Farewell Reception to Dr. Heppe—A farewell reception will be given Rev. Dr. W. H. Heppe, pastor of Grace Methodist Episcopal church, tomorrow evening, in the church parlors at the close of prayer meeting, from 8:30 to 10:30 o'clock. The reception is given jointly by the Ladies' Aid society and the official board of the church. All pastors in the city, all members and friends of other churches, and the many outside of any church who have known and admired Dr. Heppe as a man and preacher, are asked to attend. Dr. Heppe preaches his last sermons Sunday next and leaves for his new appointment at Wichita, Kan., Monday morning.

Douglas Is Acquitted—After being out three hours and a half, the jury that heard the testimony against W. E. Douglas, accused of embezzling $550 from the Thiel Detective agency, last night decided that he was not guilty. The jury stood ten to two for acquittal on the first ballot. Another charge of embezzling $4400 from the same concern, for which Douglas was a confidential bookkeeper, is still standing. Several months ago the defendant was tried on this charge and the jury disagreed. Douglas denied any wrongdoing, and asserted that he was made the scapegoat for lax methods on the part of Manager Clouse.

Study "Silas Marner"—Mrs. G. M. Glines entertained the Tuesday afternoon club. The quotations were from different works of George Eliot. "Silas Marner" was the afternoon study. Mrs. Glines had charge of the following program. Mrs. William F. Amos gave a paper on "The Philosophy of the Period"; Mrs. Hayes gave character sketches of Silas Marner and Dolly Winthrop; Miss Blanch Robeson read the dialogue between Silas Marner and Eppie about the making of the desired garden at Stone Pit. The club will meet next week at 827 Gantenbein avenue. Take U car.

Suit Over a Lease—Effa McKenzie has brought suit in the state circuit court to recover $625 that she says she paid to William Gebott and Myrtle Gebott for the lease of the Artonia rooming house on West Park street and for the surrender of a note for $1475. After paying the money and giving the note, she states, she learned that the Gebotts had been served with notice to quit by their landlord, and the lease was of no value.

Two New Markets—The Frank L. Smith Meat company have taken over two more markets, one on Twenty-first and Johnson streets, adjoining Frakes' grocery, J. A. Frakes retaining the grocery business. The other is the old South Portland market at 188 Gibbs street. Smith's fresh Oregon meats at Smith's low prices—the cheapest in the United States—will be welcomed in both localities. Read Smith's prices—back page.

Mr. McKenna thinks the appellation ugly. He made an ironical request that the name of City park be changed to Bull Pen park.

Found Dead in Lodgings—With the imprint of the carpet upon the face, the body of Henry Clark was found lying upon the floor of his room in a lodging house at 270½ Front street last evening. He had apparently been stricken and rolled from the bed while still alive, lying long enough on the carpet to receive the imprint of its pattern before death occurred. Heart failure is believed to have been the cause of death. Clark was a laborer and about 55 years old. Nothing is known of his history. He had been seen the evening before, but was not heard to move in his room all day yesterday.

Investigation of Alleged Graft—An investigation into the grafting methods of foremen who employ laborers for the Portland Railway, Light & Power company will be held in the office of the municipal free employment bureau this afternoon. Bristow & Co., who hire the foremen, will be present, and if it is shown that the charges are true the grafters will lose their jobs.

Sellwood Rector Coming—Rev. O. W. Taylor, the new rector of St. Johns church, Sellwood, is expected to arrive in the city this week. A communication was received by the members of the vestry some time ago from the principal business men of Wallace, Idaho, where Dr. Taylor has been for several years, asking that he be released from the call given him by the local church, but this was refused by the Sellwood vestry, and the new minister at once decided to come here. He will take charge of the services Sunday.

MINING OUTLOOK IS BRIGHT FOR SUMMER

"The Gold Coin placer property, located in Baker county, Oregon, near Durkee, has a brilliant outlook for the season's work," said L. G. Keady this morning. "During the past fall and winter," he continued, "15 miles of ditch, with the necessary reservoirs, has been constructed. The snowfall the past winter has been abundant, and insures plenty of water for this spring's operations on a large scale; the snowfall of the past two weeks has been exceedingly heavy, adding additional water supply."

This property's location is ideal for placer mining, and should be a larger success than any placer proposition of late years on the Pacific coast. From a topographical standpoint of the location and working conditions, nature's plans could not have been improved upon if the identical locality had been moulded by the hand of man, the property having an unlimited dump and over 250 feet of water pressure. The values are phenomenally high, ranging throughout the property. S. B. Edwards, the company's engineer, expects to engage in active sluicing operations on or before March 20, and looks for exceptional returns at the June cleanup.

