

MUCH INTEREST -SCHOOL LIFE

Washington High Wins at Ball and Hopes for the Pennant.

By Edward C. Garcia.

Was there ever such a ball game! And Washington won! The splendid condition of the team at Friday's game clinched Washington's hopes for the coveted pennant, and at the same time further encouraged us to treat defeat as an impossibility.

The P. A. fellows are a strong aggregation, showing up much better than either Columbia or our afflicted friend across the river, Lincoln. But the remarkable pitching of Houck and his steady, reliable support, triumphed again, and now at last Washington high is to be a winner.

Tuesday morning a committee from the East Side Booster clubs laid forth to the boys of the school the proposition of marching in the big east side parade and singing the famous Portland booster songs. The boys adopted the idea willingly, and if the same spirit is shown at the arrival of the "Week Beautiful," the Washington high school will be well advertised.

The Phrenos gave a short but interesting program Friday. Ruthoriel Long entertained the members with a humorous recitation, which roused much merriment. Very rarely, it seems, can the Phrenos' musical members be persuaded to exhibit their talent. So when Royala Loomis and Litan Downing sang a duet, with mandolin accompaniment, the number was relished as an unusual treat. Carin Degermark contributed a humorous reading, a selection from "That Pup of Murchinson's." Anyone familiar with the style of the author of "Pigs in Pigs," can imagine the many laughs that punctuated the story. The debate, an impromptu was on the subject of hazing, and the judges upheld Grace Goodwin's argument that it should be abolished by law. Emma Christman, as critic, commented on the program.

MAKES HIT IN DRUMMERS' PLAY

Miss Sherma Dana.

One of the features in "Toodles in Holland," given by the "Knights of the Grip" Friday and Saturday nights at the Hellig, has been the work of Miss Sherma Dana, who took the part of

Commercial Clubs Indorse Government Aid for Project

(Special Dispatch to The Journal.)

Ontario, Or., May 15.—At a meeting of representatives of the commercial clubs of Weiser and Payette, Idaho, and Vale and Ontario, Or., held at Ontario, Or., Thursday, May 13, the following resolutions were passed:

Whereas, Approximately 145,000 acres of fertile land in this district, tributary to the towns of Weiser and Payette, Idaho, and Ontario and Vale, Or., is now largely without proper means of irrigation; and

Whereas, There are several million dollars of Oregon money in the national reclamation fund which should be used in government irrigation work within the confines of the state of Oregon; and

Whereas, Ninety-two per cent of the land owners lying under the proposed Malheur government irrigation project have signed petitions for government irrigation; and

Whereas, Certain private interests have held fillings upon water in the Owyhee river for over seven years past, without taking any active steps looking to the reclamation of the land, and said interests are now actively opposing the consummation of what is known as the Malheur irrigation project at the hands of the federal government; and

Whereas, The people of the district to be served have no assurance and interests will be any more active in act-

SPOKANE RATE DECISION POSTPONED UNTIL JULY 1

(United Press Leased Wire.)

Washington, May 15.—It was decided this afternoon to postpone from June 1 to July 1 the date on which the ruling of the interstate commerce commission in the Spokane rate case will become effective.

The railroads will accept the commission's ruling and will make a reduction of 16.2-3 per cent in class rates from the east to Spokane.

The new commodity rates fixed by the roads from tide-water to Spokane are to be below the present rates, but the reduction will not be as marked as in the case of the rates from the east.

The commission declined to express an opinion as to the reasonableness of the reductions and will not decide that point until after the hearing on June 9.

DRUGGISTS DEMAND HEAVY DAMAGES

Viewers appointed to fix the damages and benefits to property by reason of the opening of Alder street from Chapman street to the city council, call attention to a peculiar claim made by the drug firm of McCormon Bros.

The druggists ask for \$12,422.50 damages because of the fact that the property which they are located on is to be condemned for street purposes. They state that they cannot procure another site elsewhere as good as the one they now occupy. They have a five year lease on the building and 18 months of this year remain. The McCormons want the city to pay for this lease, \$2000 the estimated loss of net profits, and \$2500 for loss which they claim they will sustain by having to sell out the stock. Other claims made make the total demanded \$12,422.50.

Notice to the Public.

