# COAST FIGHT AMONG MILK COMPANIES

### Action at Seattle in Holding Up Shipment of 300,000 Cans, Said to Be From Coos Bay, Apparently Instigated by Trust.

(Special Dispatch to The Journal.)

Seattle, Wash., April 13.—About 300,000 cans of condensed milk, said to have been manufactured on Coos bay, are being held up by Commissioner Davis pending a chemical analysis of samples. Two samples, furnished Mr. Davis by Phillip Brady, a broker who is endeavoring to sell the milk here, will be examined at the state university. It is claimed that the milk is lumpy. Mr. Brady does not deny this, but states that the lumps are butterfat and that the milk is first class.

Marshfield, Or., April 13.—A. B. Stewart, acting manager of the North Bend Milk condensary, says he does not know of his company having any large amount of its products at Seattle, but believes any holdup of the milk is due to fight of the condensed milk trust.

He says the introduction of the brand of the Carnation company, operating six factories in Oregon and Washington, has started the fight of the Bordens against the 30 coast condensaries of Oregon, Washington and California.

**Smaller Concerns are Suffering.**

"They have advertised extensively on bill boards and have cut prices to such an extent that there is nothing in the business," said Mr. Stewart; "and the smaller concerns will not be able to keep up unless located especially advantageously.

"The North Bend factory is on the water, where the milk and finished product can be economically handled, and we have a large supply of milk to draw upon, which gives us an advantage over some of the other factories.

"I do not know of our company having any large amount of milk at Seattle and think the product reported held there must belong to some other company. The North Bend company manufactures the Sunrise brand and has a capacity for turning out about 150 cases a day."

# TAFT TO TAKE UP JAP PROBLEM

(United Press Leased Wire.)

Washington, April 13.—Secretary Nagel, who independently investigated the immigration problem on the Pacific coast, it was learned today, will report to President Taft on the subject. Nagel's report will cover statistics regarding Chinese and Japanese coolie labor in California and deal with the situation generally. Taft believes he can solve the problem without agitation and it is generally believed he will assume an attitude more sympathetic toward the Pacific coast than did Roosevelt.

# SWIFT ORANGE TRAINS TO SUPPLY THE EAST

(United Press Leased Wire.)

Chicago, April 13.—Plans are being laid today by the Santa Fe railroad to rush California oranges into eastern markets in much less time than has heretofore been consumed in the journey. The new Belen cutoff, opened on March 18, will enable the road to shorten by almost 24 hours the freight schedules between California and Chicago.

Efforts are being made to increase the speed of orange trains because, as a result of the extensive travel on the Pacific coast recently, people from the east and middle west have learned the difference between fruit ripened on the trees and that packed green and ripened in boxes. Complaints have been numerous recently because of the flat taste of oranges allowed to ripen on slow fruit trains, and it is now the company's object to make the trip so fast that ripe fruit can be transported.

# Rheumatic Pains

"My mother is a great sufferer from rheumatism, and Dr. Miles' Anti-Pain Pills is the only remedy that relieves her."

MRS. G. DAVENPORT,
Roycefield, N. J.

The pains of rheumatism are almost invariably relieved with Dr. Miles' Anti-Pain Pills. They also overcome that nervous irritation which prevents sleep because they soothe the nerves. To chronic suffers they are invaluable. When taken as directed, they relieve the distress and save the weakening influence of pain, which so frequently prostrates. Many sufferers use them whenever occasion requires with the greatest satisfaction, why not you? They do not derange the stomach nor create a habit. Why not try them? Get a package from your druggist. Take it according to directions, and if it does not benefit he will return your money.

# MARTIN APPEAL STAYS IN COURT

### Motion on Behalf of State to Dismiss Is Denied—Other Decisions.

(Special Dispatch to The Journal.)

Salem, Or., April 13.—A motion to dismiss the appeal in the Edward Martin murder case was denied today by the supreme court in an opinion written by Chief Justice Moore. The motion to dismiss the appeal was based on errors alleged in the brief of the defendant's counsel relating to the admission of evidence. The bill of exceptions was omitted.

Other cases handed down today were as follows:

J. W. Dryden vs. Pelton Armstrong company, appealed from the circuit court for Multnomah county, J. B. Cleland judge; reversed and remanded in an opinion written by Justice Eakin.

Theodore Bernheim vs. Ella Talbot, appealed from the circuit court for Multnomah county, C. U. Gantenbein judge; affirmed in an opinion written by Justice Eakin.

