

"THE WISTARIA" TEA ROOM ON THE BALCONY--HOURS OF SERVICE FROM 10 A. M. TO 5:30 P. M.

Now in Operation--Our New Section Devoted to Ladies', Misses', Juniors' and Children's Wearing Apparel

Saturday marked the opening of this new department, and we wish to thank the many enthusiastic visitors who so kindly favored us with their presence on this occasion. Our efforts along this line of merchandising will be to pursue the same policy as has characterized the progress in our various other departments--lowest prices consistent with the quality of merchandise.

Evening Gowns — Dinner and Afternoon Dresses — Three-Piece Tailored Suits—Tailored Suits and Dresses—Misses' Debutante Dresses—Smart Frocks Strictly Tailored Suits and a Complete Line of Wash and Lingerie Dresses

Small Women's Suits A line that we will extensively specialize. These suits are made in styles specially adapted for small women (not girls' styles), and of materials used in the regular or women's lines—beautiful serges, solies, worsted stripes and mannish materials. The styles are some fitted, others semi-fitted and the extreme hipless models.

The most important feature introducing our new department to Portland, and, in fact, to the entire state, will be the large assortment of exclusive models in Three-Piece garments in the very newest of fabrics—Ottoman, Solie and French Serges, with all other combining materials dyed to match. Plain tailored garments, which are as finely made as any tailor can produce. None but the very best of linings are used in all our garments.

The Waist Section Another department to which we have given special attention, and in which will be shown everything from the very plainest tailored Waists—the dainty hand-embroidered, the pretty lingerie styles, to the most

elaborate Imported Waists of hand-made Irish crochet, Cluny and hand-embroidered, in colors as well as in white; others in messaline, satin and net, both plain and allover designs. Our stock of linen tailored styles, with colored embroidery trimmings on front, collar and cuffs, is one of the most extreme effects shown this season.

Our Petticoat Section Shows every style in silk, also the jersey top, with either taffeta or messaline bottoms; also this season's novelty, the new Salome Jersey Slip in silk, specially made to be worn under Princess or Empire gowns. We guarantee every Silk Petticoat, as well as every other garment in our stock.

Alteration Section We have secured the services of expert fitters, and our alteration workroom is the best equipped and most modern on the coast.

The liberal policy prevailing in every section of our store—"Satisfaction Guaranteed"—will apply also to the merchandise in this new department.
