## TO MERCER JAIL WITH THE BOYLES

Sheriff Will Land Them This Afternoon—Hearing Tomorrow.

(United Press Leased Wire.)  
 Pittsburg, Pa., March 25.—Sheriff Chess said today he would take James H. Boyle and Helen Falkner, the woman supposed to be his wife, who are accused of kidnaping Willie Whittia, Mercer, Pa., this afternoon. Mercer is the county seat of Mercer county, in which Sharon, the home of the Whittias, is situated.  
 It is probable the preliminary hearing of both prisoners will come up tomorrow.

## DRIVEN FROM HOME; MAY BE MRS. BOYLE

(United Press Leased Wire.)  
 Chicago, March 25.—Declaring he was unable to state whether the woman arrested in connection with the kidnaping of Willie Whittia from Sharon is his daughter, W. E. McDermott, a retired fireman, 62 years old, today threw an interesting sidelight on the career of a girl who may prove to be the woman charged with the Pennsylvania kidnaping.  
 McDermott said he had three daughters, one of them named Anna, who

was reported to have married but whose married name or whereabouts he did not know. He added that Anna had been educated at a convent at Madison, Wis. The Sharon suspect also had a convent education.

McDermott said his daughter's conduct after she returned from the convent was such that he ordered her to leave home. She did so and he heard nothing of her until a year ago, when she called him up by telephone and told him she had married a man worth millions and was going to New York to live.

McDermott said he hung up the telephone receiver while she was talking and had not heard of her since, until reports became current in connection with the Whittia case.

## JAILBREAK FAILED AT NEW WESTMINSTER

(United Press Leased Wire.)  
 Vancouver, B. C., March 25.—A special from New Westminster says: Three convicts made a desperate attempt to break away from the penitentiary yesterday afternoon. Guard Imiah was on duty in the ground, with about 17 prisoners, when he noticed three of them were edging toward the fence. He spoke to them by telephone and declined to be mutinous, ordered them into the building. As he could not leave the other convicts he covered the three men with his gun until they reached the door, when suddenly they wheeled around and ran toward a certain spot in the wooden wall and endeavored to wrench off some of the boards. Imiah thereupon fired three shots, creating a general alarm and the men were then captured by the relief guards and immediately placed in solitary confinement.

## GOMPERS ATTACKS TAFT LABOR POLICY

(United Press Leased Wire.)  
 Washington, March 25.—Samuel Gompers, president of the American Federation of Labor, in an editorial in the Federationist, charges that President Taft has departed from the Roosevelt ideas regarding labor, and that Roosevelt ceased from attacking "malefactors of great wealth" during the recent presidential campaign in order to secure the support of the business interests of the country for Taft.  
 The editorial refers to an address by Taft at Seattle in 1907 while he was on his way to the Philippines, in which Taft stated his views on the use of injunctions by the courts. Gompers declared there was no occasion for Taft's remarks then except to catch the vote of the manufacturers.

Klamath Dairy Association Elects.  
 (Special Dispatch to The Journal.)  
 Klamath Falls, Or., March 25.—The Klamath County Dairy association has been formed. W. H. Holloman, engineer of operation and maintenance of the Klamath irrigation project, was elected president on account of his practical knowledge. Frank Ira White, vice president; J. A. Holcomb, secretary.  
 The association has for its object the establishment of modern dairy methods.

GAS RANGES, REFRIGERATORS, LAWN and GARDEN TOOLS—Basmt.

Nothing has done so much to retard the general adoption of warm air heating as the erroneous notion that neither skill or scientific knowledge is needed in connection with it.

First-class warm-air plants CANNOT be installed at prices commonly charged for inferior ones; but even a first-class one, which is properly erected and which furnishes the very best method of ventilation, costs less than steam or hot water.

Don't take a "guarantee" and a "furnace" for your money! Let some one install a heating plant who knows how and is willing to insure "satisfaction" with their whole business. We do it!

JOURNAL LINERS COST LITTLE, ACCOMPLISH MUCH

**Hunyadi Janos**  
 Best Natural Laxative Water  
 Do you know that your stomach or bowel trouble and the indigestion that goes with it can be relieved quicker and better by using HUNYADI JANOS WATER than in any other way? It is easily taken—1/2 a glass on arising—and you have no bad after effects. Ask your physician—he will recommend it—and you will be satisfied, as are so many others. Try it yourself for