M. A. M. Ashley and C. E. Rumelin vs. C. O. Rick, appealed from the circuit court for Multnomah county, E. C. Bronaugh judge; reversed and remanded in opinion written by Chief Justice Moore.

# JOSSELYN HAS NO PREFERENCE

### Traction President Declines to Express His Views on Mayoralty Question.

"I have no preference for any candidate for mayor of Portland. I simply desire to see a clean, business administration."

In this statement B. S. Josselyn, president of the Portland Railway Light & Power company, summarized his attitude toward the local political situation, this morning.

"Do you, Mr. Josselyn, favor the candidacy of Joseph Simon?" The question was asked flatly, and Mr. Josselyn replied: "I do not think I have even the honor of Mr. Simon's acquaintance. I have no personal knowledge of his qualifications for the office of mayor. I might know him if I would see him, but I am not certain. I understand that both he and Dr. Smith are very estimable gentlemen. For me to say more would promote a misunderstanding of my position when the fact is that I have no preference whatever."

Mr. Josselyn would say nothing regarding his attitude toward the possible candidacy of Mayor Harry Lane, and began the interview with the statement that so great was the danger of misunderstanding that he did not care to discuss the present political situation at all.

"I am convinced that a bridge at Market street will be needed within two years," asserted Mr. Josselyn, discussing the bridge situation. "The way Portland is growing makes a new bridge across the Willamette necessary every two years in order to provide the people of the east side with proper transportation facilities. For the city to build now at Market street would leave a gap at Madison street which sooner or later would have to be filled."

"Which location is preferred by the Portland Railway, Light & Power company?" was asked.

"We prefer the Madison street bridge for the present," answered Mr. Josselyn, "but that is not to say that if the bridge at Market street is constructed there will never be another bridge at Madison street.

"Do you realize that Portland has 15 miles of waterfront on the east bank of the Willamette, and that the majority of the people of the city are living there now? The growth of Portland has been wonderful, and all the more remarkable for the fact that this growth is permanent. Mining camps spring up in a night, become towns, almost cities, and then disappear. But Portland has in climate, soil and resources that which will hold the people here for all time, and furnish a continued invitation for further settlement.

"Without the use of the Madison street bridge conditions are so vexing to all the people that there should be no further delay in definite action. Something should be and must be done at once in order to serve the people most efficiently."

Mr. Josselyn declared that his short vacation in the south from which he returned yesterday, had made a new man of him, that he felt a zest for his work, which had been lost during the preceding six months of unremitting work.

# PIONEER HOTEL MAN OF PORTLAND DEAD

David J. Buckley.

David J. Buckley, one of the pioneer hotel men of Portland, died Sunday morning in a rooming house which he was conducting at First and Main streets. Buckley was at one time the proprietor of the old Occidental hotel, and there is hardly a lumber jack or steamboat man in the Northwest who did not know Dave Buckley.

Buckley made a specialty of catering to that class of men and that he made a success is shown by the fact that he leaves a fortune valued at almost $250,000. He was also the part owner of the St. Charles hotel at one time and has in later years been the manager of a number of big rooming houses.

Buckley leaves two sons, E. J. Buckley and William J. Buckley, and a nephew, Ed. Sheridan. His two sons are residents of San Francisco, but have decided to come to Portland to locate and conduct the business left them by their father. Buckley's remains will be shipped to San Francisco tonight and will be buried from St. Mary's cathedral.

# BUILDING ORDINANCES VETOED BY MAYOR

Mayor Lane yesterday vetoed five building ordinances passed at the last council meeting. The mayor's disapproval was due to the representations of the city building inspector who objected to the ordinances in their present form. They will go to the council for further consideration tomorrow.

# How to Cure Constipation Without Pills or Medicines

## For the Benefit of Our Readers, We Are Pleased to Publish Prof. Midgley's Wonderful, Clean, Straight Talk on the Folly of Using Drugs to Cure Constipation.

For the benefit of our readers we publish a timely and interesting talk by Prof. T. H. Midgley on a point which is most vital to every man, woman and child in this country—the way to stop the spreading danger of chronic constipation. All he says is true, and evidences of it are so many and varied, as seen in hundreds of letters from those who have done as he advocates, that we think it a public benefit to make them known. We recommend Prof. Midgley most earnestly to our readers.

