A Home Cure Will Be Given FREE by One Who Had It

I have given it to a number who were terribly afflicted and even bed ridden with Rheumatism, and it effected a cure in every case.

CURES

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S. S. S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S. S. S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S. S. S. has thoroughly purified the circulation no trace of the disease is left. S. S. S., a purely vegetable remedy, cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. She said her husband lived for himself, leaving her to keep boarders while he spent his time with other women. Once when he refused to take her for a walk she insisted on going with him, and he led her down some dark streets, finally knocking her into the gutter and running away.

# LASTING CURES FOR WEAK MEN

Never was the old saying, "He who hesttates is lost" more aptly illustrated than in the case of the man who suffers from WEAK-WESS, VARICOSE VEINS, a CONTRACTED DISORDER OF CONTAGIOUS BLOOD DIS-EASE, and who neglects to have his allment treated. I do not scatter my faculties, as does the ordinary physician, but I concentrate them on diseases and weaknesses peculiar to the nale. Recently I have treated scores of stubborn cases for some of the best men of Port-land and vicinity, and not a failure nor an unpleasant result has been reported. What I have done for others I can do for you.

The Leading Specialist.

"Weakness"

My cures of this disorder are bermanent and lasting. No tonics that stimulate temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation, or con-gestion of the prostate gland, and under my own original local treatment the gland is promptly reduced to its normal state and complete func-tional activity is the lasting result.

VARICOSE VEINS, CONTRACTED DISORDERS, PILES and SPE-CIFIC BLOOD POISON I TREAT and NEVER FAIL TO EFFECT A CURE.
