## George Olson Is Close Second and Will Raser Is Good Third—Margareta Stinson of Warrenton May Lead Soon in The Journal Race.

Herewith is presented the score in the savings contest, which includes all votes received up to and including Saturday night. Emil Schulz, through hard work, is still ahead, but several others have made remarkable gains. George Olson is a close second, with Will Raser at his heels in third place. Margareta Stinson of Warrenton makes a most remarkable gain every day, and jumps up near the top, and it is her intention to soon lead in the race.

Leroy Wilson is out after subscriptions, and is determined to lead. Carl Rothe is a new contestant entered from Oregon City, and starts with a very respectable score. Lota Crouter makes a big gain and jumps up to tenth place. Several new contestants have entered this week, and the list is growing every day. Several changes will no doubt be made in the standing next week.

The maid was in the garden, hanging out her clothes, Down flew a blackbird and perched upon her nose; "What makes your clothes so very white," the saucy blackbird said, "I washed them with Fels-Naptha," replied the pretty maid.

Most labor-savers cost money. A new-fangled washer, an electric sad iron or a gas range mean you have to pay out a good sum to start with.

But Fels-Naptha Soap will save you more work than all these other things put together and it costs no more than other soaps.

Labor-saving and economy are combined in Fels-Naptha.

And labor is not the only thing saved. When you wash with Fels-Naptha Soap the Fels-Naptha way, in cool or lukewarm water, it saves the clothes.

No boiling to soften them; no hard rubbing to wear them out. They last twice as long.

No matter how big the washing is, it doesn't take half as long as if you boiled and hard-rubbed the clothes.

They'll be sweeter, whiter and cleaner. Isn't it worth trying?

Be sure and use cool or lukewarm water in Winter or Summer—no boiling—according to directions on the red and green wrapper.

After a strenuous session Justice McGee decreed that the tailor should alter the clothes to the satisfaction of the purchaser and the participants in the case are awaiting the results.

## CLEVER DOCTOR

Cured a 20 Years' Trouble Without Any Medicine. A wise Indiana physician cured a 20 years' stomach disease without any medicine as his patient tells us. "I had stomach trouble for 20 years, tried family medicines, patent medicines, and all kinds of pills, but was not helped by my friends, but grew worse all the time. Finally a doctor who is the most prominent physician in this part of the state told me medicine would do me no good, only irritate my stomach and make it worse. He told me to look to diet and quit drinking coffee. I cried out in alarm, 'Quit drinking coffee, why will you drink it?' 'Try Postum,' said the doctor, 'I drink it and you will like it when it is made according to directions, with cream, for it is delicious and has none of the bad effects coffee has.' 'Well that was two years ago and I am still drinking Postum. My stomach is right again and I know doctor hit the nail on the head when he decided coffee was the cause of all my trouble. I only wish I had quit it years ago and drank Postum in its place.' 'Never let it be said, 'Ten days' trial of Postum in place of coffee, woe woe woe.' There's a Reason. Look in glass for the famous Little Book 'The Road to Well-being' sent free. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
