

BILLS FILED ARE NOW LAWS

Measures That Have Been Passed by Both Houses and That Went Up to the Chief Executive for His Signature.

(By Journal Leased Salem Wire.)

Salem, Or., Feb. 23.—One hundred and forty-five bills were filed by Governor Chamberlain today, and are now laws of the state. Among the number are some of the most important measures passed during the legislative session.

The pilotage bill, making effective the control of the Port of Portland over the bar pilots, is approved. So are the bills appropriating \$100,000 in four equal annual payments for the road to Crater Lake, \$75,000 for the extension of the portage road from Big Eddy to the falls and \$40,000 for the payment of bounty on coyotes, cougars and wolves.

The Hawley bill providing for six month school in every district in Oregon is now a law. So is the bill setting aside \$45,000 for establishing and maintaining state sanitariums for the treatment of tuberculosis, and the Schofield measure authorizing counties to establish local sanitariums by county taxation.

The new tax levy of the state beginning in 1911 to provide \$300,000 for free locks at the falls of the Willamette is now a law. So is the Kay bill authorizing outside mutual fire insurance companies to transact business in this state, and the Bailey bill sanctioning the formation of cooperative associations.

Among the other approved bills making appropriations are the ones providing \$25,000 additional for the Oregon exhibit at the Alaska-Yukon-Pacific exposition, \$75,000 for the removal of the deaf mute school, \$15,000 for a bridge over the Snake river at Ontario, \$210,000 for the support of the Oregon agricultural college, \$12,000 for a central fish hatchery on the lower Columbia, \$25,000 for improvements at the state fair grounds, the bill paying claims of the Drain normal school and authorizing transfer of the buildings of the normal school district, and the bill carrying aid for the Patton home, Florence Cullen home, Baby home, Boys' and Girls' Aid society and Oregon Historical society.

On the approved list also is the Kellaher bill compelling railroads to make switch connections. The Buchanan bill providing for submitting to the people the question of a constitutional convention, and the \$200,000 appropriation for an eastern Oregon insane asylum, contingent on the vote of the people at the next election.

Other measures of more than local importance are the McCue bill, authorizing counties to levy one half mill for advertising purposes, the Bowerman bill providing that the supreme court may transfer circuit judges from one district to another to relieve congestion of cases in the courts, and the bill establishing a state conservation commission of seven members.

The deficiency appropriation bill, carrying about \$181,000, is approved. Local referendum bills are approved. Bills are authorized by the bill drafted by Senators Johnson and Kay. The Hodges bill providing an additional judge in the fifth district to assist Judge McBride has also met the governor's approval.

(By Journal Leased Salem Wire.)

Salem, Or., Feb. 23.—The following bills were filed by the governor today:

House Bills Filed by the Governor.
H. B. 11. (Umatilla and Morrow delegations)—Experiment station, Umatilla irrigation project.
H. B. 12. (Mahoney)—Pilotage on Columbia river.
H. B. 13. (Mahoney)—Prohibiting certain classes of advertising.

MAKES HIM ROAR

H. B. 19. (Mahoney)—Town plats and additions.
H. B. 22. (Barrett)—A bill for an act providing for extension of portage railway between Celilo and Big Eddy.
H. B. 23. (Jasper)—Additional appropriation of \$25,000 for Seattle exposition.
H. B. 31. (Buchanan)—Codifying the laws.

S. B. 255. (Bowerman)—To prevent certain animals from running at large in Gilliam county.
S. B. 257. (Beach)—Prohibiting children from taking part in public performances.

ROOSEVELTS TO ROBINSON FUNERAL

(United Press Leased Wire.)
Washington, Feb. 23.—President Roosevelt and Mrs. Roosevelt will leave at midnight for New York to attend the funeral of Stewart Douglas Robinson, nephew of the president, who was killed by falling from a window of a Harvard university dormitory Saturday night. They expect to return immediately after the funeral.

FIND THE BLAME FOR ACCIDENT

That the Oregon Electric Railway company is to blame for the death of Frank J. McKinley, a brakeman, who died the evening of February 18 from injuries received early that day, was the verdict of the coroner's jury, which late yesterday afternoon completed its investigation of the accident.
The session Saturday evening was adjourned as none of the witnesses present could tell why the guy wire pole which swept McKinley off the car in the yards near Hood and Porter streets had been removed since the accident. Coroner Norden then informed the company that an explanation must be made, and yesterday this was forthcoming in the testimony of C. L. Brown, superintendent of the construction of the company.
He said first that the pole had been

removed to fill out the day for his men, but it later developed that the pole had been removed at 8 o'clock on the morning following McKinley's death.

Brown testified that he received no orders to remove the pole, but deemed it

dangerous and when he learned that a man had been injured by it the day before, had it taken out.

Your rent money will buy a home. See Gregory's ad on Page 4.

Anty Drudge on Nightmares.

Mrs. Neverrest—"Can't one have some awful nightmares, Anty. I did a big day's washing yesterday—it took me all day. And last night I dreamed I was on an island in the midst of a big lake of boiling, steaming, dirty clothes, and I had to wash every one of them. Mercy! What a headache it has given me."

Anty Drudge—"No wonder it gives you a nightmare and headache, the way you do your washing, boiling and hard-rubbing all day. After this use Fels-Naptha in lukewarm water, without boiling or hard-rubbing, and you will be through so early that you'll forget it before night and won't have any nightmare or headache."

Winter washdays cease to be a nightmare when the clothes are washed with Fels-Naptha in lukewarm water.

In the first place there's no boiling.

Fels-Naptha makes the clothes cleaner and whiter and sweeter without it.

No hot water is used and there's no steam to fill the house and give your people colds.

You've no steaming suds to bend over; no nauseous odors to inhale. Your hands are not reddened and chapped by putting them in hot water and then exposing them to cold air.

But, best of all, the work is made so much easier and doesn't take half as long. Washing with Fels-Naptha, you can begin after sun-up, even on the shortest winter day, and be done well before noon.

Use Fels-Naptha not only for the white clothes but for flannels, woollens, colored things.

Be sure to get the genuine Fels-Naptha—don't trust imitations. And follow directions on the red and green wrapper.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Unusual Desires Realized

Human interest is the keynote of Journal Want Ads. Read them every day, as thousands are now doing, and see. Journal Want Ads have made it unnecessary to ask friends or acquaintances for help—strangers are willing to help those who use Journal Want Ads.

It would be impossible to tell all the uses of Journal Want Ads.

You can secure information of any nature—such as witnesses, address of some one. You can obtain financial assistance from many people.

Many advertise for aid to help them complete their education, assist in some movement.

Read Journal Want Ads every day—you'll benefit by them.
