

G. M. PEIRCE IS BUZZ SAW EDITOR

High School Boy Issued Brisk Little Anti-Frat Paper as Protest to Treatment Accorded His Chum, Scott Young.

Clarend M. Peirce, 508 Water street, in the editor of the "Buzz Saw," the anti-frat publication which has been appearing at irregular intervals to denounce the fraternities of the Lincoln high school and those members of the faculty, who are in sympathy with the secret societies of the institution. In spite of every effort on the part of the fraternities and the teachers to discover the mysterious author of the flamboyant little paper with its sycophantic philippic against the "snobs of high school life," and its bold arraignment of the entire fraternal system they have not been able to do so.

Not the slightest suspicion has ever been attached to young Peirce, who is a member of the senior class, and will graduate next June. He is a quiet, unassuming young fellow, has never had any connection with the fraternities, and is the last person one would expect to find as the editor of such a cleverly worded sheet as the "Buzz Saw."

Reason for the Buzz Saw. Various theories have been advanced by the students and faculty of the school as to the author of the little paper. Peirce was neither jealous of any fraternity nor disappointed applicant for any of Lincoln's athletic teams. This reason was that Scott Young, his chum, and one of the five boys who edited the paper, was, as he thought, unwarrantably forced off the football squad in the fall of 1907.

"I wasn't that I ever had any wish to join a fraternity or that any of my friends had ever been disappointed in any such desire but it was simply that I hated to see any boy, whether my chum or not, kept off the team when he had been making the showing that Scott had," said Peirce in talking of the incident to a Journal reporter this afternoon.

Professor Henderson, then the coach of the football team, recommended that Scott be placed on the first team, but owing to the work of "Buck" Hughes, now a student at Hill Military academy, but who was then a substitute on the high school team, Scott never got a chance. Everybody on the squad knew that Scott was a good player but honey-combed as it was with fraternities men he was not given an opportunity.

"I was the editor of the paper and it was on my press that it was printed, Scott and three others helped me. Justice to the other fellows I will not tell their names until they tell me that I can. We are crackerjack issue of 12 pages on the press now in which some of the questionable methods employed by Coach Bittner and Captain Cooper of the baseball team were to have been aired. We may put it out yet, however."

Young kept on bench. Young was a member of the football squad in 1907 when "Buck" Hastings, now a student at O. A. C., was captain. Professor M. F. Henderson was the coach. Practically every member of the team was a member of a fraternity unless it might have been the possible exception of Lawrence, one of the guards. The team was crackerjack and had but little trouble winning the championship.

Young sat on the bench most of the season, but although several times injuries kept one of the ends out of the game he was not put in. Hughes a fraternity man was called upon several times but he is said not to have shown remarkable form. Hughes was taken on a trip to Baker city as a substitute here. This is probably what aroused the indignation of Peirce and his associates.

BRIDGE PETITION GOES ON RAGOT

Market Street Matter Is Settled by Judge Bronaugh—Wiring Ordinance Also.

The Market street bridge petition will go on the ballot for the action of the voters on May 21, as decided by Judge Bronaugh, in deciding the question yesterday afternoon, stated that in his opinion the bonds voted for the construction of the Madison street bridge, could not be transferred to the proposed bridge at Market street. Judge Bronaugh by his decision put both the Market street bridge and the wiring ordinance measures on the ballot of the voters. He did not have jurisdiction to pass upon the question of the legality of the transfer of the bonds from the one bridge, already provided for, to the new structure at this time. He stated, however, that he believed the bonds could not be transferred from one structure to the other, having been voted upon for a certain thing, namely the construction of the Madison street bridge. The time to decide that question, the court held, would be after the question had been submitted to the people and favored by them. If this should happen to be the case, then it would be possible for the transfer of the bonds to be made and thus brought before the court for its consideration.

Judge Bronaugh sustained the demurrer of the city attorney and denied the injunction asked for stopping the vote upon the market street bridge petition. The court held that it must be shown that the voting on the question would work irreparable injury and that it was not within the power of the city to pass upon either the bridge or the wiring petitions, and that such action would not be in the public interest. Judge Bronaugh, the plaintiff in the bridge matter of the Postal Telegraph company, the plaintiff in the wiring case.

PETITIONS MUST BE FILED TODAY

(By Journal Leased Salem Wire.)
Salem, May 21.—All referendum petitions must be filed before midnight tonight. Up to this time only one petition has been filed, that of the people of the city of Salem, protesting against the raise of the salary of the circuit judge for the eighth judicial district, which is comprised of Baker county, from \$3000 to \$4000. The Citizens petition demanding that the matter of an additional judge for Multnomah county be referred to the people of the state was presented, but was not accepted or filed.

