## REQUESTS DATA ON WILLAMETTE

### United States Engineer's Office Investigates Need for Improvement.

With the end in view of finding out the necessity for improvement by the general government of the falls of the Willamette river at Oregon City and also the channel of the Willamette from Oregon City to Eugene, Major J. E. McIndoe of the local United States engineer's office, has addressed letters to prominent residents of the Willamette valley, asking for detailed reports of the probable value of such improvements.

The following paragraph appearing in the letters from Major McIndoe makes plain the character of information wanted by the department as a preliminary to providing for the improvement: "As the worthiness of this improve-

### TURN OVER TIME

#### When Nature Hints About the Food.

When there's no relish to any food and all that one eats doesn't seem to do any good then is the time to make a turn over in the diet for that's Nature's way of dropping a hint that the food isn't the kind required.

For a number of years I followed railroad work, much of it being office work of a trying nature.

"Meal times were our busiest part of the day. Eating too much and too quickly of food such as is commonly served in hotels and restaurants, together with the sedentary habits were not long in giving me dyspepsia and stomach trouble which reduced my weight from 205 to 160 pounds.

"There was little relish in any food and none of it seemed to do me any good. It seemed the more I ate the thinner I got and was always hungry before another meal, no matter how much I had eaten.

"Then I commenced a fair trial of Grape-Nuts and was surprised how a small amount of it would carry me along strong and with satisfied appetite, until the next meal, with no sensations of hunger, weakness or distress as before.

"I have been following this diet now for several months and my improvement has been so great all the others in my family have taken up the use of Grape-Nuts, with complete satisfaction and much improvement in health and brain power.

"American people undoubtedly eat hurriedly, have lots of worry, this hindering digestion and therefore need a food that is predigested and concentrated for nourishment. "There's a Reason."

"Look in eggs for the famous little word, 'This Food is Willamette.' Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## MENT WILL BE BASED UPON THE PRESENT AND PROSPECTIVE COMMERCE AND ITS NEEDS

It is desired to have statements from persons who have shown an interest in this improvement and whose local knowledge renders their opinion of value, and I invite you to furnish me with such of the following information as you can, together with your opinion as to the nature of the improvement required: First, present commerce, its character, amount and value; second, future commerce, due in part to an improved waterway; third, present navigational kind of boats used, draft, etc.; fourth, wharves and wharf areas, suggestions as to what is needed in the way of wharves, under municipal and other public control to supplement the water route to be improved to give its maximum efficiency. It is realized that the principal decline of water transportation is due to lack of proper facilities for the transfer of freight from water to land and vice versa; fifth, information concerning the utilization of waterpower which could be developed in improved waterways.

## MAFIA MEN TORTURE WEALTHY ITALIAN

(Called Press Lined Wire.)

Bredocco, Pa., April 19.—Roberto and Nicola Biglietta, believed to be members of the Mafia, are in the Pittsburg jail as a result of one of the most sensational blackmailing plots ever run to earth in this state.

It is said the Biglietta brothers for days had been torturing Joseph Guglietta, the wealthiest Italian of this city, in an effort to make him give up his money. The victim of the diabolical plot lies in a hospital with pieces of his ears and nose cut off and deep wounds inflicted in his chest.

Guglietta had yielded to the treatment of his persecutors, who were at the bank to receive the money they demanded, when the police made their appearance. The men were captured after a running battle in the streets, and taken to Pittsburg to prevent summary justice being dealt by the excited Italian residents of this city.

## SWEET HOME YOUTHS EGG STREET PREACHER

(Special Dispatch to The Journal.)

Lebanon, Or., April 18.—"Eversend" Douglas Hamilton, known throughout this section as the street preacher, answered an invitation to preach at Sweet Home and met an "egg" reception.

Hamilton was at Sweet Home Tuesday and Wednesday nights. After the service Wednesday he was set upon by seven youths, who followed him to the hotel, pelting him with eggs of uncertain age.

