Rose Karasek and Dora Sauvageot Are En Route to Tacoma in Response to Summons From Incarcerated Woman Charmer.

return of Miss Sauvageof from the chalet in Josua Klein, after she had repeatedly refused to answer a like summons from her mother, again opens up the remarkable case, involving the strange submission of two wealthy and talented Tacoma girls to Josua Klein's will. Rose Karnsek, the other girl, is also on her way to Ta-

The two girls were sent abroad by their parents to Vienna, Austria, to pursue their musical studies under the renowned Leschetistky. They met Klein, gave up their studies, virtually renounced their parents, to take up their abode at his Swiss chalet, in the colony of the "true science of life." As a sequel to the story. (United Press Leased Wire.) Tacoma, Wash, March 29.-Rose Kaone of the two young women said to have been detained by "Philosopher" Josua Klein in Switzerland, is on her way to Tacoma, her relatives having received word from Spokane last night that she will be in Tacoma tonight or tomorrow. Her relatives say that she will probably have a "statement of great interest" to make when she arrives in Tacoma. It is also known that in response to a summons from Kiein, Miss Dora Sauvageot is now on her way home from Europe.

These circumstances are believed to be the result of the conference between Judge Easterday who tried the case, and attorneys for the defense and prosecution. It is understood that the judge has agreed that if the young women return to their homes in Tacoma and that if their stories exonerate Klein of grave offenses, he will go scot free of pensity for the assault with a deadly weapon upon Miss Dora Culberson, of which he was convicted. have been detained by "Philoso-

The Harmony

Does Not Mingle With or Emanate From the Table of Dyspepsia.

In the home, meal time should swaken in all the inhabitants a peculiar harmony of joy which will make for the home the abiding place of interest and happiness.

If one member at the dinner table is out of sorts, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring thoughts assail the diners and silence prevails.

Quiet and Gloom Crowds Out Mirth."

All physicians agree that mirth and joy at meal time does much toward digestion. Mirth thigies the whole nervous organism of man, the cells wherein are stored valuable digestive jutees, empty their contents under the nerve stimulation and promote the highest degree of digestion.

It gloom and discomfort prevail at table the reverse action obtains and meals become necessities, not anticipated joys.

Secretary E. C. Giltner of the Portland Chamber of Commerce returned from Seattle today and announced that the details of the invitation to the Japanese are as here stated. Some mystery still surrounds the part played by San Francisco in the conference of the chambers of commerce. But in reply to the statement attributed in dispatches Saturday to Secretary C. W. Burks of the San Francisco chamber, C. B. Yandell, secretary of the Seattle organisation has telegraphed Mr. Burks, referring him to a letter said to have been received by Yandel from R. B. Hale. In this latter it is said Mr. Hale announced he was acting for President McNab in stating that it was felt that San Francisco could not entertain the Japanese committee next summer. mittee next summer.

Mr. Burks was quoted as saying that
San Francisco had been given no opportunity to purticipate in the meeting here,

promotion.

The estensible excuse given by the police committee of the executive board for declining to appoint Circle, Riley or Mallett is that the "good of the service" made the appointment of any of these men inadvisable. It is understood that members of the board have said that members of the board have said that another reason why they were unwilling to put an untried man in such a responsible position is that they would not be able to remove the officer if he were found to be unfit, owing to the peculiar civil service laws in vogue in Portland.

In the course of his remarks last night Evangelist Shannon accused the Columbian of knocking his meetings from the start. This is denied by Mr. Beard, who declares his paper has been very friendly toward these meetings and that all the space asked for has been given the committee for publicity purposes.

At the meeting last night fully 50 stood up during the service. During the Saturday and Sunday meetings 65 came forward, desiring to lead the Christian life. This makes a total of 540 conversions.

At the afternoon meeting yesterday Rev. Shannon spoke on the liquor question and when he called for those to stand who were in favor of closing the saloons all except possibly 16 or 20 of the \$600 present rose.

EXHIBITS WILL NOT BE SENT TO SEATTLE

Exhibits of Oregon fruits and other natural products in the Forestry build-ing at the Lewis and Clark exposition in the Chamber of Commerce museum and at Salem will not be sent to Seattle in the Chamber of Commerce museum and at Salem will not be sont to Seattle to be part of Oregon's exhibit at the A-Y-P fair. Instead they will be placed in good condition and shown in their present quarters to the same people who would see them at Seattle.

It is claimed that no good would result in sending the exhibits to Seattle because all visitors to the sound city will come to Portland as well during the summer and can see the exhibits here. Among other repair work that will be done is the placing of the exhibits in the Forestry building, including the fisherles exhibit, in good shape.

Talk of installing an exhibit in the union depot is declared to be ill timed by officers of the chamber of commerce was formerly placed in the depot and was found to do little good. They say the objection to having the exhibit on the second floor of the Chamber of Commerce is groundless because Seattle is planning to place her new exhibit on the eighth floor of the Central building, while Los Angeles exhibit, considered the finest in the country, is on the second and third floors of the Chamber of Commerce in that city.

AUTHORIZED TO NAME ENGINEER

A resolution from the executive board asking the council to authorize the board to appoint a consulting engineer to supervise the construction of Madison street bridge was filed in the city auditor's office this morning.

The resolution recommends that the executive heard be authorized to accure the services of a cumpetent engineer to prepare plans and specifications for the Madison street bridge and to take charge and be responsible for the results in each and every detail of the work of construction of the said bridge to the end that the city may have the largest, strongent and best bridge that the "Hawthorne avenue bridge fund" will permit. The salary of the engineer is to be paid out of the fund.
