MAKING SURVEYS TO HOLD RIGHTS

O. R. & N. Has No Immediate Intention of Building Across Idaho.

General Manager J. P. O'Brien of the O. R. & N. company declares that his road had no immediate designs on the Lola pass country or the Missoula cutoff in northern Idaho.

"We have surveyors in the northern Idaho field," said Mr. O'Brien, "but they are simply relocating former surveys that we had up in that country, so that we can maintain our right of way. The law requires that in order to hold rights of way a survey must be made every so often. We have no immediate intention of building across Idaho and our object was to hold what we have there. I think that is the same idea that is actuating the Northern Pacific in having its surveyors in that field. They want to protect the rights they have.

"A few days ago I received a report that the Northern Pacific had started a crew of surveyors down the Snake river. I paid no attention to it and a day or so later a second report to the same effect came in. When we looked it up we found that three surveyors for an irrigation project had gone down the Snake and that that was the only foundation for the rumors. That part of the country is a hotbed of sensational reports about surveying parties and the locating of new lines, but they have about as much to them as had the Snake river rumor."

Mr. O'Brien said that any surveyors for a new line across Oregon west from Vale had been sent out by the Oregon Short line. It is probable, if such a line is built, however, that the construction work will be shared by the Short Line, the Oregon Railway & Navigation company and the Southern Pacific.

AT THE THEATRES

"Merely Mary Ann."

For the coming week the Baker stock company will present "Merely Mary Ann," the great success of Eleanor Robson. This will be the first time this drama of I. Zangwill is to be produced by a stock company.

Bungalow Matinee.

"When Knighthood Was in Flower," the romantic historical play at the Bungalow, will be repeated until tomorrow night, including the regular matinee tomorrow. This is an ideal matinee attraction and one which will find favor with the young people. Tomorrow night the election returns will be read from the stage.

Playlet for Portland.

Theatre-goers of the Rose City will enjoy "A Wild Rose," which will be the feature at the Grand next week when presented by Mr. and Mrs. Forbes, two of the best known players in vaudeville. There will be several other big acts, each one a distinct novelty.

Natural Comedians.

Two natural comedians are King and Bailey, formerly with Williams and Walker, and now headlining the bill at the Grand. These colored boys are assisted by a quartet of dancing girls and the act is bright and snappy every minute. It is a big bill and all good.

A Beautiful Act at Pantages.

Marie Lecea Brackman is making a tremendous hit at the Pantages theatre this week in her spectacular singing act, "The Gainsboro Girl." This is without doubt, one of the most beautiful acts ever seen in vaudeville. The costumes and electrical effects are gorgeous. The finale, "The Heavenly Vision," is truly inspiring.

Pantages Theatre Next Week.

The well known English artists, Mr. and Mrs. Edward H. Lucas, will be featured at the Pantages theatre, next week, in scenes from Charles Dickens. They carry their own special scenery, painted from the original in England, also old English furniture of the style and use at the time Dickens lived and wrote his wonderful books.

Marshall P. Wilder at Orpheum.

The week is drawing to a close for the bill on at the Orpheum and but a couple of days remain for you to see Marshall P. Wilder, "The Prince of Entertainers," and the man who has "Entertained Princes." Mr. Wilder is one of the most entertaining gentlemen ever seen in monologue.

Casselli's Midget Wonders, Orpheum

Rosina Casselli's dogs have won much renown all along the Orpheum circuit. They have been termed the Midget Wonders, and their work is remarkable. This little troupe of beautiful and rare Chihuahua dogs are sure to be classed as one of the big features of next week's new bill.

GRAHAM MAKES MORE IN WEEK THAN SEASON

(United Press Leased Wire.)

Los Angeles, May 7.—A striking feature of the Pacific Coast league play thus far in Los Angeles has been the determination exhibited by Umpire McGreevy to hold the players under control.

McGreevy has displayed absolutely no favoritism and the home men have suffered as much as visiting teams. This was evidenced in the ruling of Manager Berry of the Angels from the bench some time since and the ordering out of Captains Dillon and Hogan of the Angels and Vernons. Despite his insistence upon order McGreevy is popular with officials and players and his mistakes have been few and far between.

Charlie Graham of the Sacramentos declares that he made between $600 and $700 more on the road during his first two weeks with the Sacramento Coast league team than he did during his entire season on the road with the State league team last season.

GOVERNOR JOHNSON TO SPEAK AT A.-Y.-P.

Seattle, May 7.—Governor John A. Johnson of Minnesota has accepted an invitation to deliver an address at the Alaska-Yukon-Pacific exposition August 12, when the Minnesotans will hold a celebration, and on August 13, which has been set apart as Norway day. Mayor Haynes of Minneapolis and Mayor Lawler of St. Paul have also signified their purpose to accompany Governor Johnson. Minnesota and "Twin City" day at the fair will be one of the big occasions. Special trains carrying the Minnesota delegations will be run from St. Paul and Minneapolis.

