(Special Dispatch to The Journal.) (Special Dispatch to The Journal.)

Lewiston, Idaho, March 13.—President Elliott of the Northern Pacific is now at Lewiston. He refuses to state whether the road will meet the boat rates on the open river line. It is believed he will either settle the joint operation of the Riparia and Grange-ville lines during this visit or create an uneasiness that will threaten the joint operation of the Hill and Harriman interests.

Battita Balatore and his wife and haby were complacently munching their moonday macaroni in the kitchen of No. 446 Seventh street at 12:30 today when they thought the earthquake which the Sunday supplement scientists have been predicting would come to Oregon had happened. The chimney fell on the roof. The house heaved and sank beneath them. There were cries and shrieks of "Santa Maria!" The neighbors, all residents of the Italian quarter near Marquam gulch, hurried to the rescue and assisted Battita and his family out of their falling house, unhurt.

Even the macaroni stood on the plates on the kitchen table, undisturbed except by a little plaster dust. No. 446 Seventh street is a two story frame house about 25 years old, and it is supposed that the foundation supports gave way because of age. The house was not damaged beyond repair. ## SATAN SHOWS UP AT PRAYER MEETING

Poughkeepsie, March 19.—The authorities of the town of Fishkill are looking for a man who tried to break up a prayer meeting in the Methodist church at Wiccopee by appearing in the guise of the devil.

It was thought some late comer was about to interrupt the meeting, when the door opened and the vision stepped in.

Urtagh Wright and William Way, members of the congregation, sat in the Uriagh Wright and William Way, members of the congregation, sat in the third pew from the door, and they looked up from prayer to behold the apparition thumping on the floor with a pitchfork.
