

# WHY FEELING FIRST REPORT AGAINST JAPS

### California Commercial Organizations Refuse to Join Portland and Northern Cities in Asking Orientals to Pay Return Visit.

Representatives of California commercial bodies were noticeably absent when delegates from the chambers of commerce of the west met in Portland today to extend invitations to Japanese business men and representatives of commercial organizations to return the visit paid them last year by delegates from California, Oregon, Washington and Idaho chambers of commerce.

Though the secretaries of the different commercial organizations in San Francisco, Los Angeles, Sacramento, San Diego and other California cities which sent delegates to Japan last fall, were notified weeks ago that a meeting was to be held in Portland today for the purpose of extending a return invitation to their hosts of a year ago, not one responded by sending a representative to the meeting. No refusal was accompanied by a specific reason.

#### Northern Cities Respond.

Seattle was represented at the meeting at the chamber of commerce today by C. B. Yandell, secretary of the chamber of commerce, and by E. F. Blaine, both of whom made the trip to Japan and were there lavishly entertained by the different commercial bodies. Representatives of Spokane were F. E. Goodall, president of the chamber of commerce, and G. C. Coleman. A. A. Hilton appeared for the Tacoma organization. William MacMasters, president of the Portland chamber of commerce, and E. C. Gillette, secretary, represented the party. O. M. Clarke and J. C. Friendly of Portland, both of whom were delegates from the chamber of commerce to Japan, were present at the meeting.

In the invitation extended to 15 representatives of Japanese chambers of commerce and industry in various parts, with their secretaries and wives, probably a party of about 60, the northwest chambers have asked that the visit be made in the fall, the party arriving about September 1. It is planned to entertain the party in the United States for a period of from 40 to 60 days.

#### Will Visit East, Too.

Visits will be made to Portland, Spokane, Tacoma and Seattle and other northwest cities, after which the Japanese will be sent east on a special train, accompanied by a delegate from each of the four chambers of commerce. All the principal cities and trade centers of the east will be visited. The purpose of the entertainment will be to familiarize Japanese business men and trade experts with American business methods and to strengthen trade relations between the two countries.

## ORDINANCE REVISING CITY'S LIQUOR LAWS

Councilman Rushlight said this morning that he would submit at the next regular session of the council an ordinance revising the present liquor laws and incorporating therein in one Mr. Rushlight has at hand data gathered from a score of cities all over the United States.

## NO INDOORMENT OF DIVIDEND TAX

Washington, March 25.—Secretary of the Treasury MacVane has announced today that the administration had not yet endorsed the proposed plan to tax dividends declared by corporations.

## 10,000 More Bottles Of Hair Remover Free

A Positive Remedy That Takes Away Superfluous Hairy Growths Without Burning the Skin.

Some time ago it was stated in the columns of this paper that Eves treatment would be sent to every woman who suffered from superfluous hair on her face, arms or bust. Many ladies accepted this generous offer that 50,000 bottles were quickly exhausted and as events are still coming from women in all parts of the country it has been decided to continue the offer for a while longer at least.

#### So How For Hair On The Face, A Cure With Electrolysis Is A Cure That Lasts.

10,000 more trial bottles of the wonderful remedy, Electrolysis, will be given away absolutely free to women constantly miserable because of such unnatural, unsightly growths. No matter how heavy or light the growth, it can be destroyed in a few minutes with Electrolysis. There is no other remedy like it. It positively will not irritate, burn or scar the most tender skin, and never fails to remove even the most obstinate growth almost instantly. You who have tried so-called cures without success can gain permanent, lasting effects with Electrolysis—not merely temporary relief—for once it destroys the hair roots, the growth can never return.

#### FREE TREATMENT.

Fill in your name and address on enclosed card and send it to Electrolysis Co., 1885 First Street, Chicago, enclosing two-cent stamp to help cover mailing, and we will send you, at once, a free trial bottle of Electrolysis.

# SOLICITORS OF FIVE 500,000 CLUB COMMITTEES OUT OF 61 TURN IN \$13,000 FOR ONE DAY'S WORK—CAMPAIGN ENDS SATURDAY.

Five of the 61 committees appointed by the 500,000 club to solicit funds to make up the \$100,000 annual publicity fund, reported at the regular Monday luncheon at the Commercial club today that for one day's work they had secured approximately \$13,000. There remain two days more in which the committees may make up the required sum, and 56 committees have yet to make a report.