Shot With His Own Gun.

Pacadena, Cal., May 7.—Carelessness in handling a package in which was wrapped his revolver may cost Clarence Austin, a real estate man here, a leg. Austin alighted from an interurban car this morning carrying the bundle in which was his revolver. Without thinking of its contents he tossed the pack into the back of his automobile. There was a report and Austin fell to the ground with a bullet in his left leg. By a freak of fate the bone was shattered by the bullet and at the hospital it was said that amputation of the limb may be necessary.

Five Cent Bread at Walla Walla.

Walla Walla, Wash., May 7.—Bread has been lowered by local bakers to the old price, 5 cents a loaf. The action is taken for two reasons. In the first place the penny change is new to Walla Wallans and they do not like to be bothered with the coppers. Neither did the bakers, who constantly had to make change. Then the College Place bakery, located in a suburb, would not make the raise and was cutting under the city bakeries. So the price is put back to the old mark. And while the bakers may not realize as much from the sales, they will not have to bother with pennies.

Louvain University Celebration.

Brussels, May 7.—Representatives of leading educational institutions throughout the world, including several American universities, took part today in the opening exercises held in celebration of the seventy-fifth anniversary of the reestablishment of Louvain university. Louvain is one of the two free universities in Belgium and the largest as regards the number of students. It is particularly famous for its theological school, though it also has many students in its law, medical and scientific departments.

MEN'S GOODS GOING

Stock Must Be Sold Out.

For lack of room for other departments we are forced to close out the men's department. Come in Saturday for shirts, underwear, socks, ties and overalls. McAllen & McDonnell, popular dry goods store, cor. Third and Morrison.

We Have Moved

To 144-146 Fourth, opposite Honeyman Hardware Co. We have no connection with any other stores. Goodyear Shoe Company.

CRAZY FOLKS RUN AMUCK IN YAKIMA

Sheriff and the Police Work Overtime and Citizens Are Terrorized.

(Special Dispatch to The Journal.)

North Yakima, Wash., May 7.—There appears to be an epidemic of insanity in Yakima county. Two persons who are charged with being insane were rounded up by the sheriff and the police today, and another, said to be an escaped lunatic from Medical Lake, is reported at Naches City.

Sheriff Lancaster was roused out of bed at two this morning by the report that a wild man was terrorizing the neighborhood on North Third street, just outside the city limits. An investigation showed that Preston Owens, with his pockets full of rocks and one in each hand, was thratening to kill his wife and family. He was being kept away from the house by a cordon of neighbors.

Owens and his wife separated in the east a couple of years ago and Mrs. Owens came out here with the children. Her husband followed her, arriving here recently. The house is quarantined for scarlet fever, but he has broken in several times, and has kept the family in constant fear. The officers had some difficulty in getting him to the jail.

The second insane man found was H. V. Harlan, a broom maker of this city, who was found tearing up the sage brush out in the Selah valley. He was under the impression that he was showing the ranchers how to clear their land. His insanity is believed to be temporary.

The report from Naches city is to the effect that Marshall Razy, who was sent to the asylum last fall, has escaped and is back again. Razy has been sent to the asylum twice. He is considered a dangerous man, as he arms himself fully and hides in the woods, from whence he comes at night threatening to kill all who oppose him. He believes he owns the range and has caused the sheep and cattle men much trouble. The sheriff has sent men out to round him up.

CALIFORNIA REFUSES TO ROW IN TRIANGULAR

(United Press Leased Wire.)

Seattle, May 7.—According to a telegram which has been received by Victor Zednick, graduate manager at the University of Washington, from Manager Merritt of the University of California, the Berkeley institution positively refused to consider the question of entering the proposed Pacific Coast Rowing association.

If the University of Washington insists on holding the regatta May 29, under the auspices of the proposed association, the California crew will not participate in the triangular race between California, Washington and Stanford.

Manager Zednick will submit the question to the board of control at once for a ruling.

Exhibition of New "Train de Luxe" Tomorrow.

Another of the magnificent trains in the Soo-Spokane-Portland through service will be on exhibition on Fourth street north of Oak between 1:15 and 3 o'clock tomorrow (Saturday) afternoon. This one is of Canadian Pacific design throughout and though differing in details and coloring from the new O. R. & N. trains is also superbly equipped. The public cordially invited.

Special Ladies' Suit Sale.

Worrell's Sample Cloak and Suit store, 225 Morrison street, near First, offers special attractions to all ladies of Portland and vicinity for the next few days. Many rare purchases including several leading drummers' lines have recently been acquired and a veritable bargain carnival is now in force. Women's spring and summer suits, dresses, skirts, waists, etc., are being sold as low as 50 cents on the dollar.

