## YOU CAN OPEN A CREDIT ACCOUNT WITH US

## WE'LL FURNISH YOUR HOME AND YOU CAN PAY US AT YOUR CONVENIENCE

Our Dignified Credit Plan is the most perfect and satisfactory ever devised. We are broad and liberal in dealing with our credit customers and never at any time do we make them feel that buying from us on credit is anything else but a very pleasant business transaction. You are welcome to pay us a visit at any time whether you come to look or to buy

## THE STORE THAT SAVES YOU MONEY

## COME IN AND SEE OUR BIG LINE OF STOVES AND RANGES

**\$5 Down, \$1 Week**

### Superior Construction

**BODY**—Made from heavy grade blue painted steel, double and interlined with asbestos where exposed to the direct action of the fire.  
**CASTINGS**—Made from Kemi-Test metal, the smoothest, toughest and longest lasting iron ever placed in stoves.  
**RIVETING**—All rivets are driven cold by hand.  
**FIRE-BOX**—Extra large and lined with sectional, easily removed, heavy heat-resisting linings.  
**GRATE**—Our famous JEWEL duplex, made without track or frames to warp and crack; can be quickly removed without disturbing the fire-box linings. When reversed forms a perfect wood fire bottom.  
**POUCH FEED AND GRATE DOOR**—The entire left end of the range in front of the fire-box is cast-iron. The pouch-feed door lifts for feeding coal, and the grate door, when dropped, exposes entire front of grate for cleaning the fire.  
**OVENS**—Made square, full size, with Dean's patented non-buckling oven bottom. Top protected by special cast plate. Oven thermometer furnished.  
**TOP PLATE**—Cast in sections to insure against warping or cracking. Six cooking holes provided. Covers and centers of trussed design.  
**ASH-PIT**—Extra large and equipped with heavy steel bailed ash-pan.  
**STYLES AND SIZES**—Made in six styles and six sizes, with 14, 16, 18 and 20-inch ovens.

15-Year Guarantee

**\$5 Down, \$1 Week**

### A Quick and Perfect Baker

Good baking and cooking are dependent on the range. Get a range that "always works, never balks"; that bakes on oven rack and oven bottom; that gives quality and satisfactory results from less fuel.  
 Large, high, square ovens; are full size and are fitted with JEWEL patent two-piece oven bottom, which cannot warp. For more than 40 years they have led in every feature that contributes to fuel-saving and cooking quality.  
 JEWEL Stoves include many original and exclusive ideas and are made in the most complete line of sizes ever offered to the American housewife.  
 JEWEL Stoves embody the many features of practical excellence you expect in the product of the world's largest stove plant.  
 The oven walls are lined with asbestos, concentrating the heat around the oven, economizing heat and making JEWELs quick and perfect bakers.  
 Easy to operate; a model of simplicity and the handsomest and most durable range on the market. They have maintained supremacy in the face of world-wide competition for more than 40 years. You run no risk when you buy a JEWEL.