The store of McAllen & McDonnell will be closed Tuesday, May 18, to enable the sales managers to rearrange and remark the entire stock for the great reduction sale beginning Wednesday, May 19, 7 a. m., announcement of which is made on page 4 of this paper.

SUMMER HOMES

EXTEND RAILROAD TO COOS BAY

J. A. Davis, Eastern Capitalist, Takes Over Oregon & Southeastern.

(Special Dispatch to The Journal.)

Eugene, Or., May 15.—The Oregon & Southeastern railway, which extends from Cottage Grove to the Bohemia mines, and which there is talk of extending westward to Coos Bay, has been purchased by J. A. Davis, vice president of the Pullman Car company, who was at Cottage Grove, with a number of other eastern capitalists, this week. Mr. Davis has also purchased a large tract of timber land west of Cottage Grove and proposes to extend his newly acquired railroad from Cottage Grove westward 20 miles, tapping the timber tract.

While not yet officially announced, it is believed to be the intention of Mr. Davis and men associated with him to eventually extend the line to Coos Bay. Besides Mr. Davis, the following named capitalists were in Cottage Grove this week and all are said to be interested in the railroad: W. A. Mitchell, of Minneapolis & St. Paul railroad, accompanied by his wife, R. S. Mitchell and wife, J. F. Cosgrove and Sten Lund. Mr. Lund is chief engineer of the Chicago Contracting company, one of the largest concerns of its kind in the United States. It is understood that a preliminary contract for the construction of the proposed 20 miles of road has already been signed between Mr. Davis and Mr. Lund, who has also contracted to build another road for Mr. Davis out of Brownsville, Or., into a tract of timber which the Pullman man owns in that locality.

LINEMAN SPITTED ON IRON FENCE, FALLS 50 FEET

(United Press Leased Wire.)

San Francisco, May 15.—Walter Collett, a telephone lineman, fell fifty feet from a pole at Calaveras and Octavia streets this afternoon and was spitted on an iron fence picket. The shear-shaped picket passed entirely through his chest and stood out several inches at his back. He was removed with great difficulty by fellow workmen, and it is not believed that he can recover.

HUME'S HEIRS TURN BUILDERS

Proceeds of Estate Now Being Invested in San Francisco Realty.

(United Press Leased Wire.)

San Francisco, May 15.—The announcement is made that the Hume company, which recently sold for \$2,000,000 its vast holding in Oregon and Washington, intends to invest heavily in San Francisco real estate. The company is handling the estate of late J. Hume, the San Francisco millionaire, who made his fortune in the cannery business on the coast of Oregon.

The initial investment of the company here was the purchase of property Fifth and Harrison streets, where 140 buildings will be erected, at a cost of \$2,000,000. A number of similar deals are pending.

DISCONTENTED WIFE GETS \$5 IN WILL

(United Press Leased Wire.)

Oakland, Cal., May 15.—Cutting off his wife, who frequently sued him for divorce, with a bequest of \$5, the late Henry W. Deming, whose will is on file here, left most of his \$50,000 estate to his sisters and a niece.

Mrs. Emily Deming, the widow, during the life of her husband, filed a number of suits for divorce. The cases were never brought to trial, in each instance the woman dismissing the case before it was to come up in court.

Most of Deming's estate consists of real estate in Berkeley. Eunice F. Howard of Eugene, Or., and A. Densmore are sisters who benefit under the provisions of the will. Florence Holmquist of Redwood City is the niece.

PRIEST ORDAINED AT THE DALLES

(Special Dispatch to The Journal.)

The Dalles, Or., May 15.—The first ordination services ever celebrated in the Episcopal Missionary district of eastern Oregon were celebrated at St. Paul's Episcopal church, in this city, at 8:30 yesterday morning, when Bertrand A. Warren, recently of New York, was ordained as an Episcopal priest. The ordination services were conducted by Bishop Robert L. Paddock, assisted by Rev. H. C. Collins, rector at Hood River; Rev. James Henderson of Baker City; and Deaconess Alice Knight. The ordination sermon was preached by Rev. Dr. Collins and the hymn, "Come, Holy Spirit," was sung by Mrs. Carlton Williams of this city. Special musical services were rendered by the choir, and the ceremonies were impressive throughout.