"Reports are most encouraging," declared George F. Johnson, chairman of the general committee, this afternoon. "We will need to be able to raise a big publicity fund." Using as their slogan, the phrase "if you're satisfied with the security, plank down the dust," the committees went out this morning for the first active work of the campaign.

#### Paper Companies Give.

At every hand encouragement was met with. The committee ordered to call on the wholesale paper dealers sent in a report that by noon the five firms which they pleased had pledged \$10,000 to the fund. The Pacific Paper company gave \$500, Blake, McFall & \$500, C. S. Miller, Crescent Paper company, \$240, and J. W. P. McFall, \$120. There are others in the same business yet to be seen by the committee.

Up to noon four Portland lumbermen had subscribed \$1,500, with 25 more firms yet to be seen. Other lines of trade are showing up as well and the fund bids fair to be swelled considerably over the five figures. A number of letters are being sent out all over the city by the general committee, which consists of G. F. Johnson, chairman, Frank R. Kerr, George W. Simons, F. B. Holbrook and Edward Drake to chairmen of the different committees. The letter follows in part:

"Don't Be Lukewarm." "Your opportunity has come. An 'At' chairman of committee No. (blank) you can do a stroke of business that will not only swell your bank account, but will give you considerable satisfaction. "Don't allow the matter to drag. Get your committee men at work this morning. Don't get anybody sidetracked by this proposition. Don't be lukewarm yourself. Don't get hot, but get red hot. "You know the deal and you're up to you to make a showing. Tell the boys to sell stock in the city of Portland. If you find anyone not willing to own stock in his own town, tell him to move. If he's satisfied with the security then down with the dust. "Come Ready to Sign."

#### WANTS COUNTY TO PAY FOR DAMAGES

Because his automobile was stabbed in a vital spot by a wagon tongue on the Baseline night of April 4, 1908, F. P. Baumgartner of Seattle, formerly of Portland, is seeking to recover \$600 damages from the county. His bill for repairs and towage was refused payment by the county court, and his appeal to the circuit court is on trial before Judge Johnson today.

#### MACE, IDAHO, WOMAN HURT IN RUNAWAY

Mace, Idaho, March 25.—Mrs. W. R. Miller, wife of the manager of the electric light plant, was injured in a runaway last night and is thought to have sustained internal injuries. The 4-year-old colt which Mrs. Miller was holding became frightened at a team of horses running loose in the street and ran across the railroad tracks, throwing Mrs. Miller to the ground. She was taken to the Wallace hospital. The family is prominent in the County of Adams, having lived at Mace for over 20 years.

#### ED GEBERT BADLY HURT IN RUNAWAY

Edward Gebert, a driver for Jones' market, was thrown from his wagon at East Twenty-first and Welder streets while his horses were running away shortly before noon today, and was severely injured about the head. Just as one of the neighbors was telephoning for an ambulance, W. H. Blaisdell appeared in an automobile and the injured man was taken to the Good Samaritan hospital. Although his injuries are of a serious nature Gebert is expected to recover.

#### Two More Calhoun Jurors.

(United Press Leased Wire.) San Francisco, March 25.—After a week spent in the assassination of many witnesses in the trial of Patrick Calhoun, president of the United Railroads, James C. Gorman, a carriage painter, was chosen a temporary juror today. His accession to the jury makes six permanent and four temporary jurors. Henry Graham, collector for the California Transportation company, was passed this afternoon by both prosecution and defense as the fifth temporary juror.

# MRS. LORILLARD DEAD, SUICIDE

(United Press Leased Wire.) Washington, March 25.—The body of Mrs. Pierre Lorillard was found in the bathroom of her home on Massachusetts avenue here today. The door was locked and the gas turned on. The coroner reported it was a case of suicide. Mrs. Lorillard is reported to have left a note, the contents of which have not been divulged.

# LADD AND WOOD SUE FOR LIBEL

Indictments charging criminal libel against Melba H. Vorhees, manager, and Dana F. Steeth, editor, of the Daily News, published in Portland, were returned this afternoon by the grand jury of the state circuit court. William M. Ladd and Colonel C. E. S. Wood are the libellants.

Some time ago indictments charging the manager and editor of the News with having criminally libeled William Hanley were found by the grand jury. December 17 and immediately subsequent to the finding of these indictments statements were published in the News in which it was charged that William M. Ladd and Colonel C. E. S. Wood were the men directly responsible for the first indictment of the News. William Hanley was charged by the News with having fraudulently fenced in government lands in Harney county, thus preventing possession of the lands by others.