Big Advance Sale.

A crowded house is assured for the White Temple tonight. If a "true picture is true art" then Sylvia W. McGuire is an artist of highest rank. Her delineation of the oldtime negro character is true to nature and well nigh perfect. Hear her at the White Temple tonight.

MOTOR CARS TO RUN ON O. R. & N. TRACKS THROUGH THE VALLEY

(Special Dispatch to The Journal.)

Walla Walla, Wash., May 7.—Semi-official announcement has been made that gasoline motor cars will be put in operation on the O. R. & N. tracks between this city and Dayton and between here and Milton. The move is made by the Harriman line to combat the many proposed electric lines that have been announced for the Walla Walla valley.

It is also a move to recover a part of the business lost by the O. R. & N. to the Walla Walla Valley Traction company, which operates a line between here and Milton. The interurban, with its hourly service and Hill freight connections, has worked a hardship on the steam line and it is thought that a part of this traffic, at least, can be regained with the gasoline motor cars.

PERSONALS

N. E. Clarke, manager of the Cornelius hotel, has returned from The Dalles, where he has been inspecting the new hotel, management of which he will assume about October 1. "I am delighted with the way the work is proceeding, and especially with the location and appearance of the building," said Mr. Clarke today. "The hotel will have 120 feet frontage, and with its three stories and basement will make an imposing appearance. It has already been raised to the second story, and work is proceeding rapidly."

Dr. E. B. McDaniels of Baker City is a guest at the Hotel Oregon.

United States Deputy Marshal Becker, who has been seriously ill for the past two weeks, has resumed his duties at the federal building.

BICYCLE COLLISION RESULTS FATALLY

Stanford University, Cal., May 7.—Dean W. Park, an engineer of Palo Alto, is dead, and L. E. Gruell, a junior student at Stanford university is seriously injured as a result of a bicycle collision on the campus boulevard. The men were approaching from opposite directions in the dusk last night when they collided. Neither was going at a high rate of speed. Both riders were thrown violently to the ground and their bicycles demolished. Park sustained a fracture of the skull which resulted in his death and Gruell received injuries from which he was unconscious for three hours.

Park leaves a widow and two children.

TEAM AND DRIVER STRUCK BY FAST TRAIN AND KILLED

(Special Dispatch to The Journal.)

Baker City, Or., May 7.—Lee Wallace, a Baker City drayman, about 35 years old, was struck by passenger train No. 1 this morning and both horses were instantly killed. Wallace was removed to the hospital and died shortly afterward. He leaves a wife and two children.

STOMACH CENTER OF HUMAN LIFE---ALL ELSE SECONDARY

The success which has followed L. T. Cooper during the past year with his new preparation, Cooper's New Discovery, is unparalleled. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fevers can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success.

"To sum the matter up—a sound digestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

The following unsolicited endorsement comes from J. L. Turk, living at 915 Locust street, Vincennes, Ind. Mr. Turk is well known throughout the Ohio and Mississippi valleys. He is now sixty-eight years of age, and claims his general health is better than for some time past.

"For several years," says Mr. Turk, "I have suffered from stomach trouble. I was in a badly weakened and run-down condition. After eating I would bloat, and be in pain and distress for several hours. An all-gone feeling would come over me, and I had no energy nor ambition whatever. This condition continued for a long time, although I took treatment from several good physicians, and tried a number of patent remedies, without relief.

"On reading of Mr. Cooper's theory I became convinced that he was right, and procured several bottles of his New Discovery preparation, in order to test his claims. It afforded prompt relief, and when I had taken three bottles, my trouble had disappeared and I was feeling like a different man. To make my restoration sure I took two more bottles of the New Discovery. It has now been several months since I stopped taking the Cooper medicine, and I have experienced no pain or distress in that time although I eat anything I wish.

"The medicine also relieved me of chronic constipation and piles, the latter having bothered me for many years. Cooper's New Discovery is a wonderful preparation and I recommend it to any one suffering from stomach trouble."

Cooper's New Discovery is sold by all druggists everywhere. A sample bottle sent free upon request by addressing The Cooper Medicine Company, Dayton, Ohio.

JOURNAL LINERS COST LITTLE, ACCOMPLISH MUCH

Charge Accounts—We Have None

The store that does a credit business MUST sustain losses. You — the customer—pay for them indirectly.

IT PAYS TO PAY CASH

Tomorrow---Saturday---a Day of Intense Interest to Every Woman in This Vicinity

Every Value Quoted in Our Ad's a Real One

Every statement a true one. The big responses we receive to our announcements prove truly that The PEOPLE do KNOW

BANNON & CO.
