RAIL FACILITIES TO BE IMPROVED AT VALE

(By Jeurnal Leased Salem Wire.)
Salem, Or., May 7.—Vale is to have a new depot, according to advices received by the railroad commission today. Commissioner Aitchison visited Vale last month and notified the Oregon Railway and Navigation company that the facilities for handling passengers at Vale were poor. The company has purchased land and will begin the erection of new freight and passenger depots at once.

In days gone by the "bell man" made known the needs of folks, now the "want" ads get the needed things.

Extra particular cooks always demand this brand. There's such enticing crispness to pure lard-it smacks of the good old times when flaky pies and juicy fruit cobblers knew no other shortening.