**Most Diseases Caused by Constipation—Sewage for the Brain.**

"It goes to the brain naturally, and to every part of the body, every organ being fed on this polluted blood or sewage. It goes to your face in the form of pimple-poison and breaks out on the skin, it goes to your head and gives you headache and dizziness, it goes to your brain and makes you drowsy, it weakens the stomach and causes dyspepsia and bad breath, it goes to the liver and causes biliousness, it goes to the kidneys and eventually gives rise to Bright's Disease, it goes to the heart and makes it thump, it goes to the eyes and robs them of their luster, it makes your nerves flaggy and weak and out-o'-sorts, and this is the advance agent of all kinds of disease, which you couldn't get at all if there was pure, rich, red blood flowing in your veins and your whole body was in prime condition.

**24-Hour "Habit" All Important.**

"Although it is one of the simplest things in the world to cure even the worst case of chronic constipation, yet nearly every other man and woman you meet is positively so stopped up as to be hardly able to think clearly. To get the habit every 24 hours regularly, works wonders. By the habit I don't mean the cathartic habit, but I mean that natural, easy move that every one ought to have without being obliged to make a rush for the pill box every night.

**Must Quit Pill Habit.**

"You young and middle aged men and women who eat and drink everything you like, and you old men and women who are addicted to pill eating to keep your overdue bowels going, you don't realize that there would not be one hundredth part of the disease on earth today if your bowels were absolutely regular.

"You can shake your fist at almost any old disease known if you've got the bowels that do business every 24 hours. This is plain talk, but any doctor will tell you the same thing, only he may be more particular in his language and it won't make the impression on your mind.

**Cathartics Can't Cure Constipation.**

"It is true that cathartics sluice out the bowels clean, but they also sluice out that bowel-moving juice of secretion which Nature has put in every good bowel to make it work easy and right. When this natural lubricating fluid is cleaned out, your bowels become mere dead pipes. Then you get a bad case of constipation, and pills are swallowed to do the moving. This goes on, ever and ever again, and this is why so many are constipated.

"Take it for granted that you would like to quit taking pills and drugs, castor oil, cascara, jalap, gamboge and all other cathartics and consider my new rational method that has cured so many.

**How You Can Stop Constipation Forever.**

"If you will do as I say you can get rid of your constipation right now and forget about it ever after.

"Forget forever that there are any pills, powders, or potions for moving the bowels. They will move themselves if you will just give them a start the 'Midgley Way.' You will never realize how gratifying it is to have regular bowels and how fine it feels to really live, until you have tried it.

"My Rational Method includes a remarkable system of bowel exercises for which I send careful directions, with engraved cuts, to show just how the exercises should be taken. These exercises are so easy that they are used without difficulty by delicate women and very elderly people, yet they are so scientific as to stimulate the relaxed bowel muscles and reduce them to normal activity in a remarkably short period. No restrictions are placed upon the diet, though I do insist on the use for a time of a certain concentrated Fruit Food called 'Pomolo,' which I have discovered to be possessed of a marvelous tonic and strengthening effect on the entire digestive system. This wonderful Pomolo Fruit is as pleasant to the taste as oranges, and I supply it in a concentrated form from which all harmful acids are eliminated, so that it not only sharpens the appetite, but helps to digest starchy foods and thus prevents the formation of gas in the stomach and bowels—but I cannot go into details here.

"I am willing to tell any one, who will take the trouble to ask me, just exactly how to use this simple method, and how to be cured right at home, so that it will no longer be necessary to dose with any kinds of harmful drugs and acids. I have published a book which contains this Midgley Method in detail; and as it would be impossible to tell you in this brief space what it contains, I will send this book to any man or woman who is interested enough in a cure to send me a few postage stamps so as to pay the bare cost of sending it."

For the benefit of our readers we have taken the trouble to pick out at random a few of these letters and publish them. For instance, Mr. F. G. Jackson, who had almost become a mere skeleton and had suffered for 10 years, cured himself in a few days by the "Midgley Way."

**"You Simply Can't Cure Constipation With Pills, Powders or Potions. Force Is Folly. I Tell You How to Cure Yourself Permanently at Home by the 'Midgley Way' Without Medicines."**

**"Jackson, Old Boy, You're Looking Fine."**

Mr. F. G. Jackson, Mining Engineer of the American Flag Quartz mine at Comptonville, Cal., says: "Prof. T. H. Midgley—Dear Sir: I took your advice. I have gained 10 pounds in weight and my friends remark as I meet them, 'Jackson, old boy, you're looking fine.' I tried almost every kind of patent medicine for 10 years to no good. Your advice has proved marvelous. I was almost a skeleton, but now I feel as young and hearty as I did 20 years ago. I thank God and Prof. T. H. Midgley."

