Regular Values \$30.00,
\$32.50 and \$35.00

Friday \$18.65

The first question that comes to your mind when you read a Friday Bargain Suit Sale, is whether or not these suits are made of cheap material, cheaply tailored and made to be sold at special sales only.

As far as we are concerned we want you to be sure about it. These suits on sale today are plain tailored and fancy braid trimmed, of the finest imported materials, in rose, reseda, gray, fawn and navy. The jackets are lined with the best quality satin and button trimmed. The skirts are plain tailored with self-strapped seams.

These garments are produced by painstaking individual treatment and handling, and by craftsmen of the highest skill, and not manufactured by the hundred for cheap sales.