# COMISKEY FAILS TO SECURE JONES

Charles A. Comiskey, owner of the Chicago White Sox, and Fielder A. Jones, the famous manager of the ball team, met for a few minutes this afternoon before Comiskey and party left for Seattle at 2 o'clock. The meeting was a failure, so far as the return of Jones to the White Sox was concerned. Jones accompanied the party from the Portland lumbermen, and Jones told Comiskey, but nothing was doing between the old Roman and the manager on the way.

# ASHLAND REFUSES SALOON LICENSES

(Special Dispatch to The Journal.) Ashland, Or., March 25.—At a meeting of the city council yesterday afternoon, the petitions of E. King of Medford and B. S. Radcliffe of Ashland for licenses to conduct saloons in Ashland were denied without a dissenting vote. It is said that the petitioners will mandamus the council to issue the licenses. It is the old question of a conflict between charter and the state local option law, and while there is little apprehension upon the part of the majority of Ashland citizens who are opposed to saloons, the reopening of the fight is causing much talk.

# Springfield Wants the Boyles.

Springfield, Ill., March 25.—The police here today announced that after the prosecution of Boyles and Helen Falker at Sharon on the kidnaping charge, they will demand that the prisoners be returned here to answer to a charge of forgery.

# TRIP AT DRAIN

Over Thirty Thousand People Have Witnessed Demonstrations and Heard Lectures by Oregon Agricultural College Faculty.

(Special Dispatch to The Journal.) Drain, Or., March 25.—The trip of the southern Oregon farming demonstration train ended here this afternoon with a repetition of the cordial welcome and genuine interest shown at every stop made from Ashland north. It is estimated that three out of every four of the population of southern Oregon visited the train and profited by the demonstrations given by the lecturers.

A welcome arch was erected across Main street at Drain in honor of the train and there was a large turnout of citizens, farmers and school children, school parks and business houses being closed during the stay of the train here as everywhere. In summing up the good accomplished by the train C. A. Matbouf said:

#### 30,000 Out of 40,000.

"Out of 40,000 people in southern Oregon, actual count showed that more than 30,000 visited the train on its 14 stops. The record is remarkable when it is remembered that this was the first trip of the kind made in this part of the state. The demonstration train is the most powerful argument the Southern Pacific has used in awakening the interest of a people in agricultural pursuits, and illustrates the benefit of cooperation between the railroad and the farmer."

#### Foultry Raising Benefitted.

"The greatest accomplishment of the train is the renewed interest in better methods of raising poultry, which will undoubtedly result in the establishment of many large poultry farms in southern Oregon and the introduction of scientific methods of poultry raising on the ranches through the Rogue and Umpqua valleys. This will first be manifested in the increased production of eggs, poultry and fruit. We will see beginnings of gas year. Within a short time Oregon will supply most of the Pacific coast and the Alaska trade in poultry. Her poultry districts are among the best in the country."

#### Oakland, Yoncalla, Drain.

Stops were made today at Oakland, Yoncalla and Drain. About 3000 visited the train during the day. Addresses were made by the college faculty. At Drain a large apple tree with ripe apples tied to its branches was shown in the demonstration of pruning and grafting.

# SOUL STOMACH

Is An Almost Certain Sign of Acute Indigestion. If you occasionally have a taste of sour food in your mouth, it surely shows that the food you are eating is not being digested, but instead, is fermenting and giving out poisonous gases. Belching of gas is a common symptom at such times, and also that lump of lead feeling, as if your stomach was carrying a much greater load than it could stand. If you want prompt relief and permanent cure, go to Woodard, Clarke & Co. and get a large tin box of Mi-o-na tablets for 50 cents. Woodard, Clarke & Co. know that Mi-o-na is a highly recommended scientific remedy, and that is why they are ready to return your money if it fails to cure acid stomach, belching of gas, dizziness, biliousness, sick headache, foul breath, and all stomach troubles.

# What CLEVELAND

## thought of Roosevelt and Morgan

His estimate of Roosevelt—"The most perfectly equipped and the most effective politician thus far seen in the Presidency." Though at first

doubtful of Morgan, Cleveland later called him—"A great patriotic banker." He also discusses with great freedom the characteristics, work and personalities of

- THEODORE ROOSEVELT
- J. PIERPONT MORGAN
- JOSEPH B. FORAKER
- JUDGE GEORGE GRAY
- JAMES J. HILL
- PATRICK A. COLLINS
- THOMAS F. BAYARD