EUGENE RANCHER TELLS A JOKE ON HIMSELF

His name is A. C. Woodcock; he lives in Eugene, and owns a ranch near that town, but conductors and brakemen on the Southern Pacific declare they will never be persuaded to call him by any other name than "Spareribs" until he pays them a debt of honor. Mr. Woodcock goes out to his ranch frequently and there gives his attention to the best methods of caring for more than a thousand porkers. When he desires to return to town he catches the train at a little flag station, where trainmen are not particularly fond of stopping.

In order to placate them Woodcock, the railroad men say, volunteered to fill the larder of every brakeman and conductor with spareribs; when butchering time came. Months have rolled by. When Mr. Woodcock boards the train and inquiry is made why the train was stopped, the answer comes, "It's only old Spareribs, but he hasn't butchered yet."

In spite of the supposed grouch of the trainmen, Mr. Wobdcock at the Imperial last night told the story as a joke on himself.

SEND STRAYER ULTIMATUM

Superintendent Must Resign or Mission Directors Will Quit Forthwith.

Differences that for some time past have fostered a feeling of discontent and dissatisfaction between George E. Strayer, superintendent of the Strayer mission, and the 15 directors of that institution came to a climax yesterday afternoon when it was decided by the directors that either they or Strayer must resign. In event Strayer continues in charge of the mission he will be presented by the directors with the mission's debts, which are approximately $2000, while on the other hand if Strayer decides to step down and out the directors will pay off the indebtedness and close the doors of the mission.

The directors have notified Strayer of their attitude, and are awaiting his reply. Furthermore, they have served Strayer with a notice to vacate the premises at 32 north Fourth street, now being occupied as a residence by him, within the next 30 days.

Strayer Is Undecided.

Though still undecided as to his course, Strayer is rather inclined to disregard the peremptory demand of the directors, and declares that if it comes to a legal battle he has a few points in his favor that would "keep the 15 gentlemen in hot water" for a time at least. Just what these few points are Strayer declines to make known at present. Beyond admitting that he has received the notice to vacate, he has little to say.

"I hold malice toward none of these gentlemen," he declared this morning, "but I must say that it is apparent their interest in the mission is entirely material. Every cent that has been expended in the management of this mission has done good. The directors are criticising me for alleged mismanagement. What one of those directors would come down here and mingle with these poor, friendless, penniless creatures as I do?

"I am not prepared to say at this time just what course I shall pursue, but you may say for me that I shall continue in mission work in this city. We are a thousand times better prepared for the work now than we were a few years ago, and there is too much good to be done to stop now."

Urge Him to Continue.

"I have many friends who are urging me to continue the work, and so far as finances are concerned there is no reason to worry. Had the directors of this mission shown the interest they should have shown, they would have had no difficulty in raising the money necessary."

At the conclusion of the directors' meeting in the offices of E. M. Runyon, yesterday afternoon it was given out that the Strayer mission if closed by the directors will be reopened by them, though under a different name, and conducted along different lines. The new mission will be called the Union Rescue mission.

Rev. Benjamin F. Young, pastor of the First Methodist church, and a member of the board of directors, said:

"I regret exceedingly that conditions are as they are. When we were asked to come to the rescue of the mission there was an outstanding indebtedness of approximately $1800. Today there is a trifle more than $2000. We are facing a proposition now of paying out money for debts that we never contracted. It is to be strictly understood that if Mr. Strayer continues in charge of the mission we resign."

FREE CHINA PLATES TO WANT AD PATRONS

One Thousand Plates to Be Given Out at The Journal Office Between This Time and Saturday Night.

One thousand china plates will be given out by The Journal before 8 o'clock Saturday night. A little 15 cent cash ad in any one of the classifications of the want pages will entitle a patron to a china plate, a plate 7½ inches in diameter with handsome decorations. As a premium this is the most tasty article in crockery that has ever been given as a prize in the city. Readers of The Journal columns will note that the want pages have grown at a most rapid pace. Patrons will have the satisfaction of both getting a prize and running the ad in the medium which carries the most classified advertising every week of any paper in Portland. Almost every day some man or woman voluntarily speaks of the splendid results given by The Journal, in fact say they are the best. The great number of testimonials appearing in The Journal of late regarding the pulling power of the want pages speaks for the increased influence of these little ads.

