First of the "All Big Gun" Warships Will Be Ready in June.

Camden, N. J., Feb. 26 .- At the yards of the New York Shipbuilding company work is being rushed on the battleship Michigan, and it is expected that the vessel will be delivered to the government six months earlier than the contract requires. If the expectation is fulfilled the ship will be ready for her trial trip early in June.

The Michigan will rank foremost among the great fighting machines flying the United States flag. She is America's first "all big gun" battleship and comes closer to the Dreadnaught class of warships in the English niavy than any other big fighting vessel in the American navy. Her battery will ronsist of eight 12 inch breech loading riffes. of the New York Shipbuilding company

naught class of warships in the English savy than any other big fighting vessel in the American navy. Her battery will consist of eight 12 inch breech loading riffes.

The hull of the Michigan is of steel throughout. Although a very heavy vessel, the contract calls for a sustained speed of 18½ knots an hour for four consecutive hours. Besides the eight 12 inch guns, she will carry two submerged torpedo tubes, and the secondary battery will consist of 22 3 inch field pieces and four machine guns, two 3 pounder semiautomatic guns, eight 1 inch semiautomatic guns, two 3 inch field pieces and four machine guns. The 12 inch Let your money earn you a profit. and four machine guns. The 12 inch guns will be mounted in pairs, in four

turrets on the center line, two forward

turrets on the center line, two forward and two aft.

The hull is protected on the water line by a complete belt of armor eight feet wide, having a thickness of 11 inches throughout the machinery spaces and 12 inches at the magazine spaces. For a height of eight feet above the main belt there is the casemate armor, eight inches thick at the top and 10 inches thick at the bottom. There will be a complete protective deck from stem to stern. The magazine and shell rooms will be so arranged that about one half of the total supply of ammunition will be carried at each end of the ship.

The propelling engines of the Mich.

the ship.

The propelling engines of the Michigan will be of the vertical, twin screw, four cylinder, triple expansion type, of a combined indicated horsepower of 16,500. Each engine will be located in a separate water tight compartment. Each of the two funnels of the vessel will be 100 feet high above the base line. The crew of the big battleship will number 51 officers and 758 men.

FIRST TIME IN AMERICA

COMING SOON

Membership of Over a Million Represented at the Pittsburg Meeting.

Pittsburg, Feb. 26.-Delegates repreenting laymen's organizations of the Protestant churches throughout the Protestant churches throughout the United States and Canada, with a membership totaling over 1,000,000, began a conference in this city today to discuss plans for a closer cooperation in their work. The conference is regarded as the most important ever held by the Protestant church laity in America. The organizations represented by their respective officers and other delegates include the Episcopai Brotherhood of St. Andrew, League of Universalist Laymen, Interdenominational Brotherhood of Andrew and Phillip, Southern hood of Andrew and Phillip, Southernhood of Andrew and Phillip, Southern Presbyterian Brotherhood, Baptist Brotherhood, United Presbyterian Men's Brotherhood, Men's Movement of the United Brethren church, Canadian Presbyterian Brotherhood, Presbyterian Brotherhood of America, and the Men's Movement in the Chris-

Presbyterian Brotherhood of America, and the Men's Movement in the Christian church.

One of the most important matters before the conference is a proposition to arrange for cooperation of the various men's organizations of the different denominations in the larger cities, as well as nationally with a view of unity and cooperation both in church work and municipal improvement.

The proposed national and local cooperation will be entirely free from political purpose, though it will be proposed to use the cooperation, strength and influence of the unified organizations—if a federation is approved—for municipal and civic improvement in all large American cities in so far as such civic movement and social improvement movements are non-partisan, and without specific political purpose.

No efforts will be made to eliminate denominational doctrines or introduce any line of action that will conflict with the prescribed rules and organic church law of the various denominations, but in all church, charitable and municipal and national movements pointing to social and civic welfare it is proposed that the combined strength of the total membership of men in the Protestant churches of America act in one accord, unitedly.

M'MINNVILLE COLLEGE IS DEEP IN DEBATES

(Special Dispatch to The Journal.)

McMinnville College, McMinnville, Or.
Feb. 26.—In the third annual oratorical contest of the Adelphic Fraternity, first place was awarded G. L. Tilbury, a member of the senior class. The contest is for a gold medal prize which is furnished by Professor L. W. Sawtelle, of the Spokane High school, who was the originator of the organization.

