

LOG PRICES TO GO 10% LOWER

W. E. McCord, Prominent Operator on the Lower Columbia Predicts Revival.

W. E. McCord, president of the Wisconsin Logging & Timber company, with headquarters in this city, and a large camp at Oak Point on the lower Columbia, says that he does not expect yellow fir logs to go any lower, and that good logs are now bringing \$10, with a strong demand for first class logs. He says that the price of logs is now at a low level, and that the price of logs is now at a low level, and that the price of logs is now at a low level.

For the present the camps are running only one third, or half capacity, and Mr. McCord does not expect to see them open in full blast until July 1 or thereabouts. By that time the tariff revision question will have been settled, and he expects a general and healthy revival of business.

Beesides being heavily interested in timber here, Mr. McCord is a prominent stockholder in the First National bank of Superior, Wis., and he therefore keeps closely in touch with financial conditions of the country at large. In this connection Mr. McCord says that the following statement about the financial situation by President W. B. Banks of the Pacific coast because of Mr. Banks' high reputation as a financier. It is from the Superior Telegram of April 1, as follows:

"Business conditions, on the surface, pretty generally throughout the country are unsatisfactory. Yet under the surface there is a distinct improvement, much more so than can be readily seen or is admitted. The tariff and other questions are to a large extent responsible not only for lack of a more marked improvement in business, but also for the part of large monetary interests to hide the actual improvement which is without question taking place. With the tariff and pending questions of law settled, state legislatures adjourned, good crops reasonably assured and with a sane conservative head to the government in the person of President Taft I distinctly look for great improvement by the fall of 1909."

DR. WILEY INDORSED BY JEWISH WOMEN

At the business meeting of the Council of Jewish Women, held yesterday in the Selling-Hirsch building, the nominating committee indorsed the same candidates who are now in office to act for the ensuing year. This report will be voted upon by the body at large at the annual meeting to be held in May. A petition was sent to the congress asking that Dr. Wiley be retained as head of the bureau of chemistry in the department of agriculture. Following the plan of the State Federation of Women's clubs the council will have charge of one of the social events at the Oregon building at the Alaska-Yukon-Pacific exposition. Mrs. Ben Neustadter was appointed the hostess for that occasion.

As a termination of the social events of the club a benefit card party for the purpose of raising money for the current expenses of the club will be held April 15 at the Selling-Hirsch building. It was voted to make the card benefit an annual affair.

A brilliant musical feature was provided yesterday, in the quartet by Mrs. N. L. Lipman, Miss Helen B. Johnson, Miss Florence Wolfe and Miss Miriam Jacobs, who played upon two pianos.
