WAVERLY CLUB IS AFTER \$1000 CUP

Eight of the best golf players of the golf club will take part in the tournament for the Tom Morris memorial trophy, which will be played all over the country June 15, the date of the birth of the "Grand Old Man of Golf."

Each club team will play over its own course each year on June 15, Tom Morris' birthday. When the date of June 15 of any year falls on Sunday, the competition shall take place on Saturday, June 14.

On the day of the competition, before starting, no competitor shall play on, or on to, any cutting greens, and shall intentionally play at any hole of the stipulated round which is within his reach, under penalty of disqualification. A player must play from scratch; and the competition must be finished on the day of the event, under penalty of disqualification. No postponement will be allowed for any cause whatsoever.

A competition against par is played in the same manner as one against a bogey, except that the score representing the par of a given length is fixed solely by the number of holes and thus the par of holes of the same length is the same and uniform, and, unlike the bogey, does not vary because of other conditions. For instance, a hole 285 yards in length may have its bogey as 4 at one club and 5 at another. The par for a hole 285 yards in length is absolutely fixed at 4, no matter what the topography of the ground may be or the judgment of the club's green committee.

The official distances of the association by which the par of a hole is computed are as follows: From 200 to 250 yards....Par is 3 From 250 to 325 yards....Par is 3 1/2 From 325 to 375 yards....Par is 4 From 375 to 425 yards....Par is 4 1/2 From 425 to 510 yards....Par is 5 From 510 to 600 yards....Par is 5 1/2 From 600 to 650 yards....Par is 6

The club which is awarded the custody of the trophy for one year, and secretary of the winning team will be given an appropriate medal. The trophy will become the permanent property of the club, whose team has been five times the winner of the competition, not necessarily, however, in succession. There is no entrance fee for this competition.

ST. JOHNS TAKES LEAD IN TRI-CITY LEAGUE

St. Johns went into the lead in the Tri-City league race yesterday when Brewer, in his first contest for Albina, winning the first contest, 2 to 1, and the second, a five inning affair, 7 to 2. A poor crowd was in attendance, despite the beautiful day.

ST. JOHNS TAKES LEAD IN TRI-CITY LEAGUE (Continued) The people of St. Johns who didn't attend the games missed some great baseball in their first contest for Albina, winning the first contest, 2 to 1, and the second, a five inning affair, 7 to 2. A poor crowd was in attendance, despite the beautiful day.

ST. JOHNS TAKES LEAD IN TRI-CITY LEAGUE (Continued) The second game was made easy for St. Johns owing to ineffective work by Pitcher Taylor. McConnell relieved him too late to save the game. The scores: First game—R. H. E. Albina 1, St. Johns 2. Batteries—McConnell and Brock; O'Brien and Pembroke.

ST. JOHNS TAKES LEAD IN TRI-CITY LEAGUE (Continued) Second game—R. H. E. Albina 2, St. Johns 2. Batteries—McConnell, Taylor and Brock; Jasman and Pembroke. Umpire—Rankin.

ST. JOHNS TAKES LEAD IN TRI-CITY LEAGUE (Continued) Tom Murray ran bases yesterday like a hippopotamus. Instead of sliding into second and being safe after his single in the eighth inning, he strode in like a British soldier on parade. Had he slid he could have won the game on Casey's single.

BONE PLAYS LOSE GAME FOR COLTS

Frary Off Color on Decisions—Pitchers Put Up Excellent Game.

Dome work that would put a Cordillera but to shame lost yesterday's 11-inning matinee to Aberdeen, 3 to 1, although it must be admitted that Umpire Ralph Frary was laboring under acute optical delusions. When Frary was not handing the game to the Colts on a silver platter, the Colts were dominating it on errors and dull wits.

Both Seaton and Siever pitched good ball, each allowing eight hits. However, Frary was more effective until the 11th, when three tantalizing little popups fell out of reach of the men behind him and filled the bags. Two of them scored when La Jeune snatched the ball at Cooney's feet.

Portland put one around in the first inning, when Bassey's fluke three bagger and La Jeune's overkrow to Murray allowed the little count to romp all the way around with a full head of steam. There was no more scoring until the eighth, when Aberdeen evaded up matters. Cooney fozzled Herbert's grounder, and the latter reached first. Here Frary's range of vision was obstructed by a passing mosquito, and he called Herbert safe again, after Casey sneaked in behind and tagged him with Murray's snappy throw. To anyone who had lumbered eight hours the night before, Herbert was caught by 13.07 inches.

O'Brien was on the job with the necessary sacrifice. Then, after Siever had been retired, Carr biffed one to Garry center field. Garry routed the ball home at lightning speed with quite a crook in it, and Seaton, evidently thinking it was going wild, butted into arrangements. He not only messed up a nice catch for Murray, but allowed Herbert to cross the registering tablet.

Table with columns: AB, R, H, PO, A, E. Rows for players like Carr, Campbell, Swaim, etc.

Portland might have won in the eighth if Murray—but what's the use? Score: Aberdeen 3, Portland 1.

Dishes have to be washed 1095 times a year—Why not let the Gold Dust Twins do the work?

It stands to reason that if you save a little labor each time you wash your dishes, it will amount to a great deal of relief at the end of the year. Gold Dust softens hard water, cuts dirt and grease from the dishes and with its use the dishes require little else than rinsing and wiping. Washing dishes in the old way meant drudgery—with Gold Dust it is merely child's play.

Gold Dust makes dish water that digs. It goes deep after every hidden particle of dirt and germ life and sterilizes as well as cleans.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.