As you are a reader of the want pages, you will see the special announcement today regarding the china plate premium for Sunday classified ads. There will be a plate for you at the want ad counter when you call.

INVENTS THRILLS FOR A.-Y.-P. PAY STREAK

A. O. Fowler of Portland, who, with his brother, J. B. Fowler, invented the "seeing telephone," which was operated at the Lewis and Clark exposition and which is now being manufactured in El Paso, Texas, has invented "Running White Horse Rapids," an attraction which he will operate at A.-Y.-P. exposition in Seattle this summer.

The arrangement is somewhat similar to the familiar bumping-the-bumps amusement attraction, except that it is so constructed that it gives the sensation of traveling upon the water in a heavy sea. The boats will go up and down as in a trough of a sea, and will also list and pitch in a most sensational manner.

Ten boats, each holding six passengers, will be built to run twice about a track 375 feet long at any speed from one mile to 28 miles an hour. The ride will last two minutes, and will cost 10 cents.

Canvas scenery will be built up to represent the dashing of the waves, and in all Mr. Folsom expects to have a spectacular, sensational attraction.

BOYS CHARGED WITH THIEVING

Horace Reed and "Brownie" Barr, two boys who are the sons of respectable parents, were arrested by Detective Coleman late yesterday afternoon charged with being accomplices of Samuel Dunn in robbing houseboats along the upper river. Two cushions taken from the "Dannie" houseboat were found in possession of the boys, who are believed to have been implicated in the robbery of at least seven houseboats.

When young Dunn was arrested last week he was given the opportunity of pleading guilty to simple larceny if he would tell where the remainder of the loot was concealed and who were his accomplices, but he refused to give any information. The detective was therefore compelled to arrest the two boys, who are believed to have aided him.

AT THE THEATRES

The College Widow at Bungalow.

George Ade's famous comedy of college life, "The College Widow," is being presented by Baker stock company at the Bungalow all this week, and this is the first time the play has ever been seen here at other than high prices. George Ade is among the foremost of American humorists, and this is his masterpiece.

The Palace Girls—Orpheum.

The Eight Palace Girls at the Orpheum are presenting one of the best singing and dancing girl acts in vaudeville. The costumes are bright and new, the singing excellent and altogether they present their singing and dancing ensemble in a peculiar way characteristically English.

Paul Gilmore at the Baker.

In "The Boys of Company B," Paul Gilmore has found an ideal vehicle in which to star, and his appearance here in the play at the Baker this week has been the signal for larger crowds than the well known down town theatre has enjoyed for several weeks. It will run all week, with Saturday matinee.

One Round of Laughter.

The Lyric stock company will have the entire city of Portland laughing before the end of the week if they have their way about it. They are playing "A Crazy Idea," and it is a real farce comedy.

The Remington Pictures.

Kid Gabriel and company are presenting something new and novel in the vaudeville line at the Pantages theatre this week, by permission of Frederick Remington and Collier's Weekly. Mr. Gabriel is presenting the celebrated Remington pictures, in life size statuary poses, very picturesque and realistic. The balance of the bill is comedy.

Doings in Dogville.

Best of all the trained animal acts is "It Happened in Dogville," which is being played at the Grand by Coin's dogs. This is the original act of its kind. The animals go through their parts like veteran actors and they tell a complete comedy, with a laugh in every pose and step.

RHEUMATISM CURED
BY
ELECTRO RADIANT

HAVE YOU RHEUMATISM? Have you tried the various treatments without relief? You should not be discouraged. THERE IS A CURE—ELECTRO RADIANT. No matter how severe the trouble may be, no matter of how long standing, no matter how many times you have failed in trying, Electro Radiant cures. It is directed toward the cause of the disease, through the circulation.

The pain and soreness of rheumatism are caused by the contraction of the small arteries, cutting off the blood supply to the affected parts, causing MALNUTRITION. NERVES, MUSCLES and TENDONS are STARVED. The skin and kidneys do not perform their functions, poisons accumulate in the system.

We envelop the body in ELECTRO RADIANT, which eliminates all poisons from the system, by establishing a PERFECT CIRCULATION and a normal flow of the nerve force.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs.

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

It's only a dishonest dealer, here and there, that will attempt to persuade you to accept a secret nostrum in place of these time-proven remedies of known composition. Resent the insult to your intelligence and trade elsewhere.