SAYS HE SHIPPED CYCLE TO PORTLAND

Accused of the theft of a motorcycle belonging to Harry E. Wood, proprietor of the Pavilion market, Steve E. Miller was arrested in Seattle today by the chief of police on information furnished by Constable Lou Wagner. It is alleged by Wood that he loaned the motorcycle, which he values at \$125, to Miller April 10, and that instead of returning it, Miller decamped to Seattle. A complaint was filed in Justice Olsen's court a week ago and Miller was arrested today, charged with larceny by baillee. Miller tells the Seattle chief of police that he has already returned the motorcycle to Wood, saying he expressed it to him last Wednesday. It has not reached here yet.

MACDONALD WILL GO INTO BATTLE AGAIN

R. F. MacDonald, defeated candidate for the Republican nomination from the Tenth ward, filed with the city auditor this morning a petition for the election as councilman on an independent ticket.

A Dainty Kitchen Sink

The kitchen sink can be kept as clean and dainty as a tea cup—and why should it not? A soap-and-span housewife insists that her sink shall be as clean as the china washed in it. The problem is simple: merely rinse the sink thoroughly with warm water and Gold Dust, after each dish-washing. Make this a habit in the dish-pan, and thus remove the last particle of grease from that much-used utensil. Gold Dust has the peculiar quality of dissolving and "cutting" grease. It is, therefore, valuable, not only for keeping the sink and pans sweet and clean, but for keeping the sink "trap" and pipes clear.

These will never become clogged with grease if Gold Dust and plenty of hot water be used for washing the sink each morning and evening.

TO BE DECIDED BY CONCILIUM

Health and Police Committee Returns Skating Rink Petition.

The voice of the people is sometimes heard by city councilmen. It was distinctly audible to three of these officials this morning when a delegation of Tabor Heights residents appeared before the health and police committee and protested against the granting of a permit for the erection of a skating rink at the intersection of Belmont and East Sixty-ninth streets. So penetrating was the sound of the voice that Councilman John Annand and all three looked at the root of some around the council chamber where sat some 30 men and women who were each and every one taking a keen interest in the proceedings of the committee and waiting to hear its recommendation. The three councilmen then glanced at Captain Hosford and his attorney who are about the only people in the Mount Tabor district in favor of building the skating rink. The captain owns the property and the attorney receives a fee for representing the owner.

Chairman Concannon caught the gaze of Councilman Annand and a mute question came from Concannon's eyes. Annand nodded. Concannon rose. "Ladies and gentlemen," he said, "we have decided to send the ordinance granting this permit back to the council without recommendation. You can fight it out before the council next Wednesday. I will say, however, for myself, I am opposed to the rink being built."

A number of people addressed the committee and appealed to the councilmen not to permit the establishment of the skating rink in their neighborhood. They stated that such a building would attract an undesirable element to Mount Tabor and that women would be annoyed by the hoodlums that would congregate about the rink. Elmer Colewell, president of the Oregon Congress of Mothers, declared that such an institution would demoralize the community and exert a depressing influence on the young girls who could not be kept from visiting it.

ADDRESS DEALS WITH CITY'S SOCIAL EVILS

Interesting addresses dealing with the social evil in Portland and the conditions of rescue and protective work were made yesterday at the mass meeting at Grace Methodist church. The meeting was called by the Pacific Coast Rescue and Protective association, represented in this city by the Portland commons for men and the Louise home for women. Mrs. Kola G. Baldwin, superintendent of protective work for women, spoke in praise of the Louise home, of its methods and the satisfaction which it has given to the community by her department had been handled and of the great benefit to the city in having such an institution.

PROBE SUDDENLY STOPPED AT OLYMPIA

Olympia, Wash., May 21.—The legislative investigating committee suddenly quit work this morning and left for Seattle. It has not finished with Auditor Clausen's office and, according to the program, there are still considerable amounts of work to be done. It is whispered about the capitol that the committee has crossed the trail of something serious and that it will be followed by a less noisy proceeding than an open investigation hearing. One of the members of the committee said this morning that it would probably be two weeks before the committee re-assembled.

PORTLAND WILL BE GREAT CITY

Michigan Merchant Voices Opinion After Close Investigation.

"You have a great city here, and you are going to have a much greater one," said D. K. Moses, a wealthy merchant of Sault Ste. Marie, Mich., who has been at the Portland hotel for the past 19 days. "I passed through Portland last summer," continued Mr. Moses, "and was impressed with Portland that I determined to return and make a close investigation of the business conditions here. Portland easily has the lead in the Pacific northwest from a business standpoint. In my opinion nothing can prevent Portland from becoming one of the great commercial centers of the country."

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use.
