MINING STOCKS FOR SALE AND EXCHANGE 58

MR. INVESTOR:

Your attention for a moment. Do you realize that golden opportunities are being presented to you daily?
As the world rolls on and new methods of doing things that count and make money in an industrial line are proving that

DOLLARS INVESTED

Are working and accumulating faster than you can make them by marginal speculation.
Of all the large fortunes of the WEST, the greatest have been derived from mother earth.
Looking backward two or three years, possibly you can remember when the Rainbow mine was placed on the market at 10 cents a share. Recently Samuel Newhouse, one of America's most successful mining operators, bought the controlling interest in this property for $1 a share.
The Mohawk mine at Goldfield was sold at 10 cents a share. Two years later the public were eager purchasers at $20 a share. An investment in Mohawk of $100 at that time would have returned $20,000 to the lucky one in two years' time.
Investors who got their money down on these plums are enjoying "EASY STREET."

WE WANT TO

Let you know that other opportunities remain. Good, conservative investments, where your money is bound to double in a reasonable time, are to be picked up once in a while by the MAN who has keen insight and business acumen.
In The Journal of Sunday, Feb. 6, we told you about the

GOLD COIN PROPERTY

If you overlooked our article containing Mr. Edwards' report, look it up. It will interest you.
Here is where you can get in on the ground floor, and climb to the pinnacle with us. We have spent our own money, to date, and know we have a BONANZA.
If you care to interest yourself call and see us for details. We may interest you. If you are not in the mood to buy, call anyway and look us over.

GOLD COIN STOCK

Is now selling at a low price and will reach par shortly after the first year's cleanup, as over $300,000 worth of

PAY DIRT

Is now in sight for this season's work alone. Over 25,000,000 yards of dirt are available on this property and at the expert's lowest figures of $1.25 a yard, makes a grand total of over THIRTY MILLION DOLLARS.
