My Earnest Appeal to EVERY WEAK MAN. I want every weak man to thoroughly understand that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for 25 years qualifies me to say positively that such troubles as SPERMATORRHOEA, LOST STRENGTH, VARICOCELE, HYDROCELE, GONORRHOEA, SYPHILIS, STRICTURE and "WEAKNESS" can be cured perfectly—as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

The Scientific Treatment of Weakness. Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity, but which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call. Examination Free. I offer not only FREE consultation and advice, but of every case that comes to me I will make careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his troubles. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m. and Sundays from 10 to 1 only.
