Indians After Scalps.

The Indians made a value, The Indians made a value, to nose the Colts out in the ninth. Con-nors, first up, obtained a bingle. James and Burnett were morgued by the Casey-Mullin routs, but Stevens came through with a three bagger that scored Connors. Doe Brinker, sent in by Man-neer Brown to bat for him, pushed

Wedded to Second Love. No ferry floater got past second, but three of them got that far away from first. Once old Pop Van Haltren, who de-despite his Methuselahanic appearance is as frisky as a jaguar, attempted to race to third on Hogan's grounder, but Hark-ness shot the ball there aheed of him by about the length of the bruch on Pop's upper Hp. In the ninth inning it looked for a moment as if the visitors might be-come real dangerous. McCay placed the ball past the home infielders and reached first, but there he clung while Lamping. (Special Dispatch to The Journal.) University of Oregon, Eugene, April 35.—The annual interclass relay race will occur next Saturday afternoon, cov-ering a course of five miles. The teams will consist of five men, each man run-ning a mile. No tryouts will be held. The capitaln of each team selects his running mates. The race last year was won by the class of 1911, with 1910 a close second. This year the rivalry is more intense than ever, as the quality of the candidates is almost unknown. Comparatively few of last year's men will compete, leaving the field almost entirely to new material. The teams will probably be made up from the following men: 1909, Lowell, Reid, Wood, Platts and Sond; 1910, Rid-dell, Dodson, Leonard, Williams, Downs, Hoover, Irwin, Harris and Keenar, 1912, Reynolds, Davis, Garrabrant, Schu-macher and Main.

SO2D BY DRUGGISTS EVERYWHERE MEN'S DISEASES PERMANENTLY CURED

Scientific Treatment My success has come as a reward of ability and honest, earnest and scientific application of thorough understanding.

Original Methods I depend upon nobody's theories, but treat my patients in the light of my own

knowledge and experience.

There is not another physician or specialist anywhere who treats men's diseases as I treat them, This is a fact that should be duly considered by those who have repeatedly been disappointed in their efforts to obtain a cure. In no other branch of practice has medical science so lagged and the forms of treatment now commonly employed among the profession are largely based upon theories that have been handed down through generations of doctors. An evidence of this is the prevalent inability to successfully cope with several of those ail-ments peculiar to men.

All medicines are prepared in my own private laboratory and are ab-solutely fresh and pure.

"WEARNESS"

"WHATHERS" I am confident that I have cured more cases of so-called "weakness" than cany other physician. There may be doctors in the large Eastern cities who have treated more cases than I, but they cling to the old and henfective practice of dosing with lonics. "Weakness" is meraly a symptom of local disorder that re-quires local treatment. This is a truth that I have disorder that re-truth that I have disorder that re-truth that I have disorder that re-quires local treatment. This is a truth that I have disorder that re-quires local a semilarity established by mathematical is original with physicia.

FREE CONSULTATION.

To judge my ability without per-sonal consultation may be an injus-tice to yourself that will cost a life-time of suffering. Consultation is free and confidential and you place yourself under no obligation to me whatever by coming to talk with me about your case.

VABIOONE VELNS. Under my treatment the most aggravated cases of varioose are cured in a few days' time. There is no pain, and it is seldom necessary that the pathent be de-tained from his occupation. Nor-mal circulation is, at once re-stored throughout all the organs and their natural processes of waste and repair are sgain es-tablished. If you are affilieted with varicose veins, consult me at once. Delay can but bring on ag-gravated conditions and nervous stavated conditions and nervous complications that will impair the vital functions and involve the general health.

No other physician' employs a like treatment, and so thorough is my work that there need not be the slightest fear of a relapse into old conditions.

plying to their cause and cure. Through this knowledge I have perfected forms of treatment wholly original and distinctive. Every requirement for a thorough cure is scientifically met, and as a result I am able to completely master cases commonly regarded as incurable. I especially invite those who have been long afflicted to consult me, My success in curing difficult cases has brought my marvelous growth of practice and made me the foremost specialist treating men's discases.
