MORE MOONSHINING IN THE DRY SOUTH

Washington, April 17. - Officials of the internal revenue bureau of the treas-

the internal revenue bureau of the treasury department are of the opinion that the temperance movement which has taken such strong hold of certain sections of the country, particularly in the south, has resulted in increasing the number of violations of the internal revenue laws in the distillation of fillcit whiskey.

Recent reports clearly indicate that in many of the southern states, and especially in Alabama, Georgia and North Carolina, there has been greater activity displayed on the part of the lawless mountain element, who always have been troublesoms to the revenue agents, than in many years. This is accounted for by the fact that the legislatures of these three states have enacted laws prohibiting distilleries from operating within their borders.

Many of the legitimate distilleries have moved their plants to Florida and other border states where the inhibition does not exist. Whiskey being more difficult to obtain in a legitimate way has greatly increased the profits of illicit distilling.

Two Dashes in Good Running Time.

San Francisco, April 17.—Stanford's rack team won the sixteenth annual rack and field meet from the Unieralty of California today by a score of 66 points to 66, after a contest which was close and interesting all the way brough, and was not settled until the esult of the final event was anounced

through, and was not settled until the result of the final event was anounced. The pole vault was the last thing on the program, and when the competitors in this event were making their vaults the Stanford team had enough points to tie the meet, and California had a chance to break even by taking all the nine points for the event.

Aside from the uncertainty which prevailed from the time the shot from the starter's gun opened the program, the feature of the meet was the remarkable performances of John O. Miller, who pulled the victors from the fire. Miller's performance was all the more remarkable on account of his having run in the half mile and the quarter mile races previous to the relay. He equaled his own coast record of 1:58 2-5 in the half mile race, which he won after a desperate race against Dozler of California, who was four yards behind the Stanford man at the finish. Miller took second in the quarter mile to his teammate. Wyman, the two breasting the tape almost together, with Wyman winning in 50 1-5 seconds—a new record for these college meets. The summary: One mile—T. B. Smith (C.), first; M. Gregor (S.), second; Erskine (C.), third. Time, 4:35.
