### Chicago Wheat Option Is 2-1/8c Lower—Visible Supply Is Decreased.

Chicago, April 19.—The wheat market was heavy today, closing 2 1/8c a bushel under the final figures of Saturday.

It was an off day with the bull clique and try as hard as they might the crowd was unable to raise the price from the low point more than a few fractions.

Crop news was of a mixed character but was generally not so good as recently reported. The visible supply shows a decrease but even this failed to check the movement of the bears into the market.

### One Lot of Cattle Brings So Good a Price That Sellers Are Afraid to Make It Public for Fear of Exciting the Market.

New York, April 19.—The stock market was bullish in the core today and sharp advances were everywhere manifest. Union Pacific and Reading were the leaders and several points were added to the price of other leaders. The market in general was about 1 1/2 points above Saturday, the advance being especially marked in the case of Union Pacific.

There was some slight hesitation at the start, owing to the Turkish troubles, but the fall of American shares abroad brought about renewed short covering and the general advance was the outcome.

### WAYS WIN LANDS CASE

#### Judge Hanford Finds Indians Have No Title to the Property.

Tacoma, Wash., April 19.—Federal Judge G. H. Hanford this morning handed down a decision in the United States court knocking out the claims of Attorney B. F. Grosscup and Charles Hedford for the "swilling" Indians to the tide lands at the mouth and commencement bay, valued at \$5,000,000. The tidelands have been held by the state since its organization, until sold to Tacoma men, J. A. Ashton and William Jones now holding the title by purchase from the state. Recently, however, the Indians had bought the property for ocean terminals.

Grosscup and Hedford dug up some old treaties and records, under which they held the Indians had title to the lands and secured the sanction of the government to start suit to oust the present holders.

Judge Hanford decides the Indians have no claim to the property, as the national government never had any title to the lands, but was merely the trustee for the state and could not dispose of them if it had tried, but whether that theory was correct or not he had tried to do so.

The decision is expected to cause at least two transcontinental railroads to be built on the lands, preparatory to building to Tacoma for ocean terminals.

### PATTEN WEARS INJURED LOOK

#### Public Ignores Him, and He'll Try No More to Spread the Light.

Chicago, April 19.—Wheat King James A. Patten declared today that he had been made a scapegoat and that the public had refused his proffered enlightenment regarding the present situation. He announced that he would take the public into his confidence no longer, and that he would give no more interviews. He also bitterly denounced the ministers who yesterday attacked him from the pulpit.

Vice President Merrill of the board of trade issued a statement today announcing that there was no corner in wheat.

There was no excitement in the pit. Just before noon May wheat fell to 1.24.

### Greatest Individual Advance Ever Shown in Market Here Occurs Today—Club Wheat Sells at \$1.20 f. o. b. Portland.

Wheat futures were excited and 3c a bushel higher today. Barley advanced 3/4c a ton, the greatest individual rise ever shown here.

Hay is 1/2c lower for cow grades but horse feed is the same amount higher.

### HENRY RENAUD WINS MARATHON

Boston, April 19.—One hundred and eighty-two runners took the mark today in the annual Marathon race of the Boston Athletic club. The start was made shortly after noon.

Henry Renaud of Nashua, N. H., was victorious over the big field, completing the long grind in 2 hours 55 minutes 36 1/2 seconds.

A number of runners of New York were second, and E. J. Grant of New York third.

### DEFENSE OPENS IN THE DOUGLAS TRIAL

The second week of the second trial of W. E. Douglas on a charge of embezzling \$4900 from the Thiel detective agency started before Judge Morrow and a jury in the circuit court this morning with the first testimony for the defense.

All of last week was consumed by the evidence of the state, involving the introduction of a large number of documents and records showing the transactions of Douglas with the agency while he was employed as bookkeeper. The case is expected to last several days longer.

Douglas was tried once before on the same charge, but was acquitted. Since then he was tried on another embezzlement charge and acquitted. The defense claims that the charge in the present case, but a motion to dismiss was denied by Judge Morrow this morning. Douglas then took the stand in his own behalf and entered into an explanation in detail of the charges against him.

### Supplies All Along the Coast Are Decreasing and Price Everywhere Is Doing Better—Good Onions Are Hard to Obtain.

Potatoes doing better. Good onions very scarce. Fresh strawberries are lower. Egg market higher. Several cars bananas in. Hams are doing better. Best wool firm at 20c. Local fruit aids market. Butter holding unchanged.

### Potatoes Are Doing Better.

The expected improvement in the local potato situation is materialized, and because of the shortage at country shipping points, local buyers are paying as high as \$3 per 100 pounds for best quality. The market has recently shown a better feeling in the south, and the best quality is especially firm there. In the front street markets practically no change in value is visible, although holders have shown a disposition to ask a fractional advance of late.

### Strawberries Are Lower.

Strawberry market is lower with more liberal arrivals coming forward from Florida. It is not likely that further shipments will be brought here from the south, because Portland does not take kindly to the class of fruit which is being imported. The market help matters here considerably, however.

### Egg Showing Advance.

Local egg market was firmer today. While receipts continue to be rather liberal for Monday, especially the early run, the trade is raising hold prices, and 2 1/2c is obtainable in most instances.

### Cheese Receipts to Increase.

Cheese receipts are expected to show a material increase here during the present week. The reported arrival of the steamer Argo from Tillamook did not cause any excitement in the trade, as there has been no surplus whatever on date, and the movement toward the immediate future, because of the insistent call from the outside for supplies, the local market is expected to be so good that all arrivals were quickly taken up, but as soon as the wants of the people here are temporarily supplied, the movement toward the south will set in. Although California market is lower for her own market of cheese, the trade is clamoring for Tillamook supplies, and is offering quite a premium in order to get it.

### Butter, Eggs and Poultry.
