morning, he was resting easily. Sing is a member of the Hip Sing Tong, it is said.

(By Journal Leased Salem Wire.) An unfavorable report from the committee on resolutions is lying on the desk in the senate, awaiting action.

The committee stood three against, one in favor and one noncommittal. Those joining in the negative report were Kay, Norton and Parish, A large number of the senators are chary about expressing their views. They offer various pleas for this attitude, usually saying they have not given the matter close enough study to express an opin-

BILLS DUMPED

Those Whose \$19,000 Kept School Open.

(By Journal Leased Salem Wire.) Salem, Or., Feb. 17 .- The senate committee on ways and means has decided

mittee on ways and means has decided to cut out the deficiency appropriation of \$19,000 to reimburse those who contributed to the support of the Drain normal school after the state quit appropriating for it.

As the school was conducted under auspices of the state regents, those who put up the money, under some color of state authority, claimed the state should repay them. But Nottingham and his colleagues think otherwise.

Chairman Nottingham says that though he has been importuned in behalf of various land purchase schemes, only one expenditure for land will be authorized. This will be a \$3000 item for six acres adjoining the asylum site on which it is proposed to erect the new heating plant.

INDICTED FOR THEFT OF CANNED GOODS

He will be arraigned before presiding Judge Gantenbein this afternoon. William Hogan also was indicted, charged with a statutory offense.

The Man Who Eats Well

And Enjoys Food Lives Life as He Should and Gets the Most From It.

Most From It.

The man who eats is the man who works, and the man who works is the man who works, and the man who works is the man who wins. Tireless workers depend upon a storehouse of vim and vigor. India is noted for its fasters and its dreamers. Europe and America for their eaters and their workers.

In America we have been doing nothing but work this past quarter of a century. That is why our old men say. "In my days no one had dyspepsia." Of course, all men in those days ate and worked, now they work and eat. If eating interferes with business, men give up eating. This is good logic for the dollar getter, but poor wisdom for the man who really wants to live. Abuse of anything God given results in punishment, and man is a pigmy when it comes to cheating his system. If you take from the system that which is intended should remain, or put into it that which is intended should be kept out, you are cheating yourself, and sconer or later pay the penalty. Stuart's Dyspepsia Tablets are concentrated vegetable and fruit essences which give the system every fluid, stimulant and ingredient necessary to gain the fullest strength from everything which goes into the stomach or to keep from the system everything which goes into the stomach or to keep from the system everything which should not lay and decay in it. If you will eat fast and improperly, if you will drink and eat irregularly and to excess, then give to nature as you do so enough of the essence she demands to neutralize the bad effects of your habits.

After a meal take a Stuart's Dyspepsion.

you do so enough of the essence she demands to neutralize the bad effects of your habits.

After a meal take a Stuart's Dyspepsis Tablet, and the meal won't hurryou or your stomach.

At a midnight dinner take a Stuart tablet and you will sleep well and get up without a breath which is filled with the decay of the midnight meal. Fortify your stomach like you do your business. Fortunes when lost can be regained, but the stomach, outraged, stays with you to the finish, and you know it is there.
