UHRLACHER BOUT

Eddie O'Connell's wrestiling match with Joe Uhrlacher of Rochester. N. Y., which Was to have taken place in Expo-sition rink tomorrow night, has been cancelled. Uhrlacher came as far west as Omaha, but returned east upon re-ceipt of news informing him of filness in his family. What disappointment was felt around the sport haunts was dispelled when Uhrlacher sent word that he would probably be able to be out late in April. The advance sale was flattering and there would proba-bly have been one of the largest houses of the season. Eddle O'Connell's wrestling match

the fans will have a chance to witness the popular welterweight again on that date. This bids fair to be the most important match of the season, as it will bring two recognized champions to-gether, the first time such a thing has ever been done on the coast. If nothing happens to Dr. Roller in the match with Hjalmer Lundin in Se-attle tomorrow night, the husky phy-sician will be in fine shape for his bout with John Berg in Portland next Friday night. Berg has been training with Joe LaSalle in Eugene, and al-though he will weigh about 25 of 30 pounds less than Roller, bids fair to give him a hard tussle. I have treated hundreds of men who have long suffered a gradual decline in physical and mental energy as a result of private all-ments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my speciality: to my having ascertained the exact nature of men's aliments, and to the original, distinctive and thoroughly scientific methods of treatment I em-ploy.

To those in doubt as to their true condition, who wish to avoid the serious results that may follow neglect. I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage. I will not accept it for treatment, nor will I urge my services upon any one. Los Angeles, March 29.—The tenta-tive plans for the formation of a rac-ing circuit in Mexico, the cost of which will be approximately \$1,000,000, took on tangible form when Charles Koer-ner, representing the promoters, laid before the Mexican officials the archi-tectural plans of the proposed four tracks for approval. That the same will be approved of and accepted is al-most a foregone conclusion. —Thus is a new epoch marked in the buffeted, probably maligned "sport of kings." It marks the entree in the sport of people who in business enter-prises for the past 20 years, have been known as thrifty, ambitious and whose honesty is above reproact. (Special Dispatch to The Journal.) Medford, March 29.-With a

howling over the field

Medford, March 29.—With a cold wind howling over the field and through the bleachers, and with their muscles sore and stiff as a conse-quence. Casey's Colts made a poor showing in yesterday afternoon's ball game. The acore at the end of the ninth read 8 to 5, but it read differ-ently to those who saw the game. Er-rors were a common occurrence and the good plays were of the grandstand variety, and not baseball. Manager Casey had no notion of al-lowing his pitchers to overwork their sore muscles. He passed the word out along the line that nothing but straight balls would go. And only once or twice was his mandate disobeyed, and then only when the bases were full with one man down. Gardner and Osborn showed up best. "Silm" let a few get away in the open-ing inning, Casey landing on the first offsring for two bags. But after that he played well. Osborn struck out some hard sluggers when in a pinch with the bags full, but with the cold wind and light drizzle it was hard to figure the dope sheet. Tharlie Carnes, the slabster who worked with Oakland last year, showed up yesterday and went out this morn-ing. He hasn't touched a ball since July and of course shows little form as yet.