The following morning Marshal Keeley arrested Vern Keeney, Ray Paddock, Melvyn Watkins, Frank Donace, Roy Elliott, Harry Davis and Herbert Bowser, and each pleaded guilty and was fined \$5 by Recorder Horner.

## LEW SULLY IS ORPHEUM'S BEST

Lew Sully, erstwhile minstrel man, usurps the place of the topliner this week at the Orpheum and is worth the entire price of admission. With his fascinating smile and a loquacious purple suit accentuating his embonpoint (by the way, he uses that word in the art of his struggles with French) he has the whole audience smiling and good humored long before he decides that "we are well enough acquainted" to hear another song. His songs are all good and whistlers; he sings them instead of talking them, a la vaudeville, and yet every word is distinctly understood; and he uses successfully the art of gentle suggestion and makes his jokes carry even with the slowest. In spite of several mother-in-law jokes his stunt is one of the best seen in months at the Orpheum.

## NAVAL OFFICERS SET PUBLIC RIGHT

(United Press Lined Wire.)

Philadelphia, April 19.—Naval officers point out that it is a mistaken idea that their objection to former Secretary Newberry's order revolutionizing the navy yards is a reopening of hostilities between the line and staff. Officers explain that this is not the case, and that the entire trouble arose from Newberry's "order No. 2."

## FOR THE PUBLIC

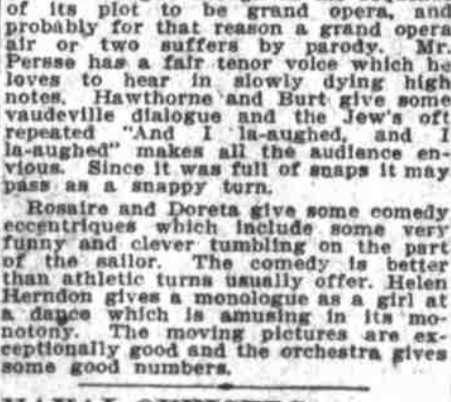

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but success has been so effective in attacking the public how to break up a cold and cure coughs, bronchitis, tonsillitis, etc., with simple home medicine free from opium, poisons, etc. A laxative cough syrup, free from whiskey and poisons is the prime need. A cough indicates inflammation and congestion and these in turn are due to an excess of waste in the system. A tonic laxative cough syrup relieves the system of congestion while relieving the painful coughing. Get the following mix at home. One-half ounce fluid wild cherry bark, one ounce compound essence, cardol and three ounces syrup, while five compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. Cut this out and save it for some friend.

## VALE BANKER'S SON DROWNS IN WELL

(Special Dispatch to The Journal.)

Ontario, Or., April 18.—The 2-year-old son of Mr. and Mrs. L. J. Hadley of Vale was drowned yesterday by falling into a well. He fell head first into the mud and water and struggled to death. Mr. Hadley is a prominent banker and business man of Vale and the son was his only child.

## DIPLOMAT CHASED BACK TO DEAR PAREE

(United Press Lined Wire.)

San Francisco, April 18.—After a varied "diplomatic" career here, Count F. De Jouffroy d'Abbas, an attaché of the French consular office, departed today for Paris.

The count was born here, but was taken to Paris when a child. After leaving school he returned to San Francisco and began his diplomatic career by serving in the consular office of the Sons of the American Revolution.

## BOY DRINKS WHISKEY UNCONSCIOUS 5 DAYS

Eugene, Or., April 18.—Nat Nye, a 15-year-old boy of this city, known on the streets as "Speck," on account of numerous freckles on his face, is in a precarious condition from drinking whiskey, which the physicians say contained a quantity of wood alcohol, judging from the symptoms of the boy's illness. The boy drank the liquor last Thursday night and has been unconscious since.

Efforts are being made to apprehend the persons who gave or sold the liquor to him. Young Nye lives with his 11-year-old brother in an old shack back of a restaurant. They are both street characters and are well known.
