

CATCH THREE BOB D THIEVES

Police Detectives Say Suspects Robbed Gevurtz Store of Jewelry.

Three men suspected of being an unusually reckless trio are under arrest, suspected of having robbed the store of L. Gevurtz & Sons, First and Yamhill streets, of four watches and several rings, Wednesday morning. Two of the men—Tom White, who, the detective says, was once arrested for murder, and James Barrett—were arrested last night. Detectives Coleman and Price, who arrested the suspects last night, completed the trio today, they say, by the arrest of E. Smith.

BOASTS OF KILLING 300 CRUEL HUSBANDS

(United Press Leased Wire.) Samara, Russia, March 26.—The police authorities are investigating the case of Mrs. Popova, who was arrested recently on charges of murdering undesirable husbands by wholesale. She is said to have boasted that she had killed 300 men in the last 30 years, but the police think she is exaggerating her deeds. The authorities, however, admit she will probably be the greatest murderer in Russian history.

It Reveals the Complete Formula for the Wonderful Hair Grower That Was Awarded the Gold Medal by the Vienna Jubilee Exposition, and Gives the Original Prescription for Making the Great Skin Preparations Which Were Awarded the Gold Medal by the Paris International Exposition.

Don't Be Ugly, Plain or Homely When This Great Book Can Be Had for the Asking.

The Institute de Beauté has secured the exclusive American rights for the publication of one of the most remarkable works on beauty of modern times on condition that they give away 100,000 copies of this book this year free of charge. The author made this an absolute condition of the contract.

The book is written by a woman who is herself a living example of the beauty and marvelous efficacy of her own beauty discoveries; a woman who took her own wrinkles away by her own discovery after face massage, masks and steaming pots and beauty doctors had all failed; a woman who stopped her own hair from falling out and prevented what seemed to her certain baldness by the same formula which she reveals to you in this book, and which was awarded a gold medal by the great Vienna Jubilee Exposition held under the auspices of His Imperial Majesty the Emperor of Austria.

This book also gives the exact formula for making the marvelous preparation for removing pimples, blotches and skin blemishes and for treating eczema and other skin diseases, which was awarded the gold medal by the Paris International Exposition.

We absolutely guarantee that a good druggist can fill these formulas for you without any difficulty whatever at small cost.

This wonderful book tells of a marvelous new process which commences to grow new flesh and tissue on soft, flabby cheeks and scrawny necks within 24 hours' time; that often makes wrinkles disappear over night, and works surprising wonders in developing the bust and bringing back the bloom of youth to the skin and complexion.

It is richly illustrated with the finest photo-engravings, and contains a true picture of the world's most widely known beauty specialist.

No matter how deep your lines and wrinkles may be, no matter how flabby your cheeks or how scrawny your neck, no matter how small your bust nor how shallow and scrawny your complexion may be, no matter what remedies you may have used or what beauty specialists may have treated you, write for a copy of this great beauty book today and test the new methods explained therein at your own home. Each and every one is guaranteed to be absolutely harmless.

These methods have taken gold medals at every international exposition at which they have been exhibited.

It has cost the author years of time and \$10,000 in cash to gather the material and make the discoveries of which this book tells you.

Do not waste your money on high priced beauty doctors or in buying expensive products which disappoint and dishearten, when this great book may be had without one cent of cost.

Write for a copy today. Address Institute de Beauté, Suite 1030, Syracuse, N. Y.

BOYS UP IN DEBATE ON TARIFF MEETING

Byrd of Mississippi Tries to Get at Fordney of Michigan—Apologies.

(United Press Leased Wire.) Washington, March 26.—A rough and tumble fight was narrowly averted on the floor of the house this afternoon when Fordney of Michigan and Byrd of Mississippi clashed in the discussion of the proposed changes in the lumber tariff, as related to the existence of a lumber trust. Fordney had been discussing the tariff for half an hour and had been assailed by many a sharp and bitter remark. He denied there was a lumber trust, and finally, becoming irritated, declared he would answer no more questions along this line.

PORTLANDER'S ISLAND CLAIM, WORTH \$4000, IS REPORTED JUMPED

(Special Dispatch to The Journal.) Pendleton, Or., March 26.—It is reported here that E. E. Earnheart and William Meredith have jumped the old Dave Beaver Island in the Columbia river, near Juniper, that has been farmed by J. B. Switzer for 20 years. The island contains about 200 acres of valuable land, including a fine orchard and farm buildings. It is valued at \$4000. Switzer is an old pioneer of Umatilla county and is now living at Portland. The men who have taken possession of the place claim that the land is unsurveyed and has never been filed on, hence is without an owner.

AUTO HURRIES THE PAIR TO TRAIN

(Continued from Page One.) that would say nothing more concerning themselves. Evident preparation had been made to help them avoid any notoriety while in Portland. The porters and conductors on the Oregon Express kept to a constant policy of silence. The pair evidently expected to be met by curious people as soon as they reached the city and to avoid embarrassment left the train from the east side when it stopped at East Morrison street. They went directly to the Sargent hotel and here ordered an automobile which carried them to the station on the Northern Pacific at East St. Johns.

PURE BLOOD IN SPRING MAKES PERFECT HEALTH

The blood is rightly called the vital fluid, because without it life is not possible.

In an adult the blood averages eighteen pounds or fully one-eighth of the entire weight. It is composed of liquids and solids. The liquid portion is a watery, albuminous fluid amounting to about three-fifths of the whole. Minute particles, known as blood corpuscles, constitute the remaining two-fifths. There are both red and white corpuscles, the red ones greatly outnumbering the white. The red corpuscles contain, as an active ingredient, a chemical substance having iron in its composition. There are millions of white blood corpuscles, which protect the red blood corpuscles and bodily tissues from disease germs, to which you are more exposed at this season than at any other.

INDICTMENT AGAINST A HARPER HENCHMAN

(United Press Leased Wire.) Los Angeles, Cal., March 26.—Accused of attempting to bribe Edward J. Fleming, former city auditor, to drop his campaign against vice in the restricted district of Los Angeles, September 1, 1907, Samuel Schenck, treasurer of the city, was indicted last night on a charge of attempted bribery by a special grand jury, which was called to prove charges of misdemeanor against Schenck and ex-officials of the city which arose from the recall campaign. His bail was fixed at \$5000, but he failed to raise the necessary money and was compelled to spend the night behind the bars. His brother is trying to raise the money today.

After a Man's Married

He seldom enters a men's furnishing shop. His wife does all the buying for him, and no one dare deny a woman's superiority over man when it comes to shopping.