The subject of Mr. Tilbury's oration was. "The Fallen Patriot." It was a masterful plea for more respect for the patriotic part of Benedict Arnold's life. E. A. Nott won second place with, "America's Vital Problem," losing the coveted first honors by only one point. "Patriotism" was the subject of the oration delivered by Olof Larsell, who won third place. The other two contestants, D. W. Edwards, who spoke on "Opportunity," and J. B. Jones, with the oration, "The Spirit of Education." lied for fourth.

The tryout for the team to represent the ooeds in the Girl's Debating league was beld Saturday. The guestion used in the tryout was, "Resolved, that all the state institutions of learning should

This question will probably not be used in the league debates, as there is so little material on the question and all schools represented in the league have expressed their disapproval of it.

expressed their disapproval of it.

Those successful in the local tryout were Miss Elizabeth Mardis, leader; Misses Esther Grisen and Mattle Maroney with Miss Elva Hibbs as alternate. The first of the men's league debates will come off Friday night, when Pacific college will contest for honors here with the question, "Resolved, that the United States should subsidize her merchant marine." Pacific college will uphold the negative side. McMinnville will be represented by J. G. Richardson, leader; C. H. Woody and F. J. Hart.

Arrangements are just being com-

Hart.

Arrangements are just being completed for a debate with the O. A. C. which debate will be held here some time between May 1 and 15. The question to be used will be, "Resolved, that all cities in the northwest with more than 50,000 population should adopt a commission form of government, modeled after that of the Des Moines plan."

C. J. McKee, G. R. McIntire, and T. E. Griffith will represent McMinnville.

CHUNG APPEALS TO TAFT FOR SUPPORT

(United Press Leased Wire.) Peking, Feb. 26 .- Prince Chung, Chinese regent, has sent a letter to President-elect Taft expressing his belief that Japan will withdraw from Manchuria and that ultimately the mikado will quit Korea and the allied territory. It was explained that the regency de-pended on American aid in the Chinese administration of government in Man-

Representative Cook Goes Far in Tirade-Move to Expunge It.

(United Press Leased Wire.) Washington, Feb. 26.-The house tolay by a viva voce vote adopted a resolution which Representative Tawney in troduced under privilege, providing for the appointment of a select committee of five to consider the speech delivered yesterday by Representative Cook of Colorado, attacking President Roose-velt, with a view to having it expunged

Colorado, attacking President Roosevelt, with a view to having it expunged from the house record.

Cook in discussing the secret service matter, said:

"It is unfortunate not only for President Roosevelt, but for the country, that he has not a legal mind and has no equipoise of reason, riding through and around the arena of political action on his bronch of arrogant, egotistical impulse, pretending to throw his lariat of execution at the heels and broad horns of capital for the delectation of voing labor, and ending the scene with the cunning catch of a prairie wolf or a gopher."

So denunciatory of the president was Cook that he was denied the privilege of continuing his remarks after he had spoken but a few minutes. In the main he was addressing himself to the work of the secret service agents in Colorado in a certain alleged land fraud case. One of them, he stated, was a horse thief. The case had come to the United States supreme court and was unantimously decided in favor of the defendants.

Cook declared that "in all this fuss

ants.

Cook declared that "in all this fuss and feathers of the whole administra-tion the president and his pliant attor-ney general had not sent a single plu-tocrat to the penitentiary.

BOOZE AT CAPITOL;

NOTHING TO BE DONE

(United Press bessed Wire.)

Sacramento, Feb. 26.—Although free booze is still on tap in the headquarters of the sergeant-at-arms of both houses of the legislature and the fact is well known to most of the members of both houses, there is a strong disinclination on their part to take up the matter with a view to its elimination.

One of the prominent members of the upper house said today:

"As for myself I take drinks down town after adjournment of the senate. But from what has transpired there can be little doubt that drinks are kept in the state capitol. If we should take the matter up, there would be trouble among ourselves, animus would be engendered and really good legislation would be sergeants-at-arms of both houses thould be reserved for this worked to sergeants of the title would be sergeants. would be seriously hindered. Suppose the sergeants-at-arms of both houses should be arrested for this violation of the law, the same condition would obtain. The members of the legislature would be compelled to testify and the result would be the same as if we conducted an investigation. I would suggest that it would be a good thing for members to introduce resolutions calling on the sergeants-at-arms to discontinue the practice of keeping liquor in the capitol, if such condition exists."