**Had Tried Every Kind of Medicine.**

Miss Ella Cea, of Beene, Iowa, says: "I have been a constant sufferer from that dread disease, constipation, all my life, and had tried every kind of medicine and had consulted many different doctors, but none proved successful. At last I concluded to give Prof. Midgley's drugless treatment a trial. I did so and at the end of one month was entirely cured. My general health grew better and at present am in the best of health. Can say it is a wonderful cure and a help to any one suffering as I was."

**Suffered 20 Years, Cured in 30 Days**

Mr. George E. Barker, 39 Bailey street, Boston, Mass., writes that he had been troubled with constipation for 15 or 20 years and had tried almost every drug in the market. He cured himself in one month the "Midgley Way."

**The Opportunity of a Lifetime.**

This method offers the greatest opportunity to be cured of chronic constipation that you have ever had come to your notice.

You would be amazed to see the array of letters that are received daily by this benefactor of mankind. These letters are from worn-out, pill-ridden patients who have tried the "Midgley Way" as the last desperate effort, and to their surprise have been easily and quickly cured.

Mrs. Morgan Parkhurst, of Gerry, N. Y., suffered for 30 years and cured herself in 30 days, and so on down the list.

**Was Near Death.**

Thomas Needham, 1528 S. 44th Ave., Chicago, says: "I suffered from chronic constipation for 10 years. I tried every cathartic on the market in vain. Doctors could do nothing and death seemed near. By following your advice I cured myself permanently in just one month."

**Cathartics that Increase Constipation**

"Aloes, calomel, croton oil, cascara, sagrada, jalap, gamboge, blue mass, colocynth, asafetida, senna, epsom salts, laxative mineral waters, podophyllin, castor oil, nux vomica, hyoscyamus, belladonna and other acids and drugs which only physicians know about, cause recation in the bowels and increase chronic constipation instead of curing it.

"It is not necessary to depend on any one of these sinful drugs; and just as sure as you do, you help to paralyze your bowels. You can have them move every day regularly without taking any of these paralysers, if you will only follow out my idea, which has already proved successful in hundreds of cases I have cured."

**Doctors Admit "Drug Sin."**

The Chief Clerk of the Pennsylvania Railroad company, located at New Brunswick, N. J., says: "I have suffered from chronic constipation for the past six years, taking most all of the pills and potions I ever heard of. At one time I became so bad I decided to give up my position with the railroad, as I felt my days were numbered.

"One physician told me that he, as well as others, were powerless to cure constipation with drugs, saying that the purgatives inflame the bowels and eventually paralyze them. I followed your advice, have not spent a penny for drugs of any sort and I am cured."

**Look Out for Your Nerves.**

There is hardly anything which restores the nerves as quickly and surely as regular bowels. Most people who have weak nerves and are run down are chronically constipated. It is surprising in how short a time a man or woman can build up a strong body by being absolutely regular and taking Prof. Midgley's treatment.

Our readers can be positively certain of results if they will but send for Prof. Midgley's book and follow his advice. He is known all over the country as the "Constipation Wizard." His method is all so wonderful, and so simple that it has been said by a great many to be a positive pleasure to adopt the "Midgley Way" of getting cured RIGHT AT HOME. His advice to you will be worth hundreds of dollars and you will have saved years of misery, bad health, and danger of disease.

Those who are cured by his Rational Treatment say they realize what it is to really live and have that exquisite feeling of perfect health, cheerful spirits, good digestion, clear mind, quick memory, energy, courage and ambition, to a degree which they never before could understand or experience—and all this by taking his treatment in their own homes.

**How to Get the Advice.**

All you have to do is to cut out the coupon, fill in your name and address on the blank lines, and sent it to Prof. T. H. Midgley, 2273 Midgley block, Kalamazoo, Mich. He will by return mail, send you his 60-page illustrated book, explaining how you can be cured of chronic constipation. RIGHT AT HOME, the "Midgley Way," without medicine. He will also send you by letter his expert advice upon any point relating to constipation on which you may ask information. Mail the coupon today.

## Fill Out This Coupon and Mail Today.

Fill in your name and address on dotted lines below and mail to Prof. T. H. Midgley, 2273 Midgley block, Kalamazoo, Mich., and by return mail he will send you his 60-page illustrated book explaining his simple way of curing constipation permentnaly without medicine. Write plainly.

# CAR COMPANY MEN ORGANIZE

### Electric Club Is Formed to Promote Street Railway Service.

To harmonize relations between the people of Portland and employes of the Portland Railway, Light & Power company, the Electric club, consisting solely of employes of the streetcar company, was organized last night. Meetings of the club will be held once a month or oftener. New ideas for the improvement of the service will be proposed and discussed. Special attention will be given to those items which pertain to a betterment of the service given the people.

The plans of the company for the carrying on of its work will be explained and each man made to feel that he is, in a sense, a partner in the enterprise. Those employes of the company who come into contact with the public are expected to be especially interested. Said F. F. Barbour, assistant to the president, in explaining the plan of organization to the assembly last night:

"It is necessary for every man to feel that he is an essential factor in the work of this company. No one of us can do his full duty by the people and by the company unless every other man cooperates with him by performing his individual duty to the full of his ability and capacity. The man at the power station and the man in the office share responsibility alike. No man can neglect his duty without harming the service which the company endeavors to give."

The election of officers resulted as follows: President, F. F. Barbour; secretary, A. C. McMicken; treasurer, Otto Dekum.

# NO LICENSES FOR WATER PEDDLERS

The license department of the city auditor's office will make no charge for the privilege of vending Bull Run water on this side of the river so long as the prices charged by peddlers are reasonable. Many inquiries have been received at the city hall since the pipes burst asking if it would be necessary to procure licenses to sell water.

Climatic conditions in Colombia cause a large demand for portable houses.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver, and purifies the blood.

Itching, torturing skin eruptions, disfigure, annoy, drive one wild. Doans Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

Everybody's friend — Dr. Thomas' Eclectric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

Foster & Kleiser Signs.

**A KNOCKER**

is a man who can't see good in any person or thing. It's a habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good cleaning out process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, sick headache, biliousness, all liver, stomach and bowel troubles. Sold by Skidmore Drug Co.

# EASTER RIOTS IN MEXICAN TOWN

### Mayor Wouldn't Let Them Burn Judas—Fifteen Persons Killed.

(United Press Leased Wire.)

El Paso, Texas., April 13.—Troops are patrolling the streets of Torreon, Mexico, according to dispatches received here, to prevent a recurrence of the rioting of Saturday and Sunday, when fifteen persons were killed.

The trouble began Saturday, when the mayor refused to permit the Easter ceremony known as "burning Judas." The people grew excited because their religious ceremony was to be prevented and rioting followed. Six policemen, three soldiers and six rioters were killed and a number of persons severely wounded.

# MUTUAL MASTICATION BY CANINE MASCOTS

(United Press Leased Wire.)

Berkeley, Cal., April 13.—A fight between the canine mascots of two University of California fraternities in the thick of a crowd of students attracted by a fire last night caused a small riot that threatened to develop into a general melee when Humane Officer F. M. McAllister kicked one of the struggling dogs and brought upon his head the wrath of 500 college men.

A fire in a boarding house near the campus attracted hundreds of men from the fraternity and clubhouses in the vicinity. During the rush to the fire a bulldog belonging to Frederick George Tickell of Sacramento, a member of the Delta Tau Delta fraternity, and a St. Bernard, the property of the Delta Kappa Epsilon men, opened hostilities. In an effort to stop the fight, Humane Officer F. M. McAllister is said to have planted several well directed kicks in the bulldog's ribs. Angered at this attack on his pet, Tickell, it is claimed, struck the officer in the face. McAllister called for police aid and Tickell was taken into custody.

On the way to the station house the officers were followed by a crowd of angry college men, who demanded the release of the prisoner. Three times a show of revolvers was necessary to keep the excited youths from rushing the officers.

An interview with Chief of Police Vollmer, followed by an apology by Tickell, secured the young man's release. While the interview was in progress the men surrounded the station, hooting and giving college yells.

McAllister stated that he would not prefer charges against Tickell, and it is thought the matter will be dropped.

**Auto Hit by Streetcar.**

An automobile driven by Dr. Calvin S. White was struck by car 108 on the Fifth street line at the corner of Yamhill and Fifth streets this afternoon. The machine was slightly damaged.

# POULSON TO HAVE HEARING THURSDAY

Johan Poulsen, president of the Inman-Poulsen Lumber company, who surrendered himself yesterday to the police on learning that a warrant was out for his arrest for dumping sawdust in a public street, will appear before Judge Van Zante for hearing Thursday, the case having been set for hearing then. Mr. Poulsen's arrest is the result of the filling in of East Sixth street between Sheridan and Division streets.

The Inman-Poulsen company has refused to meet a street assessment for filling the street, amounting to $30,000, and this amount it contends is excessive. Now it is claimed the company has been filling the street with sawdust, whereas the city ordinance requires that dirt and gravel be used.
